Dr. Hamilton's Pills Cured

"I think it should be the duty of the schools to teach children how to keep well," writes Miss Nannie E. Naydon, a well-known and highly esteemed resident of Bristol. "Ignorance of the laws of health and the use of improper remedies destroyed my vigor, and led me to the verge of invalidism. I was as a girl ruddy and strong. Nothing seemed to affect me until I was about thirty. Then gas began to form in the stomach. I suffered with bloating and a general failure in strength set in. If I went upstairs my breath hurt. My system was very irregular, and until I grew pretty bad I didn't pay much heed to my condition. Then I got blue, worried all the time, wakened in the night, and couldn't get to sleep again. None of the medicine I took helped me. One day I was reading of a very interesting case like mine cured by Dr. Hamilton's Pills. I took the same treatment. It was just right—didn't physic me to death, but took hold of the weak, sick parts of my system, and set things right. It seems as if Dr. Hamilton's Pills have made me young again, and all my color, spirits, vigor, and health of former days have returned to stay."

Every girl and woman should use Dr. Hamilton's Pills regularly. They help a woman in many ways. Beware of the dealer who asks you to take an inferior pill on which his profit is larger than on Dr. Hamilton's. Sold in yellow boxes, 25c per box, all dealers, or The Catarrhozone, Co., Kingston, Ont.

Malcolm Kennedy Dead.

Again this week we are called upon to chronicle the death of one of the very oldest pioneers of Artemesia. Mr. Malcolm Kennedy died on Wednesday of last week at his residence, west back line, at the age of 83 years. He had been in failing health for some time. Mr. Kennedy was born in Ireland and came to Artemesia in 1849, settling on the farm where he died. In 1852, when this municipality was first formed, he was appointed one of the first pathmasters. He was for years a staunch Orangeman and member of the Methodist church. Mr. Kennedy was predeceased by his wife about six years ago. He leaves a family of one son and three daughters—Mrs. Andrew Rutledge and Mrs. James Kennedy, Ceylon, and Andrew and Belle on the homestead. The funeral took place to Flesherton cemetery on Friday last.

With The Churches.

The service in the Methodist church Sunday evening was of a peculiarly interesting nature, and was conducted by members of the Epworth League of the church. Mrs. W. A. Armstrong, Mr. A. S. Thurston, Mr. R. Wilcock and Miss Wallace gave five-minute addresses dealing with the past, present and future of the League, which were all listened to with deep interest. Mr. R. Wilcock and Miss Irene Wilson each rendered solos and Dr. Murray and Miss Trimble gave a duet. For years the missionary giving from the League has been growing, and this year has taken a decided jump, amounting to $71. Some $25 of this was recently donated by an ex-president of the League who is now absent in the west.

Rev. Mr. Laidlaw of the Eugenia circuit will occupy the Methodist pulpit on Sunday next, morning and evening.

Sunday, May 22, service will be held in Feversham Presbyterian church at 7 p. m. Pastor, Mr. Nicholson.

Explosion at Arthur

A despatch from Arthur, dated May 16, says: A serious explosion occurred at noon to-day at Kenilworth, a small village about six miles from here, in which O'Neil's planing mill, shingle and chopping mill were totally destroyed. The cause of the explosion is said to have been a defective boiler, but this cannot be confirmed as it was blown to atoms. No one was in the mill at the time of the explosion, so fortunately there was no loss of life. The only close call was a man driving by in a buggy. His hind wheels were smashed by flying timber, while the road behind was littered with wreckage. Thirty seconds later and he would likely have been seriously injured, if not killed. The loss of the mill at this time will be a serious one to the owner, as he has several contracts for the coming season. It was one of the main industries of the village, employing about twelve hands. The loss will be about twenty thousand dollars.

Notes of the Women's Institute.

I. will be held in town hall, Flesherton, on Saturday, the 21st inst. at 2.30 p. m., when the financial statement will be presented, officers and directors will be elected, and other business attended to. The annual meeting of the W. I. branch at Maxwell was held in the Methodist hall on May 11 and the following officers were elected: President, Mrs. Dr. Rykman; 1st Vice President, Mrs. Linley; 2nd Vice President, Mrs. C. W. Long; Secretary-Treasurer, Miss Maude Guy. Board of Directors—Mrs. Walter Kerton, Mrs. J. Phillips, Mrs. Parliament. District Director, Mrs. C. M. Field. Next meeting will be held in the Methodist hall on Wednesday, June 8th, at 2 p.m. sharp.

Eugenia branch of the Women's Institute held a very interesting and profitable meeting at the home of Mrs. Len. Latimer on May 4th. Sixteen members and four visitors were present. Papers were read by Miss M. E. Bell on "Home influence and our duty to each other," and Mrs. Pedlar on "The housecleaning time." Officers for the year beginning June, inst., were appointed, those elected in January retaining their office with the exception of the Secretary, Mrs. D. McMullen being elected instead of Mrs. E. A. Graham. It was decided to hold a picnic in the park on June 3, when a lecturer from Guelph will be present both afternoon at 3 o'clock and evening at 8, Tea will be served in the evening. Neighboring branches cordially invited.

A Child's Long Float

From the Owen Sound Times.

A remarkable escape from drowning came to Fred Gardner, the three and a half year old son of Mr. Morris Gardner, East Fifth Avenue, on Saturday afternoon. The little fellow evidently strayed away from his home between Seventh and Eighth streets east, and made his way down to the river about a hundred yards south of the Eighth street bridge. He got on what had been a boat landing, but which had fallen in until one end was in the water, leaving the planks on an incline. He was seen on this projection when noticed by people in the vicinity. Though evidently no one saw him, he slipped down into the water and when first seen was floating on his back down the stream. He was perfectly motionless and when first seen it was thought by those passing that it was the body of a dead child When he floated near the bridge Principal Reid of the public schools and Mr. J. E. Parsons, drover, saw that he was alive. They hurried to the north end of the bridge and Mr. Reid got a plank, which Mr. Parsons secured and using it to support himself, reached out into the stream and caught the the little fellow as he floated out through the arch. He was chilled through and was hurriedly carried to his home nearby. Later Principle Reid tested the current where the little fellow floated down stream and it took the current nearly ten minutes to carry a chip over the same course. To the fact that the child was perfectly still while in the water is attributed his rescue from drowning.

The Directors and Shareholders of the Walkerton Hosiery Factory have disposed of their property to a firm of London Solicitors, Messrs. Hole and Keenleyside. The town loaned this concern under certain conditions which have not yet been fulfilled, and they may, as some other municipalities have done, take action regarding this loan. There was $3511 due the town on June 1st of last year and an effort should be made to collect the same.—Telescope.

Wm. Lounds of Shrigley, has a real curiosity. It is a section from the trunk of a tree he had been sawing on his farm, lot 21, con. 9, Melancthon, in March. About five feet from the ground, the saw met with an obstruction. Investigation disclosed a couple of fair sized stones imbedded in the centre of the trunk. The trunk had a hollow in it below the stones but was closed in above, although there were signs that there had at one time been an opening above. The section Mr. Lounds showed the local paper still contained one of these stones. The question is:—"How did the stones get there?—Wingham Advance.

The Post has frequently called attention to the crowds of young men with the India rubber necks, who occupy the doorways of the business houses, especially on Saturday and Sunday evenings. Constable Brodhaecker has called our attention to the matter again, and he has authority to make an example of the offenders one of these fine nights. Nothing can be more disgusting or embarrassing to a lady than to pass along the line of elastic throttled gawks, who as a rule do not display as much common decency as their fathers did when they were half-naked savages running through the fields with an Ogilvie flour sack for a raglan overcoat. Nothing on earth would make a visitor think that he had landed in a centre of Rubber Rubes as much as the long line of green individuals who display their lack of courtesy by occupying the doorways along the main street on Sunday evenings and other evenings after business hours. A lady remarked to a friend that if her chosen friend ever landed up in one of those doorways she would cut him as dead as a Dutchman would a Swiss cheese.—Hanover Post.

Sir Robert Perks, of London, England, says that Canadian Methodism is not holding its own. He took a two-weeks' trip through Canada and then goes home and lectures on Canadian affairs. He is in the same class with the Canadian who spends an hour or so in London and returns to Canada with tales of pinched and hungry multitudes of unemployed and of lords and "dooks" and things with their swell outfits—his opinion is not worth having.

Says the Miller:
"Shortly after that I was in our grocer's store—clean store that—and bright, obliging clerks. Grocer said 'Cream of the West' flour always costs a trifle more than other grades, but his customers wouldn't buy 'other grades' more than once—they always came back to 'Cream of the West' flour. Guess he only said that to please me, though; but you bet I was pleased. Anyway, I asked him down for Sunday dinner."
