Young Men's Styles

"There are underlying features of distinctive elegance in all garments made by the Andrew Darling Company." These are the words of a well known critic on up-to-date clothing. For style, quality of Worsteds, Make and Lasting Qualities they cannot be beaten. Why not get value for your money? Whether buying a cheaper suit or a real good one, the making, style etc., is just the same.

Building Hardware

It is time those who intend to build either a house or barn was looking up his list of Hardware Requirements and submitting them to us, in order that we can quote on them. By laying in large quantities enables us to do better for you than otherwise. We can quote you the lowest possible prices. Don't forget to call before you sign contract. Also, in Cement, The Canada Cement holds highest rewards for strength and durability. We have a car coming, if you are needing any, drop us a line and we will quote you.

Straw Hats and Felts

Our assortment of both these lines are good. Felts in blacks, browns, steel grays, and greens in all the latest styles. Black, blue, bronze green christys, in all the latest blocks. These lines are good paying values, running from 75c to $2.50.

Now that we are sure of spring, it is the time for the straws. Both in narrow and broad rims, our assortment is large. See our fancy straws before buying.

Spring Over Coats

These are a necessity, owing to the cool evening air and also the heavy rain falls. A Cravenette is just the thing for this kind of weather, while not too heavy, they turn a lot of rain. They cannot be beaten for Spring and Fall wear. We have them at $7.50 to $12.00.

Umbrellas

These are a necessity. Never know when you are going to be caught in a rain storm. Buy one now and be prepared for the worst. Good Quality, large Semi-Silk Covers, with either double or single spring, with prices ranging from 60c to $1.75.

House Cleaning Requirements

Now is the time, if you have not already bought you Lace Curtains, Blinds, Curtain Poles, Cretons Carpets, Linoleums, Oilcloths. Come in and see our lines. They are new and up-to date. BRIGHTEN UP. Use a little Paint or Varnish. Martin-Senour Paints can not be beaten Floor Paints a specialty.

Paroid Roofing

Acknowledged by all dealers and Manufacturers, honestly, that the Paroid Roofing is the best roofing on the market. Owing to its lasting qualities, it has become universal in its use, why not buy an article that you know gives satisfaction, as go stumbling into buying something you have not already seen used and found to be all that is required and more

Coiled Spring Wire

While it lasts, we offer to the public the chance, unknown to other merchants, of buying first-class coiled Spring Wire, for $2.50 per cwt. This Wire is no inferior grade, it is the best that can be bought. We stand behind the Wire. Beat it if you can? .....$2.50 per cwt.

TRUTH BEFORE FAVOR- PRINCIPLES, NOT MEN

A FRENCH NIGHTMARE

A French writer has been creating a nightmare over the horrible possibilities of aviation in warfare, drawing a picture parallel to Dante's Inferno or the horrors of the plague. He says the residents of all large cities will find it necessary to dig holes in the ground if they wish to preserve their lives. We are inclined to believe that he has allowed his imagination to run away with reason. There are some things that even modern warfare will not permit—some things that are not considered fair, or allowed even in warfare. The whit flag is never fired upon. The red cross is immune. Non-combatants are not made war upon.

In the light of these facts, why should the war-birds be allowed to annihilate commercial and residential cities that include hospitals and other humane institutions, any more than they would be allowed to blow up a red cross ambulance? Public sentiment in any christian country would not tolerate such inhumane warfare. The fortified cities would be the sufferers, but we have none such on this continent, and the urban population of this continent at least need feel no terror over the possibilities of hostile air ships blowing them up in their sleep.

THE LION WILL NOT CROW

It has been decided to cancel Canada's chief contribution to the coronation pageantry, "Festival of Empire." This was to be a made-to-order reproduction of the defeat through strategy of the invading American force in 1812 by a handful of Canadians. The scene which was to employ about 800 men, was to be an altogether charming rehash of (to Canadians) very interesting history.

But others than Canadians would be looking on—and the probability is that those from the States would fail to see the point—or at least, to appreciate it—and because it might cause the international arbitration agreement between Great Britian and the United States to develope a hot box and prevent it arriving at its logical destination, the proposal was dropped as though it were in a flying machine when the engine stopped—and there will be no such heart-rending scenes depicted at the expense of the Eagle.

It is better so. It was never the Lion's habit to roar over past victories, and he is none the worse for that.

MORE GLITTER OF GOLD

If the twentieth century is not, as Sir Wilfred puts it, "Canada's century "there is a nigger in the fence somewhere. With her great West for wheat and the East for fruit and mixed produce, her forests and water powers all seem to be doing their best to boom the best country on the face of this ball. In mining too, the future of Canada can scarcely be comprehended.

Already have we settled down, happily indifferent to the fact that Cobalt is the greatest silver camp in the world, and that it is surrounded by gold in rich quantities in many places. The entire northern portion of Ontario is rich in silver, gold and iron awaiting the inquisitive pick of the man with the wanderlust the roving prospector. All this is just to lead us to remark that the latest section to give way before the prospector for gold is one which was prospected many years ago in the extreme west of the province, the district surrounding Kenora, several mines were operated there a number of years ago, but through mismanagement and lack of funds the shafts were abandoned, one within a few feet of the pay streak which has lately been touched and assays from $400.00 to the ton up.

A gold rush to this district is expected this summer as news of its great richness leaks out.

As we said before, Canada is bound to claim practically everything in sight as belonging to her in these days when she has a tag on the 20th century.

Hands off!

The spring in some parts of the West has been unusually backward and severe—as usual.

In an Ontario town there is a musical organization known as Katys' orchestra. It has no relation, save in results, to the midnight back yard fence artists.

The Lord's Day Alliance has to work overtime this year—there are 53 Sundays.

Having just emerged from a long winter into summer days, all nature is putting on a new garb of verduer and beauty, it suggests to us the propriety of cleaning up and brightening our surroundings. All accumulations of the debris and rubbish of winter should be cleared away and destroyed; the sunlight is pouring into places that were unsightly corners in our dooryard and bids us clean up and brighten our environment. A judicious application of paint to woodwork where it has faded or warn away helps and adds wonderfully to the general appearance of the home. A village without any evidence of this kind of care is suggestive of deterioration and decay of declining values in property of declining spirit and ambition in its people—therefore we say brush up, clean up, brighten up, the exterior of the home, while the wives and daughters are busy house cleaning the interior.

For soreness of the muscles whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by W. E. Richardson & Son.

Rod and Gun

"In the land of the Moose Bird," the story of a trip eleven hundred miles by canoe and portage from the north shore of lake Superior to Hudson's bay, via the Albany river, forms the attractive feature of the May issue of Rod and Gun in Canada, published by W. J. Taylor Limited, Woodstock, Ontario. The narrator is Mr. W. J. Malone one of the many visitors from the States who finds in the winds of Canada advantages, from a holiday point of view, impossible to obtain elsewhere. Mr. Malone's writing is full of vigor and his narration is brightened by accounts of incidents by no means usual even in exploration trips taken so far afield. The route taken was one, few white men, apart, from Hudson's Bay employees, have followed, and the story is the more interesting on that account. With such a good opening the reader is led on to the other articles and stories and in particular should attention be directed to the papers on Big Game Problems and the Destructiveness of Wolves. Accounts of western hunts are also good and should interest hunters in eastern and central Canada.

A Richibucto School Teacher

Once a Dyspeptic—Now Well, Thanks to Father Morriscy's No. 11.

Richibucto, N. B., Nov. 17th 1909.
Father Morriscy Med. Co., Ltd.,

I have been teaching school for upwards of thirty years, during the last twenty-five of which I have suffered seriously with stomach trouble, indigestion and dyspepsia.

I have tried many remedies, and while I would get temporary relief from some of them, yet the old trouble would return, and with it the sufferings only known to the chronic dyspeptic.

Last year I had made up my mind to abandon my profession, feeling that in my condition I could neither do justice to myself or to the many pupils under my charge. A friend suggested to me that I try Father Morriscy's No. 11 Stomach Tablets; I did so, and have continued to use them with the result that my stomach trouble is cured—my indigestion and dyspepsia gone and I feel as well as I ever did.

I have, thanks to the Tablets, been able to continue in my profession, and feel that I am once more enjoying my work and am able to give justice to the fifty-four pupils under my care.

Yours Gratefully,
(*Signed*) MARY CHRYSTAL.

Are you one of the many thousands who, like Miss Chrystal, are prevented from doing their best work, or really enjoying life, by stomach trouble?

If you are you cannot do better than she did—take Father Morriscy's No. 11 Tablets.

Each No. 11 Tablet, when dissolved in the stomach, will digest 1¼ pounds of food—a good, hearty meal—so that no matter how weak your stomach may be No. 11 Tablets will enable you to get the nourishment out of your food and build up your strength, while the stomach, thus relieved, recovers its vigor.

OVER-WORKED KIDNEYS

Cause. Rush of Blood, Fullness, Dizziness.

J. T. Chetland, the well-known railway engineer of Hamilton, found the strain always resting upon men of his occupation vastly intensified by a tendency of the blood to rush to his head, and often at times when clearness of vision and great steadiness were demanded. Finding some difficulty in bending—a stiffness with pain having settled in his back, it occurred to him that his kidneys might be at fault. "This was a happy idea, for by it I not only got rid of the pain but many other troubles as well. I took a full course of Dr. Hamilton's Pills and was glad to note that some obstruction of the kidneys, which I had lately noticed, was at once relieved. The flushed appearance of my face gave way to a more rational color and there was a perceptible improvement in my appetite. Dr. Hamilton's Pills certainly act splendidly upon the blood, removing heat and fulness and that sort of dizziness that makes a man at the throttle wish when it stares him that he were elsewhere."

No medicine gives such unquestionably good results for stomach, liver, and blood troubles as Dr. Hamilton's Pills; they are mild, certain, and always curative. Refuse any substitute.

All dealers sell Dr. Hamilton's Pills, 25c per box, or The Catarrhozone Co. Kingston, Ont.
