A fine lot of green wheat is being brought in these days, and we entertain dreams of soon having a sufficient supply coming in to keep the editorial cow in milk-producing fodder. On Saturday Mr. T. Lever supplemented his former donation with a bunch of 20½ inch wheat, and Mr. D. McTavish donated a bunch of exactly the same length. Fall wheat will doubtless be a phenomenal crop in this section.

The board expects to complete the building in A1 shape for considerably under the allotted sum. Mr. McMaster has been drilling a well on the property during the past week.

Mr. Frank Tate of St. Catharines spent a few days of last week under the parental roof in town. [We are pleased to congratulate Mr. Tate on his upward movement. May it long continue.—ED.]

Sabbath Desecration Practised Here

The Advance has received a complaint that several boys and even grownup men were seen fisnihg on Sunday last. It is astonishing that married men especially will lend themselves to Sabbath desecration of this kind. Their influence on the rising generation is bad, and the rising generation appears to be making the best of the example set them. The men who care so little for the morals of this community will find that public sentiment will not tolerate such actions, and they would be wise to refrain from illegal acts of this nature in future. A hint to the wise, etc.

A Successful Campaign

The Dominion Alliance campaign throughout this county on Sunday last was very successful, at least in so far as this immediate vicinity is concerned. Rev. Mr. Hamilton addressed the congregations in the Methodist church here and the churches at Vandeleur and Rock Mills, while Rev. Mr. Kettlewell spoke in the Presbyterian churches in Flesherton, Eugenia and Proton. The net offerings given by these congregations amounted to $140 in round numbers, made up as follows: Flesherton Methodist church, $27; Presbyterian, $25; Rock Mills, $21; Vandeleur, $35; Eugenia, $23; Proton, $9. The gentlemen representing the Alliance gave excellent addresses. They expressed themselves as highly pleased with the day's offering.

Are You Weak, Bloodless, Anaemic?

You Can Be Cured of Poverty of the Blood Just Like Miss Everett Was.

Since the early ages, in all countries, among all classes of people, anaemia has been one of the most pernicious conditions that affect mankind.

Writing from her home in Paisley, Mrs. Everett says:—"My daughter had just passed her sixteenth year, when she began to rapidly lose color and strength. Serious complications set in that made her family and friends most anxious. We were not only worried on account of her ill-health, but because she was likely to lose her years' work at the High school, where she was preparing for the profession of teaching. The doctor said it was 'Anaemia.' I knew the best remedy was Ferrozone—and made my daughter take two Ferrozone Tablets with every meal. The first box did little more than increase her appetite. But with the second box it was really delightful to watch the signs of returning health. Annie's face became sort of a yellowish at first—that deadly whiteness disappeared. But it wasn't long before a ruddy glow was perceptible in her cheeks, and real good color returned. All Annie's troubles were cured—she grew strong—vigorous—heavy in weight—feels and looks the picture of health."

FERROZONE
Makes Strong Blood

Hundreds of cases of anaemia, poor color, blood and nerve disorders, the chronic kind—they have been cured by Ferrozone—why not you? In 50c boxes, six for $2.50, all dealers, or The Catarrhozone Co., Kingston, Canada.

Priceville

Too Late for Last Week.

The late wet weather has been a great drawback to those who have not finished seeding.

A number of persons, both old ond young, have been on the sick list lately, but we see that Dr. Elliott is successful in fighting off pneumonia, la grippe, and the many other ills that human flesh is heir to.

Mrs. Chas. McDonald, south line, Glenelg, and Mrs. Neil McDonald, in the same vicinity, have been very ill, but are improving after a very severe illness.

Mr. and Mrs. Aussum are both suffering from infirmities which render them almost helpless in caring for themselves.

Mr. and Mrs. John Nichol, sr., are also improving after very severe illnesses.

H. McKinnon, teacher No. 7, was ill last week, but is able to resume work again.

Flora, daughter of John McQuarrie, North Line, has been very ill for some time, but we understand was somewhat better the end of last week.

Mrs. McLeod is visiting her son, Dr. John McLeod, in northern Ontario at present.

Neil McLeod and Wilbert McLean left on the 3rd for the West, where they will engage in railroad construction with the McMillan Bros.

Charlie Armstrong is about again after a severe attack of pneumonia.

Harry Morrow, N. Line, was taken to the hospital, Toronto, on the evening train, Monday 25th, to undergo an operation for appendicitis, and we hear at the end of the week that he is very low.

Wm. Watson was quite ill last week and under the doctor's care, but is considerably improved now.

Mr. Geo. Tryon has purchased a fine piano recently.

ALFALFA—Now is the time to sow alfalfa. Many have the impression that it should be sown early like other clover. This is not correct. Alfalfa or (lucerine) clover requires warm weather to germinate. It can be sown as late as the end of May and still yield a good crop the same season. Good seed corn is not plentiful this year. A very large percentage of last season's crop has turned out unfit for seed purposes. Our corn has been tested by the government tester at Ottawa. We are receiving and will have in stock this week the following seed corn: Comptous Early, North Dakota, Imperial Leaning and Giant Ensilage. In ROOT SEED Jumbo sugar beet is a heavy yielder, easy to pull, and for a clean root crop and good keeping root you can't beat it. It sells at 25 cents per pound. Giant sugar mangle, the kind used by dairymen in large quantities. Our seed produces a big crop every time, and only 25 cents per pound. Giant yellow intermediate and yellow Leviathan mangles are as popular this season as ever. Our supply of this seed is limited as it is very scarce this season. First come, first served. Only 25 cents per pound. Derby Sweede turnip, no other Sweede turnip resists the attack of the louse in the summer like this. The veteran reliable seedsman, Wm. Rennie, Esq., of Toronto says: we have grown every known variety and Derby is in our estimation the best Sweede turnip for all purposes, and only 25 cents per pound. Don't hesitate buying it, good progressive farmers buy it. We also carry a well assorted stock of field, garden and root seeds, all purchased from the best and most reliable seedsmen. Now is the time for Japanese millet, grows 6 feet, yields 10 tons green fodder per acre. When cured makes an excellent quality hay and is much relished as green fodder. Cure as you would a heavy crop of clover. It may be sown from the middle of May to the first of July, broadcast, at rate of 15 lbs. per acre. Sproule, Higginbotham & Co., Flesherton.

Don't Speculate.

Some people make a mistake in submitting a price list to a hardware merchant. Not giving a detailed itemized account of the hardware required for that house or barn that they are building. You are aware that the quality governs the price. If you want a cheap job, always mention it as we figure always on the best we have. Be very careful in not accepting a price list before you see that the quality of the goods compares with the price. Now, if you want a good job, one that you can depend upon, just leave it to us and we will see that you get the best on the market. F. G. Karstedt.

Get Into Line.

Just a word to say on our stock of picks, shovels, spades, rakes, hoes, forks, together with handles for any of these articles. It is just the time to buy wire pincers, trace chains, clevices, neck yoke rings, etc., to do your spring work. One can not do work without the proper tools. We have them, you want them. Now is the time, make no mistake. F. G. Karstedt.

Coil Spring Wire and Fencing.

A bargain, all No. 9 wire fence, forty two inches high with stays only twelve inches apart for 30 cents per rod. A real bargain. It is good goods. No discount on it. If bought in regular way, could not sell it for any less than 45 cents per rod, but on account of failure in contract we were only able to get a very limited quantity. If you need fencing you could not do better than buy it.

Coil spring wire is selling at 2.60 per cwt, with us this spring, the best price on the road for No. 9 wire. Give us a show on your wire, we will use you right. F. G. Karstedt.

Be a Man.

A man is judged by the clothes he wears. No matter how good the goods may be, they will look poorly if the style and fit is not there. In both of these we guarantee you perfect satisfaction in every way. Our style books are the newest, the quality of the goods are there, and the prices right. Once you see them, you will buy. F. G. Karstedt.

It's Up To You.

In our store there is to be found a complete and up-to-date range of carpets, rugs, linoleums, oilcloths, etc.

In velvet carpets the quality is of the finest shown in floral or block design, with the blending of the shades perfect. Likewise the tapestry and brussels. Our wools are the best on the market, heavy weight, fast colors and the pattern of the latest type. A look at these goods is sufficient, they will talk for themselves.

Then in rugs we excel in our choice of these. Everybody says so, so it must be right. They are made up in velvet, brussels, and tapestry of finest quality. Put up in all sizes fitting ordinary rooms. The nap on them is good, the quality is better, but the price beats them all.

Have you seen our linoleum and oil cloth? If not, you have missed the best display on the road. We have them in all widths—from eighteen inches and up to twelve feet. This includes stair oilcloth, floor oilcloth and table oilcloth of all weights, from inlaid down to the light weight goods according to the price.

In all these I think that I have given you a slight impression of the carpet department in our store. Our stock is complete, so, it's up to you. If you need them, you will do well to see them.

It's up to you. Put it up to us! F. G. Karstedt.

Let Us Serve You

We would just say we are able te serve you in summer footwear. We never had a better stock for men, ladies and children. Rubbers and Overshoes—Maltese Cross—first quality, no better to be had.

Boots, Shoes, Suit Cases, Trunks, Men's Leggings that cannot be beat. Felt Slippers. The best kinds of Shoe Polishes. A lot of Winter Mitts selling off cheap
