BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

ENPOWERED BY SPECIAL ACT OF PARLIAMENT, 4 Vic. Cap. 8.

THE great success of this Institution in Europe, and the numerous Policies issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.—The rates of the Britannia are the lowest which can be offered, consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office, or in the Montreal Herald, Montreal Gazette, and Montreal Courier as also in several papers in Canada West.

Assurances may be advantageously effected on the lives of others, either for the purpose of securing loans, or debts or in case where the party has an interest in the life of another, so as to be in any way prejudiced in the event of his decease. To creditors, a Policy of Assurance affords a certain, and, in many cases, the only means of security. Also in addition to the published rates, an extensive set of Tables has been computed for Assurance on Joint Lives, the survivor of two or more lives, and for contingent Assurances; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency affecting human life, against which it may be prudent or expedient to provide.

COMPARATIVE STATEMENT OF THE RATES OF THE FOLLOWING OFFICES:

Rate for one year, (whole of Life) for the Assurance of £100:

National Loan Fund	age 30	£2	4	4
Colonial Life Assurance Com'y	do.	2	5	2
United Kingdom	do.	2	3	10
British Commercial	do.	2	1	10
Hunter	do.	2	1	2
Britannia	do.	2	0	8

The other Offices doing business in the Colonies are so much higher, that comparison is unnecessary.

The Income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within twelve months after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, except, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The subscriber begs to remark that the Britannia Company has been doing business in this Province for about ten years—and has been always found liberal, and prompt in the settlement of claims.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

BARKER'S

COMPOUND SARSAPARILLA PILLS.

For Purifying the Blood, and Strengthening the Digestive Organs, Scorbutic Eruptions, Pimples and Blotches, Rheumatism, Liver Complaints, Indigestion, Bilious Complaints, Asthma, and all diseases which arise from an impure state of the Blood.

THESE PILLS having been in use several years, experience has proved their great superiority over all other preparations of Sarsaparilla now before the public. In consequence of the peculiar virtues of the Sarsaparilla Root, it has been extensively used by the Medical Profession, for a number of years, but it is well known, that all Watery or Liquid Preparations of the Root, very soon lose all medicinal qualities, in that state. The only preparation which can be depended upon, is the *Solid Extract*, from which these Pills are prepared, combined with other valuable medicines, and more real benefit will be derived from the use of one box, than from half a dozen bottles of the Syrups or any Preparation in use. They act as a powerful Alterative Tonic, and a Mild Aperient, strengthening the Stomach, and giving warmth and vigor to the system.—They are perfectly safe in their operation, and may be used by the most delicate females and children, and will be found most valuable for any irregularities peculiar to them.

The proprietor has an objection to the system of publishing a list of Cures, or he could furnish a large list of the most respectable persons, who have used these Pills to great advantage. *Try one Box of these Pills, when you will find them to be the best Medicine ever used.*

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more favourable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it invests all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (in this instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as may have made, and it further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.

To the Sick and Afflicted.

DR. SHERIFF,

RESPECTFULLY informs his friends and the public generally, that he has removed to the Store dwelling belonging to Mr. F. Donahoe, situated at the west end of Ontario Street, where he is prepared to receive and prescribe for patients afflicted with diseases of long standing. Dr. S. has, during his short residence in the City of Kingston, been the means, through the hand of Providence, of restoring health over two hundred individuals, after they had been abandoned as incurable, and considered out of the reach of hope, by their physicians. And he intends for the future, to give his attention only to such cases as may be considered beyond the reach of medical aid from every other source. And he feels confident that he will be enabled as heretofore, to give relief to the majority of such cases as may come under his care. By way of reference, it may not be amiss, at the present time, to mention one case that has been successfully treated by Dr. Sheriff within the last three weeks—Mr. Henry Leavens, a respectable farmer, who resides near the first toll-gate, sent for Dr. S. about three weeks ago. When he went to him he was confined to his bed, in the last stage of Dropsy, and at the same time labouring under a severe affection of the Lungs, from which he had been raising profusely of blood. In this hopeless condition his physician had left him, and said that he could do no more for him. He then commenced taking medicine, under the direction of Dr. S. and in two weeks time was able to ride out. He is now daily attending to the business about his farm as usual.
