Artemesia Council And Cont. School

At the meeting of Artemesia Council on Monday there was not much business to be disposed of, but such as there was proved interesting to the half dozen spectators present. All the members were present, the Reeve in the chair. After passing of minutes of previous meeting the report of committee appointed to examine into the proposition of opening sideroad No. 10, con. 1 and 2, was dealt with. Following is the report:

Gentlemen, — We, the undersigned committee appointed at our February meeting to examine sideroad No. 10, con. 1 and 2, S.D.R., beg to report as follows: We examined the proposition as per plan submitted by the petitioners, and find that it would be practically impossible to build the road in accordance with said plan. A second proposition was, however, made by those advocating the road, namely to deviate east 40 rods to the line between lots 11 and 12, which we also examined and make the following estimate: Purchase of land, including fencing, $375; preparing and grading road, including cutting hills, $975; total $1350. After having carefully gone into the question of the advisability of opening this sideroad, considering the number of ratepayers which would be benefited thereby and the convenience to the public generally, we think this Council would not be justified in opening this sideroad this year.—John A. Boyd, T.R. McKenzie, D. McLeod.

McKenzie—McLeod—That the report of committee appointed to inquire into the opening of the 10th sideroad, con. 1 and 2, S.D.R., be received and adopted. —Carried.

Messrs. James Brander and D. McLeod of Priceville waited on the Council with a petition from a number of school sections in the township asking that the continuation school bylaw be rescinded and that a vote of the ratepayers be taken. These petitions charged underhand means and misrepresentation in the forming of the school. The number of names on the petitions amounted to about 290. The petitioners represented that the canvas had not been thorough and the Priceville petition was not among the lot.

Messrs. Brander and McLeod both spoke strongly against the continuation school. Mr. Brander was not opposed to continuation schools, but wanted every section to have its continuation classes.

In a short address the Reeve reviewed the work of forming the school. He believed the whole unrest was caused by a misapprehension. It had been understood from the beginning that a school building would be required. He had gone to Eugenia and the Durham Road to speak in favor of the school, and there was not a dissenting voice. Since that time not three men in this township had protested to him personally against the scheme. Was he not, he asked, justified in deciding that the public was with him in his action in this matter? At last [illegible]mination Mr. Graham had intimated [illegible]t the County Council would be asked [illegible]pass a bylaw defining a district and [illegible]ed to know Mr. Boyd's position. [illegible] Boyd distinctly stated that he was [illegible]favor of the school and this assertion was greeted with an ovation from all parts of the hall. To a question by the Reeve, Mr. Graham admitted that he knew the County Council would likely be asked to define a district. Mr. Graham was himself a member of the continuation school board last year and knew the school would be required. Mr. Boyd charged those responsible for the petitions with circulating misstatements and securing signatures under false pretences. He had never given the County Council to understand that a vote would be taken. The Reeve of St. Vincent had asked at County Council if the school sections interested had been consulted. Mr. Boyd replied that if passed by County Council the Township Council could either approve or disapprove, and if disapproved the school board could request a vote. He thought if the Township Council were willing to take the responsibility the County Council should not hesitate. He simply asked the County Council to pass the bylaw on the strength of the School Act. Neither himself nor the school board had ever misrepresented anything and he defied any one to prove that there had been misrepresentation in word or deed. Mr. Boyd gave it as his decided opinion that it was impossible for the Council to undo what it had done without getting into a serious legal tangle.

Mr. McLeod acknowledged that he was present at the first meeting held and was in favor of these schools. Beyond this Priceville had never since been consulted. The first intimation they had that their section was being taken in was when they saw the report in The Advance of what had been done in Owen Sound. At the first meeting after this they had put in a protest. If the ratepayers had been given a say Priceville would have bided by the result.

It was moved by Mr. McLeod, seconded by Mr. Best, That the petition of several school sections of the township asking this Council to repeal the bylaw authorizing the issue of debentures for building a continuation school in this township be referred to the Continuation School Board for their consideration.

Moved in amendment by J. I. Graham, seconded by T. R. McKenzie, That regarding the petition of a large number of the ratepayers of Artemesia continuation school district asking this Council to repeal by-law empowering the trustee board of the said district to issue debentures to the extent of $13,000 for the purpose of building and equipping a school building, that a bylaw to repeal said bylaw be introduced and passed at next meeting of Council, provided the township solicitor advises that it is within the province of this Council now to do so, until the approval of the ratepayers has been obtained.

The original motion was declared carried on a casting vote of the Reeve, Messrs. Graham and McKenzie supporting their amendment.

McLeod—Best—That the Clerk be instructed to order from the Sawyer-Massey Co. a left side for road grader, and present bill at next meeting of this Council.—Carried.

McKenzie—Best—That this Council hold the first sitting of Court of Revision on the assessment of this township on Monday, the 6th day of June next, at 2 o'clock in the forenoon, and the Clerk publish the required notice thereof.—Carried.

After a resolution was passed to pay the committee on sideroad, Council adjourned.

Another Pioneer Gone to Her Reward

Mrs. John Weldrick, sr., died on Tuesday, April 26th, at the age of 75 years. Mrs. Weldrick and her husband came to Canada from England about fifty-five years ago, and spent short time in the Township of Scarborough. About fifty-two years ago they moved to Osprey, on the farm where they have since made their home, and where Mr. Weldrick died six years ago. They raised a large family, of whom five are still living:—Mrs. Philip Hollingshead of South River, Muskoka; Mrs. A. McGowan, Ravenna; Mrs. F. Sayers and Mr. Charles Weldrick, 12th line, Osprey, and Fred on the homestead.

Mrs. Weldrick was a kind neighbor, and as long as she was able, was ever ready to lend a helping hand to those in need, and the family in losing her loses a good mother. The sympathy of the community goes out to them in their bereavement.

"FEEBLE STOMACH"

Causes Digestive Weakness and Poisons the Entire System.

"No one can have suffered more than I did with stomach trouble," writes Phil. E. Pascalar, well known at St. Andrews Corners. "My doctor told me my indigestion and sleeplessness were due to poisons in the blood. Certainly my condition was desperate, and it seemed from the despondent feelings that swept over me that I would lose my reason. I happened to read about Dr. Hamilton's Pills and bought five boxes from the druggist. Such body-cleansing pills I never used; they were mild and yet quite strong enough to drive all the humors out of the blood. My stomach gained strength rapidly with Dr. Hamilton's Pills and I improved so much that in eight weeks I could eat and digest all ordinary food. Depression and weariness passed away and I am, thanks to Dr. Hamilton's Pills, enjoying robust good health."

No remedy for biliousness, indigestion, headache, sick stomach, or constipation that compares with Dr. Hamilton's Pills. Refuse substitutes. Sold in 25c. boxes. All dealers, or The Catarrhozone Co., Kingston, Ont.

ARTEMESIA CONTINUATION SCHOOL

The above is a cut of the front elevation of the new Artemesia continuation school, as submitted by the architects, Messrs. Forester & Clark of Owen Sound The plan calls for a building 54x78 feet, with six rooms, library, cloak rooms, basement with cement floor, etc. The class rooms will be 26x34 feet. The plan may be slightly modified to bring the cost of building, equipment, windmill, etc., within the alloted price, but no very material change will be made in the appearance of the structure as shown above. The contract, it is expected, will be let in a few days. The debentures have been sold at an extraordinarily favorable price.

Fishing and fish stories will be the order of the day.

Dundalk has gone dry for the next three years. What will the "sots" do now? Perhaps storekeepers or liverymen will secure it as they do in other towns. Mr. Editor, may the time soon be at hand when no whisbey may be sold except by a doctor's prescription. May the temperance flag float all around the world. Those who have so much money to spend in whiskey should, instead, send missionaries to India, Japan, China and other places where civilization's religion is needed. [Why not use the money in missionary enterprise at home. It would appear to be needed.—ED.]

Victoria Corners

Too Late For Last Week.

Miss Annie Wyville is visiting at home.

Genoe--Turner

A quiet but pretty wedding took place on Wednesday of last week, at the home of Mr. and Mrs. Solomon Turner, 10th line, Artemesia, when their youngest daughter, Ada May, was united in matrimony to Mr. William Thomas Genoe, son of Mr. Thomas Genoe of Eugenia. At 2 o'clock the bridal couple entered the parlor to the strains of the Wedding March, played by Miss Eva Turner, sister of the bride, and then the solemn words were spoken by Rev. H. E. Wellwood of Flesherton, which pronounced them husband and wife. The bride, who was given away by her father, looked exceedingly attractive in a dainty frock of white Swiss baliste. Her going-away suit was of brown chiffon panama with collar and cuffs of moire silk to match and white silk waist, and white hat trimmed with bridal roses. After the ceremony and the usual congratulations supper was served to about fifty guests, after which a very enjoyable evening was spent with music and a variety of other amusements. Only immediate friends of the contracting parties were the guests. The presents were numerous, useful and costly. The groom's gift to the bride was a gold watch and chain. The young couple will reside on the 8th line, Artemesia, and the hearty wishes of a host of friends go with them for a long life together, with happiness and prosperity unbounded.

Vandeleur.

Dundalk Hotels Closed Up Tight

On Saturday night the doors of the three hotels in Dundalk shut with a bang behind the last of the boarders and travellers who had been sheltered therein; and since then grim walls have alone reminded the villagers of the scenes of revelry and carousal which were wont to be their portion in the past—and now Dundalk ranks with the corner store and country postoffice—it has no hotel. Restaurants will be opened, private houses will shelter boarders and church sheds will be open for farmers horses. It is believed that the sun will rise and set and comets beam down on Dundalk the same in the future as they did in the past, but some little inconvenience will result before good accommodation will be provided for the public.

A $1000 bond binds the hotelmen to the agreement to keep their houses shut up tight, and each one appears to entertain a desire to keep his [illegible] and in his wallet. What the outcome will be we cannot predict.
