Mrs Ford Maynes Lindsay Ont

Dear Sir

first I will introduce myself Mrs) Josephine Guerin my father the late M. Grozelle kept a shoe repair shop on Lindsay St at the bridge. I am his eldest daughter and only living member of our family my woman friend here in Peterboro now formerly of Lindsay Mrs Stasia Hogan nee White she worked for L V O corner there.

now the purpose of this letter is to tell you how much we enjoy (on Main St) in your paper

When she gets it she phones me and it brings back old times like the one about Mr Jim Mitchell he was one in a million with his cheery smile which was always the same also Mr J Hutchison a very nice person I think if I remember the twin Barnett Fred and Joe worked for him. you had a write up about my Dad when you worked for the Watchman and Warden I kept it a long time but it got lost and I felt badly about that.

(2)

There was also a write up which was written when my cousin the late Felix Forbest died. Felix was always the perfect gentleman.

I see your picture in the Examiner taking part in the activities there the fair grounds I believe.

I was sorry to hear of George Baldwin being so ill. I believe Margaret is not so well either they were our neighbors her mother Mrs. Betty Ranson was one of the dearest of souls we were very fond of her. Now we all I think are human enough to like a word of praise for what we do so when you are writing of old times gone by these will be two elderly woman in Peterboro enjoying it.

Best of health and good luck

Sincerely.

M. Josephine Guehin
