Geo. W. ROSS, Maxwell P. O.

Coughs of Children

Especially night coughs. Nature needs a little help to quiet the irritation, control the inflammation, check the progress of the disease. Our advice is—give the children Ayer's Cherry Pectoral. Ask your doctor if this is his advice also. He knows best. Do as he says.

Ayer's
We publish our formulas
We banish alcohol from our medicines
We urge you to consult your doctor

If you think constipation is of trifling consequence, just ask your doctor. He will disabuse you of that notion in short order. "Correct it, at once!" he will say. Then ask him about Ayer's Pills. A mild liver pill, all vegetable.
—Made by the J. C. Ayer Co., Lowell, Mass.—

A Glance Around Us

Interesting Items Culled From Various Sources

Durham has four automobiles. So far there have been no fatalities.

Mayor Oliver of Toronto will not be a candidate for the mayoralty for the coming year. He says it costs too much to be mayor.

Information has been laid against Alfred Shrubb, the noted English runner, charging him with hunting game in Alberta without a license. Even the great must bow to the law!

To mark its 31st year of publication, the Wiarton Echo last week changed from a seven column patent inside to a six column all home print. The Echo looked very well in its new form, and we trust the change will prove proficable to its publisher, Brer. Logan. Long may the Echo reverberate.

At Woodbridge fair, in the farmer's trot a 17-year-old mare which had plowed the day before and owned by Sam Moore of Malton, and hitched to an old-fashioned cart, won the race against all the fancy bred pacers and rubber tired outfits on the ground.

Petitioners from Cobalt to the Provincial Government pray for mercy in the shape of licenses to sell beer and light wines because of the bad water which is decimating the population through typhoid fever. Will not a hard-hearted department relent? Or must the natives boil the water?

Mr. John Warnock of East Garafraxa at Orangeville horse fair sold a pair of 4-year-old Mackie colts for $450. The purchaser turned them over at $470, before he had them stabled. This is a sidelight on successful farming, and shows that quality counts.—Grand Valley Star.

According to a report prepared by Magistrate Atkinson $18,887 has been collected in fines in the Cobalt Provincial Court in the year ending Sept. 1, 1909. This does not include blind pig raids or the total for the district would be easily $30,000. Three hundred and ninety-four cases have been fined, 57 cases dismissed and 22 persons sent down.

The sheriffs of the province have received notification from the Attorney-General's department that the payment for grand and petit juries at the Fall Assizes will be $2.50 a day and 13 cents a mile. The per diem allowance was increased one year ago from $2.00, but the new mileage rate, an increase from 10 cents, goes into effect for the first time.

Newspapers are still preaching loyalty to their home towns, but there isn't much encouragement to do so when it is generally believed and in some cases positively known that the merchants and faimilies they try to protect are buying from the very stores the newspapers are fighting against. Even commercial stationery is bought out of town, and in some instances to the detriment of the publisher who spends his energies in preaching loyalty to home.—Durham Chronicle.

For years past all the sweet potatoes used in Canada have been imported from the sunny, southern States, so no doubt the knowledge that they can be grown in Kent county is astounding. James Livingston, living in Harwich township, has grown what are probably the first sweet potatoes ever raised in Canada. Instead of being the usual brownish-yellow hue, it is pink, and weighs 4¾ pounds. It is doubtful, however, if the industry will ever be noted for its magnitude.

When the new hall of Huron township Bruce county was opened the other day, some rather startling figures were made public. In 1851 the assessment of the township was about $4,000. In 1854 it was $16,248. In 1908 it was $2,591,000. The population in 1860 was 114. Its highest population was reached in 1881, when it was 5,175 souls. To-day, for 1908, the return shows a population of 2,903. The difference in the population for 1881 and last year tells what the township has done for the west.

A curious discovery was made one day recently by Messrs. Fillie and McQuarrie, two men engaged by Mrs. Wilson of Monklands, Fergus, to cut down some Lombardy poplars on her grounds. On splitting one of them a boy's handsleigh was discovered in good condition with iron runners complete, embedded in the wood. How it got there is only conjectured, but it is supposed to have been put into the fork of the tree when it was small and forgotten by one of the children a great number of years ago. The wood had grown completely around it and no indication of it was seen till the trunk was split.—Ex.

Mrs. Addison Ladd of Mono Centre has a goose that laid 12 eggs last spring and brought out a hatching of 11 goslings. Five weeks after the advent of her brood the industrious mother started laying again and kept right along as if she was doing nothing unusual, until she had produced eight eggs. From the second setting she brought forth a hatching of 7 goslings. This is surely a record.—Banner.

A local option bylaw will be submitted in Glenelg.

Five sheep were worried by dogs in Amaranth township.

An effort is being made to induce the C.P.R to build a station in "The Glen," between Priceville and Durham. The Glenelg township council has conditionally agreed to build a highway to the station from the gravel road.

The superiority of the Canadian over the American mail route was demonstrated when a letter posted in London on the 8th, coming by the Canadian route was delivered in Montreal seven days later, while one coming via the American route took eleven days for the journey.

Suez caual reports for 1908 show that, exclusive of warships and army transports, only one vessel flying the American flag passed through the canal during the whole year. And that was a vessel of 626 tons—a mere schooner! The other commercial nations contributed 3,726 vessels, with a total tonnage of 11,357,000.

The new plant of the Tudhope Carriage Co., at Orillia, which is to replace the one destroyed by fire late in August, is more than two-thirds built. Work was not started until the first week in September, so it makes one of the quickest structural jobs in the province. The block is three storeys high and will provide twice the capacity of the old plant. The cost will be $120,000.

The King performed a unique ceremony last week when he pressed the button which opened the tuberculosis institute at Montreal. His Majesty pressed an electric button at West Dean Park, Chichester, England, and the current automatically relayed and was conveyed over postoffice wires and beneath the Atlantic on the Commercial Cable Company's cable, gave the signal in Montreal for opening the hospital.

Little Bros. suffered a severe loss on October 9th by the death of their well known Clyde stallion, Sir Gilbert, from inflamation. Sir Gilbert was 9 years old and was valued at considerable more than a thousand dollars. A report that he was insured for two thousand dollars is untrue, as the owners had no insurance on him whatever.—Bolton Enterprise.

A firm, of which R. Gartlan, an American capitalist, is the head, is preparing to drill for gas in Tecumseh, with the expectation of securing a sufficient supply of natural gas to light and heat neighboring towns. Mr. Gartlan wants to secure a franchise for lighting and heating Alliston and has asked the town council to grant him this privilege. The firm of which Mr. Gartlan is the head intends to start boring at once in several parts of the township. Experts have been over the ground and the firm expects to find gas in paying quantities.—Alliston Herald

Friday week was an unlucky day for a number of Clifford people, or a lucky day if you consider that they were not more seriously injured or killed outright. Herb Aziss got his hands caught in a corn-blower, and lost parts of a couple of fingers. Herb Whyte fell from an apple tree and hurt his back so badly that he may be laid up for some weeks. Blacksmith Dietrich had his foot stepped on by a horse that he was shoeing. And Councillor E. H. Hillhouse slipped on the roof of Mr. Cochrane's new barn near Drew and slid down to the edge, where a ladder saved him from a fall of twenty feet.—Mt. Forest Confederate.

The Orangeville Sun says there are already complaints that Principal Wilson, the new man in charge of the public school there, is too harsh in punishing pupils who disobey the rules. Every boss of a school has had to stand up against this sort of thing and it is not surprising that the complaint has again broken out in Orangeville. Many parents seem to imagine that, while all the other boys are bad, their own little angel could do no harm, and they at once condemn the teacher when he spanks the child. In 99 cases out of 100 the child deserved all he got and if parents would back up school teachers instead of finding fault with them they would indeed be doing their children a genuine service.

Some workmen excavating for a new building on St. Catherine street, Montreal, found the ruins of an old French fort, near the corner of St. Catherine and Mountain streets. The fort, or rather outpost, was built of heavy cedar timber. Originally it had a frontage of about 12 feet, a depth of about 10 feet and a height of 10 feet. The flooring was found in good condition. The side walls were somewhat shattered and the greater part of the roof was missing. It is thought that this was the western entrance to the settlement, and that here a party was always stationed to be on the outlook for possible enemies. A number of authorities on the history of old Montreal have been consulted and the consensus of opinion is that this was the most western point of the settlement.

The only nourishment that bread affords is that which the flour contains.

Bread baking is merely putting flour in appetizing form.

Flour making is merely putting wheat in shape for bread making.

Royal Household Flour

is made from carefully selected Manitoba Hard spring wheat. Every pound is almost a pound of food; clean, and nutritious.

It goes farther, does better baking and is more satisfactory in every way than any other flour. Ask your grocer. 12

Ogilvie Flour Mills Co., Limited, Montreal.

Norris Bros., Hardware & Tinsmiths

Now is the time to repair that roof. There are a good many reasons why you should use Paroid Roofing. Call and let us explain—and quote prices.

We have just made 3 dozen each of 10 and 14 quart pails. These are hand-made out of good quality tin, and we sell them just as cheap as the flimsy factory pails—10 qts at 15c each, 14 qts at 20c each.

Our stock of Tinware and Graniteware is most complete. Our prices are Right.

Duck shooting is now in full swing and we are prepared with a complete stock of empty shells, loaded shells, both black and smokeless powder, in all sizes of shot. Also wads, buckshot, powder, primers, etc.

When in need of any kind of shelf or heavy hardware don't fail to examine the quality of our goods, and to get our prices. If it is eave troughs, roof, furnace, bath-room fixtures, pumps or sinks you will do well to get our prices before buying.

Norris Bros. :-: Flesherton

Jas. Pattison, Ceylon, Ont.
General Merchant.

Boots and Shoes

We have just the thing to keep your feet dry in this kind of weather in English Kip, Cordovan and Water Proof; also some long legged boots laced, soft and good.

Rubbers in men's women's and children's heavy and light, at the old price. I secured these before the raise and can give you just what you are looking for in snag proof, puncture proof and Maple Leaf Brands. Those who have worn them know how they last.

Underwear for Everybody

We have some exceptionaly good values in underwear, heavy and light, coarse and fine, unshrinkable, also some feather down in fleeced lined.

Men's and Boys' Overcoats

Men's Fur and Fur lined coats that will stand inspection, also some men's Dress Overcoats, for all ages and sizes. Inspect our Ladie's Fur Coats, Fur Caps, Ruffs, Caperines and Gauntlets, and be convinced that they are the very best, and better value than you can get elsewhere.
