GENERAL ADVERTISEMENTS.

FIRE!

CAPITAL, $300,000.

The St. Lawrence Insurance Company Chartered in 1836 continues to insure on as cheap a scale as any other reliable Company in New York. It insures from fire to any amount, and presents the following advantages:

1st, Its total capital for five years has not exceeded the rates of Stock Companies by two years on from premiums.

2d. It does not insure buildings in blocks, but extra hazardous risks, but ordinary and detached brick dwellings. In the several towns of Plattsburgh, Watertown, Canning, Port Hope, and Pittsburgh, totally destroyed, in which the Company had operations, its total losses were less than $10,000.

Stock Facts Speak.

3. The Company is bound by the Survey of the agents, and this has taken all policies.

4th. The total liability of the members in the notes, and the company cannot assess beyond that sum, as is the case in most Companies of the State.

5th. The Capital of this Company is always available, as it has laid but one small assessment in FIVE YEARS, and the cash balance in favor of the Company, October 1, exceeded the total liabilities was about

$12 000 00.

6th. The policy comes due from 12 o'clock, noon, the day the money is paid to the agent.

7th. The rates of the members of this Company are never increased to pinch money but a member can withdraw his note and cancel his policy when he may choose, by paying his share of the actual loss.

8th. The policy of this company is bona fide, not go[illegible] to evade the requirements of the law of the State by taking excessive rates, on encumbrances, hazardous property, but the rates are on same principle as yours.

The Company has twelve millions of Insurance, [illegible] hundred thousand dollars capital; the [illegible] stated above stated—its risks are well and profitably chosen; and if prudent management, steel concerns, small risks, and a large number of members, the members from assessments will be [illegible]. This Company regards it [illegible] honesty and an imposition in any mutual Company to continue its agents in promoting many CANNOT be profitable, but gives the facts and points must be their own judges.

We might the past a good guarantee for the future. During the past year the Company paid in losses $22,417 99 and its expenses were only $9 122 81 exclusive of the loss to the agency. It includes $300 paid to the Officers; about $600 for postages, and the balance was for printing and other incidental expenses.

N. B.—Agents have commissions signed by the Secretary, and parties paying monies will require their production and receipts. The Company will not hold itself in any way responsible for the acts of any person not having been in its commission.

If the policy be not received, the party must mail his receipt to this office in THIRTY DAYS, and the policy or cash will be returned.

AGENTS, who can comp well recommended for proper age, judgment and character, are wanted, to whom liberal inducements are offered. Address the Secretary.

GENERAL ADVERTISEMENTS.

BRITANNIA LIFE ASSURANCE COMPANY,

No. 1 Princes Street, Bank, London.

CAPITAL, ONE MILLION.

ENDOWED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 8.

THE great success of this Institution in Europe and the numerous Policies issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death.—The rates of the Britannia are the lowest which can be offered, consistently with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office, or in the Montreal Herald, Montreal Gazette, and Montreal Courier as this is several papers in Canada West.

Assurances may be advantageously effected on the lives of others, either for the purpose of securing loans, or debts, or in case where the party has an interest in the life of another, so as to be in any way prejudiced in the event of his decease. To creditors, a Policy of Assurance affords a certain and, in many cases, the only means of security. Also in addition to the published rates, an extensive set of Tables has been computed for Assurance on Joint Lives, the survivor of two or more lives, and for contingent Assurances; also for Reversionary Annuities, Endowments for Widows and Children, and for every possible contingency of fleeting human life, against which it may be conducive expedient to provide.

COMPARATIVE STATEMENT OF THE RATES OF THE FOLLOWING OFFICES:

Rate for one year, (whole of Life) for the Assurance of £100:

National Loan Fund	age 30.	£2	4 4
Colonial Life Assurance Com'y	do	2	5 2
United Kingdom	do	2	13 10
British Commercial	do	2	1 1*
Mutual	do	2	1 9
Britannia	do	2	0 5

The other Offices doing business in the Colonies are so much higher, that comparison is unnecessary.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum; payable at his or her death, without partaking in the profits, and thereby secure an immediate Security not paying more than is absolutely required to provide for the risk—but participation in profits is preferred by any party, there are "Mutual Tables" adapted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out a very safe and profitable inducement to the person wishing to Assure.

All claims payable within THREE MONTHS after proof of death. No proof of birth is required at the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, unless under any circumstances, the difference called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a bona fide Creditor, the sum assured will be paid without deduction; if the Policy be not assigned the full amount of Premiums received thereon will be returned to the family of the Assured.

The subscriber begs to remark that the Britannia Company has been doing business in this Province for about ten years—and has been always found liberal, and prompt in the settlement of claims.

The necessary forms, and every requisite information, as to the mode of effecting Assurances may be obtained either by letter or personal application to

THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant Assurances on Lives, whether single or joint, to sell Annuities, to purchase Reversions and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that it can command in Canada, to offer terms of Assurance much more reasonable than the lower rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An exact statement of its receipts and expenditure is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it invests all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & further engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by Injured Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
