VICINITY CHIPS

Mr. . Wright of Hagersville visited his mother here this week.

M. J. Bolger of Dundalk has purchased a hotel business in Arthur.

Dr. and Mrs. Thos. Henderson of Toronto are visiting friends here.

The Grey Old Boys will be here on Saturday. Give them the glad hand.

Mrs. Marcellus, accompanied by her daughter, Miss Marcellus, is visiting her son, J. E., here.

Mr. W. A. Armstrong was in Detroit for several days during the past week on timber business.

Mr. Geo. Stewart returned last week from Elk Lake and will remain here for a couple of months.

Mr. and Mrs. C. W. Chadwick and family are on a three months' trip to the Rocky mountains.

Mr. and Mrs. Thos. Wright and two children of Hamilton are visiting at Mr. H. Smith's in town.

Misses Lilian and Florence Bunt are visiting their grandmother at Woodbridge and their aunt in Toronto.

The bricklayers began operations on the new high school on Wednesday last and are fast shoving up the walls.

Misses Lilian and Laura Armstrong leave on Friday for Port Dover, where they will visit their aunt for a time.

A. E. Bellamy has severed his connection with J. & W. Boyd, and is at present with his brother, C. J., in the hardware business.

Mrs. Muller and three children of Mont Clair, N. J., and Mrs. G. Rutledge, arrived last week to spend their usual summer vacation here.

The Misses Trimble gave a lawn party to about twenty young people on Friday evening last, when a very pleasant evening with games, etc., was spent.

It rained heavily on the Twelfth but there was not a word of complaint. It was received with thanks and twice as much would have been appreciated.

Rev. Wm. Savage, a well known Methodist divine, died at his home in Guelph at the great age of 92 years. The rev. gentleman was well known in this vicinity.

The farmers of the surrounding neighborhood west of Flesherton, held a very successful picnic on Friday of last week, in Mr. Fred Brown's bush, which is an ideal and picturesque place for picnics.

The pipe organ of the Methodist church was removed last week, in preparation for the installation of a larger and better one. It will be eight weeks before the new organ is completed, and in the meantime a reed organ will do duty.

Teacher wanted for S. S. No. 6, Osprey, County of Grey. Duties to commence Aug. 15th, 1910. Protestant wanted having a third class certificate. Apply stating salary to James T. McKenzie, Sec.-Treas., Feversham P. O., Ont.

Loads of piping are being delivered at Kimberley these days to provide piping for a waterworks system which is being installed there by eight or nine enterprising residents. The water will be brought from a spring up the east mountain.

Mr. Wm. Karstedt of Indianapolis, Indiana, spent Sunday with his brother, F. G. It is about 21 years since Will left Flesherton. For a time he was in the ministry but quit it about five years ago.

Mr. Charles Ramage of the Durham Review and Mrs. Ramage left recently on a couple of months' trip to the Old Country. Mr. Ramage emigrated from Scotland 42 years ago, and has not been back since. His friends of the quill in this district will join in wishing him a pleasant journey and safe return.

Chatsworth will not be a desolate oasis this summer after all. That the town is "wet", as most people know, and it was feared that the wetness was extending itself to that condition described briefly as "waterlogged",—in other words that the council of that city had become so dead that it would also kill the brass band rather than pay a small money grant. But not so. The band will keep things stirring up there for the summer and in return will receive the magnificent sum $20! Bravo Chatsworth!

Dr. Shultis of Heathcote got his leg badly fractured last week by a kick from a horse which he was driving. The animal smashed the dashboard and struck the doctor, who will be laid off from practice for some time.

Out of the 41 who tried the entrance here this year only 28 students passed. Mr. Holland passed 11 out of the 16 who wrote from this school, and is to be congratulated on the way his pupils waded through a very difficult and tricky exam.

The Red School and Flesherton baseball teams tried conclusions on Tuesday afternoon here. The latter team was so hoggish with the score that the elements interfered and rain stopped the game after two innings, with Flesherton in the lead—12-3.

Secretary Bellamy of the high school board informs us that he has had fifteen applications for the vacancy caused by Miss Chidley's retirement. This does not look as though there is a great scarcity of teachers. Other secretaries and the number of teachers advertised for tell a different story, however.

Miss Mary Wilson, who has been attending Toronto Normal school, is receiving congratulations these days. She passed her second class professional examination, which means that she is now the proud possessor of a life certificate. Miss Agnes McPhail and R. Tucker of Ceylon were also successful in the same examination. The latter two wrote at Stratford.

About 25 young men at eleven o'clock on Monday night held a parade around town, garbed in night shirts and pyjamas and armed with meat horns, and other very musical implements. After marching around for an hour and producing the most dismal melodies (supposed to be 12th of July selections we presume) the midnight revellers disbanded and allowed the citizens once more to return to their disturbed dreams.

Mr. Andrew Graham of the Valley returned last week from the vicinity of Saskatoon, Sask., where he has been for some time. Mr. Graham says he saw many farmers plowing down their crops. Owing to drouth spring crops shot out when a foot high. The rains which have been quite general over the west during the past week did not come in time to be of much use to the crops in many places.

In an effort to scare the midnight revellers on the night of July 11 (or possibly to add to the din) John Hales fired off a double barrelled shot gun into the air. The gun blew up and in the resulting fracas Mr. Hales was burned on the wrist by the escaping powder. A painful black burn now remains to help him remember that guns are not to be exactly played with. Hereafter he will use a 5c pistol and shoot paper caps to cause any commotion he wishes to raise. It may not be quite so sensational, but is certainly more safe.

Most things have a limit, but the difficulty is to locate it sometimes. The Advance Man is beginning to wonder when the wheat and barley in this district are going to stop growing. We have been handed fall wheat six feet, eight inches long, and now Walter Akitt drops in with barley five feet, four inches long. The old childhood yarn of Jack-and-the bean-stalk bids fair to be enacted in this district with wheat and barley replacing the dwarfish corn.

Flesherton may claim to have one of the youngest senior baseball teams in this district—or a great many others, for that matter. The boys who played the grey-headed Ravenna men at Feversham last week ranged in ages from 16 to 26. Four were only 16, and seven were 20 or under. The pitcher generally has a shock when he sees 16-year-old Harold Mitchell stuck up beside the plate with a bat in his hand, and says to himself "Here's a victim." But when there is a resounding smack and a 3-bagger is knocked out the pitcher is wise, and next time he comes up Mitchell gets a base on balls; and the way Bob. Bellamy eats up "flies" in the field is enough to give him dyspepsia. Another 16-year-old, Russel Gee, pitched most of the innings, and Fletcher, still another "sweet sixteen," finished the game. The using of these youthful ball tossers is not altogether a matter of necessity. The young chaps, as a rule, put up a better game than lots of the older ones, and to them is partly due the large list of victories in baseball this year.

The system of selling all vegetables and groceries by weight, according to the Lethbridge Herald, is growing in Western Canada, and it might move east with greater advantage to consumers. The other day in Cleveland four hundred of the best grocery stores inaugurated the plan of selling all vegetables by weight. This action of the grocers was due to the recognition of the public demand by the Grocers' Association. Why should a person pay as much for a dozen small eggs as for a dozen of a larger size? In these days of high living people have to pay enough for almost everything they buy to make it possible that they should not have to be taxed still higher by paying as much for small eggs as large ones. —Confederate.

A story is going the rounds about a bashful young boarder at the Pacific Hotel, who one day recently, on coming into the dining room for dinner saw a bouncing baby boy sitting on the floor alongside the fond mother. Being unable to resist the temptation to tickle the youngster under the chin, he proceeded to do so and the little fellow looking up into the face of the aforesaid bashful young man, sweetly smiled and with his lisping tongue ejaculated loud enough to be heard over the crowded dining-room, "Da-da." It is hardly necessary to say that Mr. Boarder blushed most noticeably and quickly bolted for his seat at a nearby table.

On Friday morning June 24th, at two o'clock, Mr. Joseph Schnitzler's saw mill at Lauriston, six miles west of Markdale, was discovered on fire. The devouring element had gained such headway that nothing whatever could be saved. The loss amounts to fully three thousand dollars, and no insurance. Mr. Schnitzler came here five years ago, and has proven himself an honest, industrious man, but has experienced the trying ordeal of seeing his earnings of that time go up in smoke in one short hour. He had about one-half his stock of logs cut out, and purposes rebuilding at once so as to finish the cut this season.—Standard.

Action has been entered by Mrs. Agnes German, of Owen Sound, to recover alimony from George Henry German, of Shelburne. On motion of the plaintiff before Geo. S. Holmested, K. C., acting Master in Chambers at Osgoode Hall, an order was made for the payment of $3 a week for interim alimony and $30 for disbursements, to enable her to bring her action to trial. The principals were married in Toronto in 1907. The plaintiff is a salesman, who earns $9 a week, owns two lots valued at $550, and supports his mother.

The incorporation of the Universal Aerial Navigation Company, of St. Louis has revealed plans for a commercial passenger airship that rivals the dreams of Jules Verne. Officials of the company declare that within a year they will have a ship that will carry up to a hundred passengers in a sixty-mile wind and at a speed of one hundred miles an hour.

A team of horses belonging to John Belshaw of Woodford became frightened at the Grand Trunk station in Meaford, ran in front of the locomotive and were killed. The loss is in the neighborhood of $500. Another team also became frightened at the same time and were injured but will recover.

The new airship is called a gyroplane, so named from the fact that it is a combination of the gyroscope, the helicopter and the aeroplane.

Lord Primate's Unique Record.

The oldest prelate in the kingdom, Archbishop Alexander, the Irish Lord Primate, has just entered on his 87th year. As a bishop Dr. Alexander's record is unique. He is the only prelate in these islands who has been over forty years in episcopal orders, and the only survivar of the bishops of the Irish Church prior to its disestablishment. It is noteworthy that during his occupancy of the See of Derry he made a magnificent gift to the diocese by permanently endowing it with $10,000 a year and a bishop's house.

Turned the Laugh.

"Who is there," cried the impassioned orator, "who will lift a voice against the truth of my statement?"

Just then a donkey on the outskirts of the crowd gave vent to one of the piercing "heehaws" of the tribe. The laugh was on the orator for a moment; but, assuming an air of triumph, he lifted his voice above the din to say:

"I knew nobody but a jackass would try it."

His View of Women.

Archbishop Whately said, with flippant but humorous discourtesy, "Women never reason, or if they do they either draw correct inferences from wrong premises or wrong inferences from correct premises, and they always poke the fire from the top."

Hubby's Little Game.

Wife—What's the matter? Husband—Some one has been robbing the firm, and I'm afraid I'll be suspected. Wife—Impossible! Husband — Well, it's best to be on the safe side. Better not buy that new dress you've been worrying me about.

Montreal's Harbor.

It is said that the harbor facilities of Montreal are almost as good as those of Liverpool, and have cost much less.

Boiled Alligator.

Boiled alligator flesh has a taste very much like that of veal. It is much eaten in India.

$5.00 Reward.

For the person that will furnish information which will lead to the recovery of five stray yearling cattle. 2 steers, 1 gray and 1 red with a little white, and 3 heifers, 1 gray and 2 mostly red, all marked with leather tag, attached by two pig rings in lower part of left ear near the head. Jas. Findlay, Markdale.

The Great Muskoka Trip—July 30th.

The finest holiday outing and at the same time one of the most inexpensive, is the Sun Press Club's great excursion to the world-famous Muskoka Lakes. The special train leaves Flesherton at 10.50 a. m. on Saturday, July 30th, connecting at Bala with the steamers of the Muskoka Navigation Co. for a round trip of the lakes. The return rail fare is only $2.10, and a ticket entitling the holder to a complete round trip of the lakes is only $1.15. Meals and sleeping accommodation at first-class hotels and on the boats does not run over $2 a day, so that the actual expenses of the trip (including ticket) need not run over $10.00. The trip includes Lake Muskoka, Lake Joseph and Lake Rosseau. A person may travel during the entire stay among the most magnificent scenery on their ticket, and still not cover the same route the second time. A list of hotels, maps of the district, steamboat timetables, and all information may be had by dropping a card to The Sun, Owen Sound.

Odds and Ends

MISCELLANEOUS

W. A. Armstrong issuer of marriage licenses.

The undersigned is prepared to do all kinds of stonework and plastering. Repairing promptly attended to. J. O. Patton, Flesherton. Box 241.

SUFFERED FROM VIOLENT CATHARTICS

The Warning of Mr. Geo. C. Fox Is One That Should Be Heeded by All.

Few men on the road are better known than genial George Fox, whose friends throughout the West are legion. In the following letter he expresses gratitude for signal services rendered by Dr. Hamilton's Pills. He goes on to say: "Until I used Dr. Hamilton's Pills and experienced their wonderful mildness and curative power, I estimated the value of every pill by its activity. Talking about this to a well-known physician I met on the train the other day, he explained there are different kinds of drugs that act upon the bowels, the most active being known as drastic. Except in extreme cases where the life of the patient depends upon speedy evacuation of the bowels, pills should never be drastic. Purgatives cause catarrh of the bowels and inflammation; their dose must be increased, causing even more harm. With such a clear explanation I could see why Dr. Hamilton's Pills are curative and not irritating, why they are mild, yet most searching.

"From my experience I recommend everyone that takes pills to give up the old-fashioned harsh, purging pill, and, instead, to use Dr. Hamilton's. They cure headache, biliousness, constipation, bad stomach, and keep the system in perfect condition."

Refuse any substitute for Dr. Hamilton's Pills; sold for 25c., all dealers, or The Catarrhozone Co., Kingston, Ont.

Dr. Hamilton's Pills Cure Constipation

What we Gave Last Week In The Flesherton Advance

33 lines "Lost and Found" ads. (They do the trick.)
12½ columns of local news. (Dished up in newsy style.)
16½ columns of general news. (News one wants to read.)
19 columns of ads. (To keep business booming)
15 budgets of correspondence. (Every one interesting.)
A readable editorial column.

Can you wonder then at the growth of our circulation? It's 1040 now.

The Advance to any Canadian address till 1 Jan., 1910, for 35c.

Harvest Tools, Etc.

Now is the time to buy your hay fork slings, hay forks, pulleys or car. We have them at the lowest possible prices. Also a large supply of pitch forks, hand rakes, turnip hoes, scythes, snaths, emery stones, scythe stones, fork handles, etc. Everything necessary to make your harvest equipment complete.

Paris Green

Buy the best paris green on the market. The Canada Paint Co. are reputed to be the best paris green makers in this country. We have it, you should have it, the potato bugs need killing. Price per pound 25 cents.

Screen Doors

In any width or design. We have a large assortment of plain, fancy or panelled screen doors. They are durable and complete in every way, being nicely grained. They show a complete appearance to your house, as well as keep out the flies. Prices range from $1.00 to $2.00 complete. Also a large quantity of wire screening in all widths, at the correct price.

Binder Twine

No doubt people are being led astray by buying cheap twine. This twine, we are told, is similar to prison twine, which is very coarsely woven and of poor quality, besides it is only 550 feet to the pound. Why buy this cheap grade of twine when you can buy the best for 10 cents per pound with 650 feet to the pound. You save the difference in the price in your time fixing the other. Get satisfaction, it pays.

Preserving Season

Is now very close. Are you prepared for it by having your supply of preserving kettles, ladles, dippers complete? We have added to our stock a full line of granite preserving kettles in all sizes. The best of granite will not wear too long—do not buy cheap goods. We have a bargain in a set containing five pieces; a sauce pan, a preserving kettle, a pudding dish, a bread pan, stewing pot, all granite, first class quality. The set for $1.00. It is cheap, buy it.

Rubber Paint

Any one in need of pure rubber paint will do well to test our high grade of paint. It is worth while to paint your roof, either shingle or iron. It costs only a small amount and it lengthens the life of them one half. Try a gallon and be convinced.

F. G. KARSTEDT, Flesherton

The Old Reliable Shoe Store

After all has been said the final test of a boot is its wearing qualities. CLAYTON'S have them in summer shoes for men, women and children—black, tan and patents. We also have the W. B. H. make in staples of solid leather for solid wear.

We have also trunks and suit cases.

Custom work and repairing done.

CLAYTON'S

Ceylon's Busy Store

Now is the time to get your measure taken for a new suit of clothes, up-to-date, from $15 to $25 or ready to wear clothing from $4.75 to $11.00.

Also a good stock of the famous Peabody's overalls and jackets.

We have a good up-to-date stock of boots and shoes at right prices.

Now is the time to get your sugar as it is likely to go up higher.

A few bundles of 550 feet binder twine at 8 cents while it lasts.

In glassware, 4 piece tea set for..... 25c.

Also harvest tools

Quaker berries at 3 for..... 25c.
Orange meat, per package..... 10c.
Quaker puffed rice, 3 for..... 25c.

Jas. Pattison - Ceylon

The Markdale Music House

To Intended Buyers: If you want a first-class piano or organ call here. I sell such high grade pianos as the Heintzman, Newcombe, and Stanley, of Toronto; Willis pianos and player pianos, of Montreal; and the Wm. Knabe & Co., of Baltimore—and other makes.

Organs such as the Thomas, of Woodstock, and Sherlock-Manning organs and player organs of London—both for homes and churches. Any of these goods sold on terms to suit the buyer.

C. F. Wilson, Markdale
