TRUTH BEFORE FAVOR- PRINCIPLES, NOT MEN

Madame Schumann-Heink sang at the inmates of a pentitentiary. It was taking an unfair advantage, when they couldn't get away.

Last week some Canadian horses were taken to be exhibited at a horse show in London. The general custom is to bring horses from England here.

o o o

The muzzling law will not be rescinded for some time yet. Several municipalities have neglected to do their duty in this respect and so the matter drags along. We understand that Osprey township was one of the municipalities remiss in their duties as regards the muzzling edict.

o o o

A Montreal Judge has decided that a mother may slap the young man who pays attentions to their daughter when the parents object. But that is in Montreal. Of course the decision will not affect the young men hereabouts. The parents are only too gla—(but there, we're getting in rather deep and had better let the matter drop.)

o o o

Queen Wilhemina of Holland presented the infant Princess Juliana to the people for the first time at Amsterdam last Friday. The crush was terriffic and the people cheered the infant Princess frantically. Where children are so heartily received there should be no danger of race suicide, but if Queen Wilhemina had been but a society leader instead of Queen she would be frowned down for exhibiting her child in public if she were so unfortunate as to possess one. The only ones to cheer the children of the "merely rich" are the $18 per nurse girls who keep the sucking bottle and the "little brat" well filled. The society parents forget, as much as possible, the existence of the little bundle of humanity which raises the echoes behind the double doors of the nursery—until (if she be a girl) the time comes to fit her "coming out gown," when she becomes the charming Miss Sorich.

Such Ignorance is Deplorable.

The Collingwood Saturday News says "King George X is a Tory." Now, any sensible newspaper should know, by this time, that the present sovereign is George V. Will somebody please pinch The News? Since losing the "joy water" Collingwood is probably settling down to sleep it off.

Laying of Corner Stone.

The ceremony of laying the corner stone of the new Artemesia Continuation School will take place on Friday, June 10, at 2 o'clock p. m. A large number of notables have been invited to take part. Among those who have signified their intention to be present are: The Hon. J. S. Duff, Minister of Agriculture; and Dr. A. H. U. Colquhoun, Dep. Minister of Education, with others. The county M. P's. and other officials have also been invited and it is expected that a very large crowd will be present to signalize this auspicious event and hear the interesting things the above gentlemen will have to say.

Swinton Park.

Some of the young people spent Victoria Day at Markdale, others at Eugenia, while a great many went fishing, returning with big strings of fish.

Mr. George Parslow is renovating his home. When finished it will be one of the finest homes in the community.

Born—On May 21st, to Mr. Geo. Haw, a daughter.

Evangelist Kelly returned to his home in Toronto after assisting Rev. H. Berry in special services at Salem church for nearly three weeks. We trust much good has been done.

Mr. Howard Watson, from Toronto, enjoyed a few days holidays at his home here.

Miss C. Mortell of Corbetton is spending a while at Mr. Aldcorn's.

R. J. McNalty carried home the gold medal from Markdale on the 24th for the five mile race. Bob can keep most of them "guessing" on the race track.

Stone Settlement.

Beautiful growing weather.

Mr. Geo. McArthur spent Victoria Day with Badgerow friends.

Mr. and Mrs. R. Whittaker and little daughter, Millie, visited Durham relatives on Sunday.

Mrs. E. Purdy and son, Frost, spent the 24th with the former's niece, Mrs, Thos. Fee and family of Holland Centre.

Mr. and Mrs. Jas. Beatty were visitors on this line last week.

Mr. Ed. Whittaker is spending a few days in Hanover.

A cocker spaniel said to be valued at $300 is now quartered at the Matchett house kennel being fitted for coming bench shows. Just where this valuable canine beats Reeve Brown's of the same breed by $299 is a little too difficult for the unskilled in dog lore to determine.—Creemore Star.

10th Line, Osprey.

The farmers in this part are busy putting in their root crops at present.

The sports in Feversham on May the 24th drew a large crowd. The young people who visited Eugenia on the same day report a good time.

Mr. John Campbell and Miss Campbell spent Sunday with Mrs. Hugh Wright on the 10th line.

Miss Agnes Huband is visiting with Miss Rita Osborne, on the 8th line.

The Providence people are preparing a first-class programme for their ice cream social on Monday evening, June 6th, Don't miss it.

Mr. and Mrs. R. J. Colquette spent a couple of days last week with their daughter in Collingwood.

W. A. Armstrong of Flesherton has a gang of men working in the swamp on the farm he bought from Mr. Wm. Duncan.

The Advance Corrects a Horrid Error.

We have received a correction from Feversham for our report, as given last week, of the "doings" out there on the 24th. The correction reiterates almost word for word our report of the prizewinners, but says that the score of the football match was 2-0 in Feversham's favor, instead of 1-0. We're glad of it. The Feversham team is 50 per cent. better than we gave it credit for, and we extend congratulations.

Then, too, it seems that the Feversham boys did no chewing, as we ignorantly stated. We're glad, once more. We had feared that what our reporter said was true and that the Maple Leaf's had indulged in a little tiny bit of argument once or twice but such was not the case—it seems. (The Advance is never happier than when correcting an error of its own making, such as this.) The Feversham football team would look like a bunch of four-flushers if they could not trim a pick-up team, such as represented Flesherton on that day, without scrapping over it. We are glad to know that the home sports did not degrade themselves as did the visiting team by unsportsmanlike altercation, and the little boast contained in the letter we refer to is refreshingly frank in its self-complacency. We regret that the writer forgot to sign his name that we might be in a position to publish his letter. It is decidedly interesting. The unknown writer says in part: "the game throughout was a decidedly clean one on our part." Isn't it nice to come across such good sports once in a while? Flesherton and all others should take pattern. Might we suggest that the hat be passed around and money raised to induce the Feversham team to come out and give the sports of Flesherton an exhibition of good sportsmanship which they sorely stand in need of?

[We would much prefer correspondents to sign their names, not necessarily for publication.] —Ed.

Poisoned With Morphine Tablets

Death Visits Two Port Law Homes—Scarlet Fever Claims Victim—Port Law Items

A shocking tragedy occurred at the home of Mr. James Pedlar, 4th line Artemesia, one day last week. The home of Mr. Wm. Fisher had been saddened by the death of a little girl from scarlet fever. Mrs. Pedlar, a sister of the deceased child, became hysterical on hearing the news. Dr. Ryckman of Maxwell was summoned and left some morphine tablets on a sideboard while he went across the road to the Fisher home. A two-year-old daughter of Mr. and Mrs. Pedlar climbed on a chair and secured and ate the tablets. Shortly afterward the little one was taken with a fit. The doctor was summoned and applied antidotes without avail. He jumped into his rig and hurried home for his stomach pump but the child was dead before his return. The terrible affair has prostrated Mrs. Pedlar. Great sympathy is extended the parents in this awful affair.

On Wednesday Irene, the little daughter of Mr. and Mrs. Wm. Fisher, who was reported as ill with scarlet fever, died and was interred the following day. Their little son, Jimmie, is still in a precarious state, but symptoms indicate recovery. The youngest child, contrary to report, has so far escaped the trouble.

Mr. and Mrs. J. W. Bates of Toronto drove up last week and are visiting with the latter's mother and brothers.

Mrs. McMaster and children and Mrs. Foster of Eugenia visited friends here on Wednesday last.

Violet, the youngest daughter of Mr. and Mrs. W. H. McNally, was very ill for some days but we are glad to hear that she is fast recovering.

Mr. Sam. Pedlar's youngest daughter, Lulu, we understand, has contracted scarlet-fever.
