One Dose for Coughs

Children cough at night? Give them Ayer's Cherry Pectoral. Often a single dose at bedtime will completely control the cough. Good for any one with a cold or cough. Good for easy cases, hard cases; good for acute cases, chronic cases. Ask your doctor to tell you, honestly and frankly, just what he thinks of this old standard remedy. No alcohol in this cough medicine. *J.C. Ayer Co., Lowell, Mass.*

A lazy liver makes a lazy boy. An active brain demands an active liver. No better laxative for boys and girls than Ayer's Pills. Ask your doctor about them. He knows.

Not Incumbent, Only Expedient.

The Flesherton Advance proposes this question: "Will somebody kindly tell us why it is "up to" the temperance people to provide accommodation when local option is passed? What's the answer?" From our point of view it is not incumbent upon temperance people to do any such thing. But if temperance people enter upon a local option contest it is, as a matter of prudence, and in the interests of the cause which they espouse, expedient and wise for them to look a little ahead and make some sort of provision for the accommodation of travellers and farmers in case the emergency should arise. If the provision is adequately made it is not likely that it would be utilized.—Mt. Forest Confederate.

The Dominion Government have put into force a regulation passed at the late session, making it a serious criminal offence to pick up mineral ore around a mine. But they considerately waited until the newspaper men had paid Cobalt district a visit before putting it into force.—Grand Valley Star.
