Riverdale

Another fast and furious conflagration occurred in this vicinity on Friday evening when F. Johnston's barn and entire contents, consisting of last season's hay and grain crop, three horses, cows, hogs, poultry, agricultural implements, driving vehicles and other articles. were totally consumed. We understand there was no insurance. As a result of this regrettable misfortune Mr Johnston is placed in a very embarrasing position, and we trust that our citizens will offer any material assistance within their ability to ameliorate matters.

While J. Neely and James Gould were engaged felling a tree in the woods on Friday Mr. Gould had the fearful experience of being instantly rendered unconscious by a terrible blow on the head from a falling limb. Mr. Neely being unable to convey his injured partner to a place of shelter out of the raging snow and bitter cold, was obliged to leave him lying in the woods with his life blood quickly ebbing from a frightful gash in the head, and summoned assistance from a mile or more away. As a result of the awful exposure and loss of blood Mr. Gould lingers in a very precarious condition.

Only eleven weeks till spring.

Charles Ellis returned from the west on Saturday laat.

S. Walker has a gang of men engaged making barn timber. Two large barns will be erected in this vicinity next summer.

Our teacher, Miss Bristol of Renfrew, assumed professional duties in our academy of learning on Wednesday. She comes highly recommended, not only as a efficient schoolma'am, but also as an accomplished lady and eminent in society circles. Already Cupid is creating considerable agitation among our desirous young gentlemen.

The cosy home of Mr. and Mrs. Alex. Henning was the scene of a sociable event on Wednesday evening last, when about sixty of the young people in this vicinity pleasantly whiled away the hours in quadrilling, games, and various other amusements until the approaching dawn on the following morning. The many guests were again privileged to enjoy the charming hospitality of this genial host and hostess, and we feel assured that every one returned home delighted at having participated in such a jolly time.

As we apply the finishing stroke of the quill to Riverdale news, word has been received that our famous fur trapper had a fierce encounter with a wild cat while returning from inspecting his traps. Full particulars later.

Resolution of Condolence

To Mrs. John Kerton and Family,—We, the members of the Royal Scarlet Chapter of Osprey, take the privilege of tendering to you and your family our heartfelt sympathies in the death of your husband, whom we held in high esteem as a Sir Knight Companion, and who held the office of Chaplain for a number of years, and who was always regular in attendance and took a great interest in all things in connection with the Order.

We know that you will miss him in the home as an affectionate husband and father, and so will we, as a friend and brother ; but we know that our loss will be his gain. We pray that God, who has promised to be a father to the fatherless, and a husband to the widow, may be with you in your bereavement and sorrow.

Signed on behalf of the Royal Scarlet Chapter of Osprey.—Fred W. Brownlee, W. C. ; J. G. Elliott, Camp Scribe.

Miss Eva delighted the audience with instrumental selections on the organ. Mrs. Buchanan sang two Scotch songs that were loudly applauded and encored again and again. Mrs. B. was suffering from a cold and her voice was not up to her usual good form, but the explanation she gave was well received. We were all in cold storage in the hall while supper lasted. The supper scored a great success, a good crowd attending, and a good program was given. Recitations, solos and duets were rendered in good style. The church will suffer a great loss in Mrs. Hanley's removal from this neighborhood, as she has certainly been a great worker in the church and choir and her place will be hard to fill. Rev. A. P. Stanley occupied the chair, and we are sure excelled himself on this occasion. It must have been the climate.

Don't forget to come and enjoy a good time.

Priceville

The January thaw made rather a brief visit on the first.

The municipal contest here was a hot one, but those who were opposed to the rural high school building elected four out of five of the Council board, and if the organization in this vicinity had been a little more perfect they would have elected the five with good majorities. What did the ballot box say on the first ? It said : "The voice of the people is law ! No czar shall rule Artemesia." Since the campaign grew warm the ladies of Priceville and vicinity have been making considerable use of that patriotic song, "The Maple Leaf Forever," which was written by the late Alexander Muir, who we believe was a distant relative of our Reeve elect, and they now repeat the last line of each verse when they substitute the words "Alexander Muir forever."

Chest Inflammation

Suffered From a Heavy Cold, Pleuritic Pains in Side — Constant Coughing.

"Anyone that goes through all that I suffered last winter will appreciate the value of a remedy that cures like Nerviline cured me." These are the opening words of the solemn declaration of E. P. Von Hayden, the well-known violinist of Middleton. "My work kept me out late at night, and playing in cold drafty places brought on a severe cold that settled on my chest. I had a harsh racking cough and severe pains darted through my sides and settled in my shoulders. I used different liniments, but none broke up my cold till I used Nerviline. I rubbed it on my neck, chest and shoulders, morning and night, and all the pain disappeared. Realizing that such a heavy cold had run down my system, I took Ferrozone at meals, and was completely built up and strengthened. Since using Nerviline I have no more colds or pleurisy, and enjoy perfect health."

Nerviline CURES CHEST COLDS

It's because Nerviline contains the purest and most healing essences and medicinal principles, because it has the power of sinking through the pores to the kernel of the pain—these are the reasons why it breaks up colds, cures lumbago, stiffness, neuralgia, sciatica, and rheumatism. Refuse any substitute your dealer may suggest—insist on Nerviline only. Large bottles, 50c, trial size 25c. Sold everywhere, or The Catarrhozone Co., Kingston, Ont.
