Riggin on Socialism

EDITOR ADVANCE:—I notice an article in Cotton's Weekly of yours in disproval of the doctrine inculcated. I am somewhat surprised. I hope you are a believer in Christ. You know, or ought to know, that Christ was a Socialist. The Sermon on the Mount would prove that. I suppose you have read Christ's advice to the rich young man, "Go sell all that thou hast and give to the poor." Also 2nd epistle of James, 5th chapter, 3rd verse. Don't you think a laborer is worthy of his hire, when he don't get more than one-fifth of what he earns. The disciples of Christ were Socialists. If you read Acts, 4th chapter, 35th verse, you will find that they had all things in common. Don't you know that Socialism is applied christianity? You don't like the idea of dividing up? Neither do I. I don't like the division we have at present, where a few thousand own everything and the thousands of thousands own nothing. You speak very lightly of Socialism. But do you know, Socialism is spreading fast. In 1867 the national vote was 30,000, to-day it is almost 3,000,000. What do you think of it? I imagine your ideas run in much the same channel as the objectors to the railways when first introduced into England. They said it would not amount to anything. Well, just look around and tell me if they have or not.

My dear friend, don't imagine that anything you may say in your little paper will down Socialism. It is here to stay. I suppose you are a Socialist but don't know it. You likely believe in municipal ownership of waterworks, gas plants, etc.? If you don't, we do right here in Kincardine. You believe in government control of the army, navy and postoffice, don't you? Well, if you do you are more or less of a Socialist. Hoping you may give these matters a more serious consideration, I am yours respectfully.
—JOHN RIGGIN.
Kincardine, April 4, 1910.

$1,000,000 FLOUR MILL FOR PORT COLBORNE

New Maple Leaf Concern Will Be the Largest of Its Kind in the Dominion

The incorporation of the Maple Leaf Milling Company, with a capital of $5,000,000, is the first step in the revolution of the flour industry in Canada. The move is not a merger, but a consolidation of milling insterests controlled by Toronto men, for the purposes of expansion. There will be some reorganization with the introduction of new capital.

$1,000,000 MILL.

The Mills interested in the consolidation are all owned by the Maple Leaf Company. They are situated at Brandon, Kenora, Welland, Thorold, St. Catharines and Port Colborne. The latter will, when the building operations now under way are completed, be the largest flour mill in Canada, and will cost approximately $1,000,000. It will have a capacity of 30,000 bushels of wheat per day, or about 6,000 bags, to commence with, to be increased as occasion requires. The storing capacity of the mill will be 250,000 bags, while there will be elevator accommodation for 1,000,000 bushels of wheat. The new company has 35 elevators in service now, and by the end of September will have 15 more, making 50 in all, with a capacity of hundreds of millions of bushels of wheat.

Notice To The Public.

Having disposed of our hardware stock and tinsmithing tools to C. J. Bellamy, we wish, through the Advance, to thank our many customers for their liberal patronage and support. All parties having repair work now in the tin shop will call and get same within 30 days. All accounts must be settled by May 1st, after that date our books will be put in other hands for collection. Mr. C. J. Bellamy will be found in our old stand and we wish to recommend for him the same liberal patronage accorded us.
April 1st, 1910. NORRIS BROS.

Publish My Letter, The World Over

The Words of Harold P. Bushy, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tinsmithing business in Portland.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that knifing, cruel pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was applied. When I got the disease under control with Nerviline, I built up my strength and fortified my blood by taking Ferrozone at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating, pain-destroyer like Nerviline.

"Please publish my letter the world over. I want all to hear of Nerviline."

Don't be cajoled into receiving anything from your dealer but "Nerviline." Large bottles 50c., trial size, 25c. Sold everywhere or The Catarrhozone Co., Kingston, Ont.
