Dominion Day!

Mrs. F. McClocklin visited friends in Chatsworth.

Mr. Ed. McClocklin of Durham was in town this week.

Everybody heads for Flesherton tomorrow (Friday.)

July 1st—Flesherton's best celebration ever. Don't miss it.

Will Wilson has gone to Toronto to work at the barbering.

Born—On Tuesday, June 28th, to Mr. and Mrs. W. Boyd, a daughter.

Miss Carrie Sullivan of Montreal is holidaying with her mother here.

Mrs. John Hebson of Markham is the guest of her sister, Mrs. A. Wilson.

Mrs. W. J. Douglas and children have joined Mr. Douglas near Matheson.

Miss Reta Le Gard of Toronto returned home on Monday for the summer.

Mr. Harry Steeley of Toronto called on his mother here one day last week.

Mr. Robt. Connell of Manitowaning visited his uncle, Mr. Alex. Stewart last week.

Kendall Mitchell is home from the O.S.C.I. and Miss Lulu from Toronto Normal School.

The Presbyterian S. S. picnic on Tuesday was a very happy event and a good time was enjoyed.

Born—On Thursday June 23rd, to Mr. and Mrs. Geo. B. Blackburn, a son (Everett Henderson.)

Misses Zella and Elizabeth Bentham are visiting their grandmother, Mrs. Elijah Paul, Eugenia.

Mrs. McClocklin of Glenelg Centre is visiting her daughter, Mrs. Mark Wilson, and son, Mr. Fred McClocklin.

Rev. and Mrs. J. W. Miller (nee Frances Bellamy) left on Tuesday for their new home at Barons, Alberta.

Mr. G. H. Thompson of Crystal City, Man, and daughter, Monieta, have been visiting relatives here during the past week.

That tug-of-war to-morrow is going to be among the most interesting of all the sports. Which are you cheering for, the East or the West?

Mrs. W. Ayers, who has been visiting her daughter, Mrs. Jos. Blackburn left on Tuesday to visit other members of her family at Sarnia and Port Huron.

The 3-mile race on Dominion Day is going to be a fast and furious event. Who will win? McNulty? He will be chased pretty hard by several others.

The evening service in the Methodist church will be withdrawn on Sunday night. The subject for the morning service will be "Joy in the sanctury."

The limit must now be nearly reached, and Tom Lever will probably hold the record, which is: Wheat 5 feet 6 inches; barley 4 feet 4 inches; spring wheat 3 feet even.

If any of the officials in connection with our churches have misplaced some of their funds perhaps we could help them to a recovery of the amount by calling on the proprietor of this paper.

Mrs. John Cathcart of Carroll, Manitoba, arrived two weeks ago to be at the bedside of her mother, Mrs. A. Carr, who had her leg broken, and is now very low.

The locals gave the Vandeleur baseball team a tough argument on Monday evening when the score rolled up to something like 21-7. Andy Wilson umpired the game in a truly original manner.

While driving through the Kimberley valley we noticed that some of the farmers had commenced haying last week. The crops are looking excellent in that district, some magnificent fields of fall wheat being in evidence.

Anniversary services will be held in the Presbyterian church next Sunday when Rev. Finlay Matheson, B.A., of Chatsworth will preach at 11 a.m. and 7 p.m. Mr. Matheson has formerly preached here and will doubtless be heard with pleasure again.

There is only one place to spend Friday of this week and that is at Flesherton. Hanover has the best band in this part of the western hemisphere, 22 strong, and will be worth the whole price of admission to hear. Special train runs from Walkerton to Flesherton station.

The popularity of the farmers' excursion to Guelph has again been exemplified. It is said that on Saturday last there were 600 people on the train. Of this number fully 75 took train at Flesherton station.

Mr. Walter Loucks had a narrow escape from death on Friday last. While working about four feet from the floor a scantling gave way and threw him backward. At the same time the scantling swung around and struck him on the head, knocking him insensible. He was unable to work for a day or two.

J. W. Bengough gave one of his unique entertainments to a not overly large but very appreciative audience in the town hall Friday evening last. Mr. Bengough was here once before, about thirty years ago, and his art has not deteriorated. He is the same lightning caricature artist that he was then, only grown grey in the service. Some of his productions of this occasion may be seen on the walls of our sanctum.

In the rush of going to press last week we ommitted the list of stations in the Methodist churches of this district, as finally arranged by conference. Rev. J. V. Laughland goes to Massie, Rev. Mr. Wilkinson of Euphrasia to Holland Centre, Rev. Mr. Otton to Euphrasia, and Rev. Mr. Howie of Massie to Eugenia. Rev. Mr. Laidlaw of Eugenia leaves the district, and goes to Inglewood.

To-morrow (Friday) will be the big day of the year here, when a great list of sports will be put on. The prospects are that there will be a larger bunch of horses on hand than ever before, and among them are said to be some good ones. The track is in first class condition and arrangements are made for having the dust laid. An extraordinary array of talent has been engaged for the concert at night, including the inimitable J. H. Cameron, Fred J. Perrin and Harvey Robb. This makes a trio that cannot be beat in Canada. It is high class and costly talent and certainly the worth of the money has been provided for. Come in the forenoon and see the trade's procession at 9.30.

Osprey Council Met at Singhampton

The council of Osprey met at Singhampton on Friday, June 17th, according to adjournment from May 28th last. The members were all present. Minutes of last meeting and of Court of Revision were read and adopted.

Communications, accounts, etc., were received as follows: Petition from Archy McInnes and others asking to be placed in Polling Div. No. 5; Municipal World, acct. $1.28, supplies; S. M. Osborne, account $1, supplies for grader; W. H. Thurston, account $16, printing; Henry Heitman, account $5, postage for Clerk; Edw. Linley, $3, bringing rooter plow from Duntroon; report of Road and Bridge committe, regarding proposed deviation of townline of Osprey and Collingwood; report of Road and Bridge committee, regarding the opening of 30th sideroad, concessions 1 and 2 S.D.R.; Lucas, Raney & Wallace, regarding decision in suit of Gugin v. Osprey.

Orders were issued on the Treasurer to pay as follows: Municipal Word, $1.28; S. M. Osborne, $1; W. H. Thurston, $16; Edw. Linley, $3; Hy. Heitman, $5; Edw. Norman and Thos. Scott, $3 each, consulting I. B Lucas at Markdale re Gugin suit; E. W. Norman, W. L. Taylor and John Thomson, $5 each, 2 days' service on Road and Bridge committee.

The report of Road and Bridge committee, regarding proposed deviation on t.l. Osprey and Collingwood, and their report regarding the opening of 30th sideroad in con. 1 and 2 S.D.R. were in both cases adverse to the opening of said roads and recommended that no further action at present be taken, and upon resolution their reports were adopted and ordered to be filed.

The Reeve was instructed to take action under the Ditches and Water Course Act to drain town line Melancthon and Osprey at the "green sea."

Bylaw No. 533 altering the boundaries of several polling divisions was passed.

Council adjourned till Aug. 6th at Feversham.

Thos. Scott, Clerk.

Mr. Oliver of Preston found a tramp in his barn and when he ordered him out the man drew a knife and stabbed him. The tramp was arrested and committed to jail.

Pretty June Wedding.

A happy event occurred on Wednesday, June 22nd, at the home of the bride's parents, Mr. and Mrs. L. Badgerow, when their daughter, Sarah, was united in wedlock with Mr. Frederick H. Graham. The ceremony took place on the lawn under an arch of evergreens and flowers at 5 o'clock p. m. in the presence of about 60 guests and was performed by Rev. H. E. Wellwood of Flesherton. After the ceremony the guests sat down to a sumptuous wedding breakfast on the lawn. The bride and groom were unattended.

A Kick From Rockvale

To the Editor of The Advance.

DEAR SIR,—Why are the gentlemen who have no rates to pay doing so much jawing? They seem to try to sting like snakes, but they get stung, otherwise they are having a hand in others' business. They should be taught to mind their own, of no principle. Like some of the gentlemen who have no confidence in their neighbors they raise a jangle. This is not what the Bible tells us to do. We must love our neighbor as ourself And I think that the students who attend college, buy their meals and can buy spit fires or mischief makers some, too, if very hungry.

To those who say they try to get their board free, are liars and ought to acknowledge the truth or be made to sign a libel.

I thank you, dear editor, and you have a good motto. —CARL E. ATKINSON.

Hot Shot From Findlay

Mr. Editor,—Kindly allow me space to contradict the statements made by Robt. Ferris to the effect that French Negro is not a French horse and that he is not a sure foal getter and that he was offered him for three hundred dollars. Now, when he makes these statements he is a liar. Is this not the sore place, Bob, that we stop at the same stand together and Negro has twenty-eight mares, and your horse has none, and just the same thing at another stand last year? Get a stock horse, Bob, and the stock will speak for the horse. Breeding is a good item, and if Mr. Ferris had a little more he would not talk much. French Negro has only one price and is not peddled from one house to the other, and anywhere from $3 up, either. As the editor has asked me to cut my letter down it leaves me short of space, but as for the rumor that Bob Ferris ran me around Feversham, this is a lie, and any old time that he wants to meet me, I am in Feversham every Saturday night with the goods. Of course I have made no mark at this, and Bob Ferris holds the world's record for licking two boys in the bush, but if he says any more it will not be the boys this time he is tampering with. I would have said more, but space will not permit this time, Yours,

John Findlay.

Division Court

Division Court was held in Dundalk on Wednesday of last week. There were only a couple of cases heard, as follows:

Scott vs. Acheson—A. H. Scott of Owen Sound sued Wm. Acheson for $31.25 for removing a building. Acheson claimed that Scott had damaged the building and some trees. Judgment was given for $20 without costs.

H. Perigoe vs. J. M. Bolton—Action on account for $39.50. Judgment for $36 and costs without witness fees. The defendant arrived on the scene too late to defend his suit.

Charles Weber was riding near Fort Saskatchewan when his horse fell, killing Mr Weber and breaking its own neck.

Catarrhal Deafness

Successfully Treated By

Catarrhozone

Deafness is not so common as blindness, yet thousands are more o less afflicted by it, and their comfort seriously interfered with.

Catarrhal deafness manifests itself but slowly, yet it must be acknowledged that the great majority of those who become totally deaf might have averted this unfortunate condition if they had treated the catarrhal inflammation at its beginning.

The only remedy that can be safely employed for all forms of catarrhal deafness is Catarrhozone. You simply charge the air you breathe with this healing, soothing agent, and by forcing it gently through the ears destroy the germ life which keeps up the inflammation, and at the same time by the soothing, healing action it heals the inflamed surfaces of the middle ear.

CATARRHOZONE, to those who are just a little deaf, and are growing increasingly deaf, is an agent capable of affording the utmost satisfaction, and its use is attended without danger, and as the treatment can be carried on at home no person threatened with the affliction of deafness should postpone one moment in beginning its use.

From every part of the Dominion glowing accounts of the beneficial action it exerts upon catarrhal conditions of the middle ear have been sent in, and you will be resorting to the only method of cure, and the simplest method too, if you try Catarrhozone. Dealers everywhere sell it, 25c, 50c, and $1.00. By mail from The Catarrhozone Co., Buffalo, N. Y., and Kingston, Ont.

A number of citizens formed a little association recently for the purpose of stocking the Saugeen River with mountain trout. Raising a few dollars, they sent to Caledonia Springs, N.Y., where they secured a few thousand fry, which they put into McGowan's dam, expecting to have good fishing there in a year or two. Stimulated by the example, other citizens raised additional funds and are sending for a much larger supply which, we understand, they intend putting into the river in and below the town. These are said to be good fish, and that they will thrive in much warmer water than is required for our ordinary speckled trout. It is to be hoped the enterprise will prove a sucsess and that the sport of fishing may soon be materially increased.—Durham Chronicle.
