Joseph Walker of Markdale is suing the C.P.R. for damages, resulting from the accident on July 12th, 1908, by which he lost a leg. Walker claims that the train started at Dundalk station without sufficient warning and he was thrown under the cars. The case is being heard at Orangeville this week.

The unseasonably warm weather recently dished out to us has caused a second growth in many lines of fruit and flowers. This week Mr. T. Blakeley handed us a bunch of blackberries picked from his garden and The Advance man has been picking roses from his outdoor bushes. If any of our readers have any more phenomenons let us know about them.

Reeve Boyd is in Toronto this week attending before the Railway Commission re railway crossings on the Walkerton line, of which complaints have been laid before the commission. There are eight crossings within the limits of Artemesia township and all are included in the "kick," although one on the Durham Road and another just east of Priceville are considered to be the most dangerous.

Miss Chidley and Miss Thurston represented the Flesherton public school at the Teachers' convention held in Durham on Thursday and Friday of last week, and report a very interesting and profitable convention. Miss McGregor of the Ceylon school, gave a paper on "A teacher's holiday," which was very highly commended. Mr. Marcellus was unable to go over owing to the visit of Inspector Cowley.

Mr. Atkinson of the Collingwood gravel road advertised a stray pig. Three days after the advertisement appeared the animal was recovered on the O. D. R, nine miles from home. F. G. Karstedt also found a stray cow last week through our advertising columns. Just to show how The Advance covers the country like a fine tooth comb, we might mention that a cuff button advertised as being lost on the Durham road a couple of weeks ago was returned to the owner by Mr. W. Reid of this village.

Villagers have complained to The Advance on several occasions of the want of lighting through the cemetery swamp. Surely the village is not so poverty stricken that it cannot stand one more light in that locality. This place certainly requires it, as some nights it is almost impossible for human vision to locate the sidewalk. It is absolutely dangerous, in fact, and may yet be responsible for some accident or tragedy, if the request is not heeded. If our police trustees were required to traverse this strip regularly it would have been lighted long ago.

R. H. Cowley, inspector of continuation and rural high schools, inspected the school here on Thursday last and was very favourably impressed with the progress made and expressed his pleasure at the effort made in establishing the school here. He congratulated the board on securing the services of Mr. Marcellus, whom he considers a most competent teacher. Mr. Cowley also gave some pointers and advice that will probably tend to greater efficiency in the school. The trustees are wide awake to the needs for a school of this kind here and hope to develop it into an institution of great value to the district.

The Priceville branch met at the home of Mrs. Geo. Patterson, Stone's Settlement, on Friday, Oct. 8th. The drive out was much enjoyed, as it was an ideal day. The meeting closed by singing "Blest be the Tie That Binds" Pres, Mrs. W. T. Ellis; Vice Pres., Mrs. Geo. Proctor; Sec.-Treas., Kinross Boyle.

A Farewell Social

A very enjoyable social party was held at the home of Mrs. Foster Heron on Thursday evening, Sept. 9. A goodly number of esteemed friends and neighbors gathered together to say goodbye to Miss Etta Heron, who was leaving home to attend the high school at Regina. For two years Miss Heron has very ably officiated as organist of the Methodist church and Sunday school at Key West, Sask., and it was thought by all the friends that the opportunity could not pass of recognizing in a appreciative manner the excellent services that had been so voluntarily rendered. An interesting program of solos and duets was given, interspersed with games. During the evening an address was presented to Miss Heron, and is copied below:

In the ordinary course of events we are gathered and are called upon to say a passing good-bye. But we cannot allow this opportunity to pass without expressing our deep regret at your departure from our midst, and our profound appreciation of the services you have so splendidly rendered as organist for the church and Sunday school. We wish to assure you that you have completely won our lasting gratitude and esteem by your willingness always to serve at your post for the success and interest of the services and happiness of all those who attended. We therefore acknowledge with much gratitude your timely services rendered so voluntarily, by gathering together to present you with this address and clock. As we say goodbye for the present, we also take the opportunity of wishing you much happiness in your new sphere of life and every success in your studies.

Beneath whatever sky you dwell,
Tho' distant climes possess you,
This prayer the midnight breeze shall swell
May Heaven keep and bless you!

Signed on behalf of the church and Sunday school,—Benj. Grainger, Steward; C. Bacon, Supt.; T. Evan Gamble, Pastor.

Mrs. Brawley, wife of the C. P. R. station agent at Fraxa Junction, left her purse in the seat when leaving the train at the Junction Saturday. Inquiry seemed to show that it had been taken off the train at Shelburne by a young woman visitor to town. Mrs. Brawley came up Monday and had a search warrant issued. The purse was located and some of the contents found to have been spent. Mrs. Brawley was ready to drop proceedings when she obtained possession of her property, but the case having once been placed in the hands of the law wil have to go on to the magistrate's court. —Shelburne Economist.
