GENERAL ADVERTISEMENTS.

TREES, SHRUBS, &c.

SPRING, the best season for transplanting the most hardy fruit, shrub and ornamental trees, has arrived; and the subscriber would notify the public that they have for sale a large stock of the most choice varieties of FRUIT TREES, embracing nearly all of Mr. Downing's select lists, and those recommended by the Congress of Fruit Growers, for general culture.

Their Nurseries, embracing over twenty-five acres, are situated on Twelve-mile Creek, Niagara east, but little over half a mile east of the Rail-Road Depot.

They have a large stock of extra sized trees of all the fruits, except the Pear, than in any Nursery in Western New York, and feel confident in claiming superior hardiness and value in trees grown near enough the shore of Lake Ontario, exposed to the north, at a point further north than any other extensive Nursery in the states; and would also claim superior value in their trees, not from latitude and exposure only, but from the fact that they have more room in the Nursery than other tree growers, thereby rendering them more healthy. They have a large stock of pears on quinces, in a bearing state, at prices from $1 to $3. Also Dwarf pears in a bearing state, from 50 cents to $1, according to size and variety. Particular care will be taken in packing and packing extra sized trees, so that there will be no more danger in transplanting them than smaller trees. In this city and vicinity they will cut the Canada Bounty, in a bearing state, and warrant to live. This is the most valuable peat that can be cultivated here, and as a high flavored, melting pear, a perfect and regular bearer, the Orange Bonne is yet unequalled.

We have of sizes suitable for the garden or orchard, more than 300 varieties of the Pear, and nearly all of the distinguished varieties of the Apple, Cherry, Peach, Quince, Apricot and Nectarine. Also the small fruits, Raspberries, Currants, Gooseberries and Strawberries. Of Evergreens, an extensive stock of Arborvitae, Fir, Pine, etc. A large stock of well grown

Ornamental Trees,

and shrubs, hardy Flower Roots and Green House Plants.

Catalogues sent to post-paid applicants.

For convenience of our city customers and the travelling public, we have made N. Stone, Jr. 8, in the East Wing of the City Hotel, our Agent, with whom orders may be left, and from whom Green-house Plants, and Fruit and Ornamental Trees, etc., for a limited extent, may be had.

In Kingston C. W., we can refer all those wishing to purchase any thing in our line, to Mr. C. T. Goodrich, Princess-House, Princess Street, having made arrangements with him to attend to the Canada trade in and about Kingston. He will be prepared to supply purchasers at short notice, and without risk of damage in delivering. We have a large variety of green-house plants, such as Fuchsias, Verbenas, Double Dahlias, Calceolarias, Cactus, Oleanders, Rhododendrons, Veronicas, Cineraria, and many other kinds too numerous to name in this advertisement.

BRITANNIA LIFE ASSURANCE COMPANY.
No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

INCORPORATED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 3.

THE great success of this Institution in Europe and the numerous Policies issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.—The principles of Business are the lowest which can be offered consistently with security to the Assured, and the subscriber begs respectfully to inform the citizens of the inhabitants of Kingston, to the accompanying Tables of Rates, specimens of which may be seen at his office, or in the Montreal Herald, Montreal Gazette, and Montreal Courier papers in Canada West.

Assurances may be advantageously effected on the lives of others, either for the purpose of securing loans or debts or in case where the party has an interest in the life of another, so as to be in any way provided in the event of his decease. To creditors, a Policy of Assurance affords a certain and, in many cases, the only means of security. Also in addition to the published rates, an extensive set of Tables have been computed for Assurance on Joint Lives, the survivor of two or more lives, and for ensuring of Annuities; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency of Buying, business life, against which it may be prudent or expedient to provide.

COMPARATIVE STATEMENT OF THE RATES OF THE FOLLOWING OFFICES:

Rate for one year, (whole of Life) for the Assurance of £100;

Nations' Life Fund,	Age 30	£2	4	4
Colonial Life Assurance Com'y do.		2	3	2
United Kingdom do.		2	3	10
Royal Commercial do.		2	1	11
Mutual do.		2	1	3
Britannia do.		2	0	8

The other Offices doing business in the Colonies are to more higher, that comparison is unnecessary.

The income of the Company, in respectfully of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may, by taking a fixed sum, payable at his or her death, without participating in the profits, and having secure an immediate Reversion by not paying more than is absolutely required to provide for the risk—that of participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an equal division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, except, under any circumstances, be afterwards called in question. Policies effected by parties on their own lives are not required paid in case of death by duelling at the hands of justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned, the full amount of Premiums received thereon will be returned to the family of the Assured.

The subscriber begs to remark that the Britannia Company has been doing business in this Province for about ten years, and has been always found liberal, and prompt in the settlement of claims.

The necessary forms, and every requisite information, as to the mode of effecting Assurances, may be obtained either by letter or personal application to

Also, all who have long been prepossessed in favor of other Daguereans, and have pictures taken by them, are very urgently invited to call and have one executed at this establishment, that they may have an ocular demonstration of the vast difference in portraying the same individuals.

The subscriber would also notify the people of C. W. that he has opened a branch Gallery at Princess St. Lambton House, Kingston, where persons may expect such pictures of themselves and friends as will rarely if ever be offered to that community again.

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more favorable than the low rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it invests all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have made, and it further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
