### LATIN CLASSICS.

*Cheap Colonial Editions for Colleges and Schools*

THE success which attended the experiment to improve and render uniform the Books used in the Common Schools of Canada, as set forth in the following advertisement, emboldened the Subscribers to undertake the publication of the Classical works now advanced for the use of Colleges, High Schools, District and Grammar Schools.

The numbers of the series consist of the following:
Excerpta from Cornelius Nepos 1s. 6d.
The First Four Books of Caesar. 1s 3d.
The Third and Fourth Books of Quintus Curtius. 1s 3d.
Cicero de Amicitia. 1s.
Cicero de Senectute.
Twelve Agreeds. 3d.
The Georgics of Virgil. 1s 6d.
The Fasti of Ovid. 1s 6d.
The Odes of Horace. 1s. 3d.
The Three First Books of Ovid. 1s 6d.

On the above can be had handsomely bound in two vols, price 6s. 3d. for the Prose and 5s. 6d for the Poetry

We express at this noble attempt to facilitate the studies of the Classics in Canada by reducing the expense of procuring these portions of them which are used in the Schools. The cheapness, convenience and excellence of this series of Classical Texts cannot fail to secure their introduction and use in our Grammar Schools and Colleges. Messrs Armour & Ramsay have been the pioneer Publishers of our best series of Common School Books and the are now laying the country under additional obligations by these excellent reprints of Classical School Books. We hope to see the day when Canada will reprint in its own printed Classical, as well as general literature, as at how then to some extent, and we hope will be a much greater extent, in its own literary men.—*Journal of Education, Toronto*

Orders will be executed by the Booksellers throughout Canada, or by the Publishers,

## GENERAL ADVERTISEMENTS.

### BRITANNIA LIFE ASSURANCE COMPANY.

No. 1 Princes Street, Bank, London.

**CAPITAL, ONE MILLION.**

EMPOWERED BY SPECIAL ACT OF PARLIAMENT 4 Vic. Cap. 9.

THE great success of this Institution in Europe and the numerous Policies, issued by the different Agencies in Canada, evidently show that the advantages of Life Assurance are daily becoming more and more appreciated by those who feel the necessity of making some provision for their families, or securing the amount of debts due by or to them in case of premature death. The rates of the Britannia are the lowest which can be offered consistently, with security to the Assured, and the subscriber begs respectfully to invite the attention of the inhabitants of Kingston to the numerous Tables of Rates, specimens of which may be seen at his office.

The income of the Company, independently of the large subscribed Capital, is between Eighty and Ninety Thousand Pounds, Sterling, per Annum, and of this the greatest part is continually accumulating for the payment of losses.

A party effecting an Assurance with this Company, may do so for a fixed sum, payable at his or her death, without participating in the profits, and thereby secure an immediate Bonus by not paying more than is absolutely required to provide for the risk—but if participation in profits is preferred by any party, there are "Mutual Tables" adopted by the Company, which offer an annual division of the Profits, and which being supported by the other Branch of the Institution, hold out very safe and profitable inducement to the person wishing to Assure.

All claims payable within twelve months after proof of death. No proof of birth is required to the time a claim is made; the age of the Assured being, in every case, admitted in the Policy, consent, under any circumstances, be after death called in question. Policies effected by parties on their own lives are not rendered void in case of death by duelling or the hands of justice. In the event of suicide, if the Policy be assigned to a *bona fide* Creditor, the sum assured will be paid without deduction; if the Policy be not assigned the full amount of Premiums received thereon will be returned to the family of the Assured.

The necessary forms, and every requisite information, as to the mode of effecting Assurances may be obtained either by letter or personal application to

### THE CANADA LIFE ASSURANCE COMPANY.

Incorporated by Act of Parliament.

THIS COMPANY is prepared to grant *Assurances on Lives*, whether single or joint, to sell *Annuities*, to purchase *Reversions* and to transact all business in which the risk of Life is concerned.

Tables have been expressly calculated from the most accurate data; and the Company is enabled, from its small expenditure, and the high rate of interest that money commands in Canada, to offer terms of Assurance much more reasonable than the lower rate of interest attainable on investments by British Companies and their generally large expenditure can with any regard to safety admit of.

An *exact statement of its receipts and expenditure* is annually published by the Company and forwarded to all who may be interested.

Of no other Life Assurance Company can it be said that it unites all its funds in Canada, and that it does not consequently contribute to the immense sum of money which is yearly sent out of the Province to pay British or Foreign Companies for that, in which (and this is nearly a solitary instance) neither Great Britain nor the neighboring States can fairly offer competition.

To parties who may at any time feel disinclined or unable to continue the payment of their premiums, this Company will grant Policies, payable at death, fairly representative of the value of such payments as they may have been made, & it rather engages to purchase policies for an equitable consideration after five or more full premiums have been paid thereon.

Three-fourths of the profits realized in the Mutual Branch are yearly divided amongst the policy holders thus assured.

A peculiar feature of the Company is, that it is not desirous to make profits by lapsed Policies.

Tables of Rates, forms of proposal, and all other information may be obtained at the Head Office and Agencies.
