Fournier was fined $35 and costs.

FAST IN THE ICE!

While cutting ice on Munshaws "lake" for the town market this winter a Flesherton man had a peculiar experience. It was one of those very cold days when ice forms rapidly, and as he stood, sawing away, in his long rubber boots the water flowed over on the ice on which he stood and froze solid again. When he had finished the cut the ice man attempted to move his feet, but there was no such thing as motion so far as his pedal extremities were concerned—he was frozen fast to the ice, and had to remain in this uncomfortable position until his frantic shouts brought assistance. For the rest of the season he acted as though happy that the "footnote" had been removed from the Methodist discipline, and indulged constantly in a species of war dance which prevented a repetition of the calamity, even though it impeded the ice harvest slightly.

Agricultural School Items

The following interesting paragraph appeared in the Meaford Council minutes as published in the Express last week:

"A report was read from the deputation to Toronto regarding the Agricultural Department of the Meaford High School. The report included an expense account for $44.75, and this part of it was the cause of an attack upon the Reeve, when he moved that it be accepted and paid. Mr. Londry seconded the motion but took occasion to place himself right with the public. He accused the Reeve of not placing the matter squarely before the Council. Upon learning more about the "plum" to be handed out by the Government he was of the opinion that Meaford had as much chance of getting the Agricultural Department in connection with Meaford High School as they had of being struck by lightning in a snow storm He was told that influences were being used with the Inspector to get the school connected with Flesherton. If he had known as much then as he knew now he would have been one who would have saved the town the expense money, amounting to $44.75."

"Mr. Farrer then came to the assistance of Mr. Londry and he attacked the Reeve. He was given to understand that some twenty-one members of the County Council had pledged themselves to support the Flesherton school and Mr. Agnew knew all about it when the matter came before the Council.

Dundalk Favors Flesherton

At Dundalk Council session on Monday of last week the following resolution was carried:

McKenzie—McDuff—That this Council is favorable to the establishment of an Agricultural School with an Instructor located at Flesherton in connection with the Artemesia Rural High School.

We now await similar action on the part of Markdale village council, when every obstruction will be removed.

Be at the Town Hall this (Wednesday) evening.

John Bulmer's little 10-year-old daughter, Sophia, met with a serious accident. She was hanging on the back of a sleigh when a horse which was running away with a cutter came galloping up behind, and in passing the sleigh struck the child a furious blow, breaking her thigh bone.

FOR FAMILY USE

An Ideal Remedy for Coughs, Sore Throat, Catarrh, Weak Chest.

After having made a special study of the treatment of the throat and lungs for twenty years, Prof. D. Jackson states that in his opinion no preparation for general family use is so efficient, so healing, so certain to cure as Catarrhozone.

As his reasons for making this claim for Catarrhozone, Dr. Jackson says:

"Catarrhozone is free from opium.

"The patient can breathe its rich, balsamic fumes direct to the diseased spot.

"It is a remedy that treats and cures causes—prevents disease spreading.

"Reaches the innermost recesses of the throat, nose, bronchial tubes, and lungs.

"Alleviates chest soreness.

"Stops coughing instantly.

"Prevents bronchial irritations.

"Relieves clogged nostrils.

"Cures sniffles and nasal catarrh.

"Prevents La Grippe.

"Has proven itself a cure for weak lungs, loss of voice, speakers' sore throat, asthma, bronchitis, catarrh, coughs, colds, and winter ills."

Catarrhozone is unquestionably the world's greatest breathable cold, cough, and catarrh medicine, and being free from all drowsy drugs, entirely safe for children and old folks; it makes an ideal family remedy.
