TRUTH BEFORE FAVOR- PRINCIPLES, NOT MEN

FORWARD, MARCH!

Some very important events have transpired at the June conferences held by the various religious bodies, but probably the most important of all is the long stride that has been made towards church union, The conferences, from the Atlantic to Pacific, some dozen in number, appear to be overwhelmingly in favor of union. and to believe, moreover, that a satisfactory basis has been found upon which Methodist, Presbyterian and Congregationalist can come together and live harmoniously as one great family. Speculation is now rife as to when this great event will be consummated, and some well known divines predict that it will probably take place within the next two or three years. When this arrives the most important change in the Methodist organization will be the discarding of the itinerary system. The next forward step in this connection will be to submit the question to a vote of the church membership itself.

Another instance that indicates an advance in modern methods is furnished by the action of the London conference at its recent session, when it put itself on record as decidedly opposed to the engagement of professional evangelists to do the work that should be done by the ministry. It is a little late to recognize this fact, which has been patent to the laity for a long time, but submitted to and paid for with little murmur either by press or people. To these the action of the London conference has been received with peculiar satisfaction.

Both church union and the discarding of professional evangelism tend towards the concentration of force and energy and economy in working cost, thus leaving the saving to be applied in a more profitable direction. The "commissariat" of the church will be much improved and strengthened thereby.

One of the Collingwood papers suggests the advisability of appointing Lawyer Bernie of Collingwood as county judge for the county of Grey! Is this gentle sarcasm, or is the paper in question afflicted with nightmare?

Fire at Clarksburg

Clarksburg, June 19.--This village was visited by a disastrous fire this morning about 3 o'clock burning to the ground the Queen's Hotel, owned by George Johnston; the general store of Lougheed Bros., containing about $10,000 worth of merchandise, and the residence of James Mitchell. The total loss will amount to fully $7,000. Each loser is insured for about one half his loss, divided between the British American, the Dominion, the National and the Gore Insurance Companies. The fire originated at the rear end, apparently outside of Lougheed Bros., and is believed to be the work of an incendiary. The fire burned fiercely for two hours, and but for the hard work of the citizens that side of the village would have been wiped out. The fire was checked on the north by The Review Printing office, and on the south by Keast's blacksmith shop.

Fined for Obstruction

County Crown Attorney McFadden and Police Magistrate Crawford, of Brampton, were in Palgrave, on Wednesday, June 7th, hearing a case against Thos. Stinson and George Zimmerman, residents of the village, who were charged with obstructing a constable in the discharge of his duty. Palgrave is under local option, but it has been suspected for some time that liquor was being brought in for sale. Constable Duffy was at the station on Saturday last awaiting Stinson's return from Woodbridge. The latter alighted from the train and handed a parcel to Zimmerman who immediately ran off with it. The constable gave chase and catching up with Zimmerman attempted to seize the parcel which contained three bottles of whiskey. Zimmerman resisted and Stinson came to his assistance. Constable Duffy promptly arrested both men who came up for trial on Wednesday. They were defended by Mr. Fraser, of Tottenham. Stinson averred that money had been given to him to go to Woodbridge for the liquor, that he had purchased the three bottles at one hotel, at the same time and was bringing it to Palgrave for delivery. Both were found guilty of obstructing Constable Duffy, who was doing his duty in seizing the liquor, suspecting it to be for sale. Stinson was fined $2 and costs, the whole amounting to $12.10 and Zimmerman $10 and costs, amounting to $16.—Orangeville Banner.

A DOUBLE CURE FOR DOUBLE TROUBLE

Father Morriscy's No. 26 Cures Catarrh by a Combined Treatment.

The sudden weather variations in our climate result in a great many cases of catarrh—a troublesome disease usually considered hard to cure, and one which often leads to serious pulmonary and intestinal troubles.

A neglected cold in the head weakens the nasal membranes, so that at every future exposure the trouble returns. At length these conditions are fastened onto the system, and the sufferer undergoes the annoyance and danger of chronic catarrh.

Some doctors confine themselves to prescribing external applications, and thus do not reach the seat of the trouble. Others give internal treatment exclusively, and thus do not promptly relieve the affected parts.

Father Morriscy, the skilled priest-physician, rightly regarded catarrh as a double trouble, consisting of unpleasant local effects and their fundamental causes, the latter having to do with impaired general vitality.

His famous remedy, No. 26, is a combined cure for catarrh. It consists of tablets to be taken three times a day, and an especially compounded salve.

The salve is antiseptic, and quickly heals the inflamed membranes of the nasal passages. The tablets go to the seat of the trouble and restore the system to its usual tone. Together, they cure.

Instead of neglecting a disease that is unpleasant to yourself and to others, and one which often leads to pneumonia and consumption, it is surely the part of wisdom to take timely steps to do away with the effects and at the same time remove the cause. No. 26 does just that.

50c. for the combined treatment. At your druggist's, or from Father Morriscy Medicine Co., Ltd., Montreal, Que. 109

On Monday evening a couple of New Lowell boys who had got hold of a dynamite cartridge somehow, thought they would see what effect a lighted match would have on it. The cartridge went off with a bang and badly lacerated the face of Ernest, the nine-year-old son of H. Lawrence. The boy was hurried away to the Barrie hospital as quickly as possible, and the latest word from the doctors was that they hoped to be able to save his eyesight.—Creemore Star.

Dr. Hamilton's Pills Cured

"I think it should be the duty of the schools to teach children how to keep well," writes Miss Nannie E. Naydon, a well-known and highly esteemed resident of Bristol. "Ignorance of the laws of health and the use of improper remedies destroyed my vigor, and led me to the verge of invalidism. I was as a girl ruddy and strong. Nothing seemed to affect me until I was about thirty. Then gas began to form in the stomach. I suffered with bloating and a general failure in strength set in. If I went upstairs my breath hurt. My system was very irregular, and until I grew pretty bad I didn't pay much heed to my condition. Then I got blue, worried all the time, wakened in the night, and couldn't get to sleep again. None of the medicine I took helped me. One day I was reading of a very interesting case like mine cured by Dr. Hamilton's Pills. I took the same treatment. It was just right—didn't physic me to death, but took hold of the weak, sick parts of my system, and set things right. It seems as if Dr. Hamilton's Pills have made me young again, and all my color, spirits, vigor, and health of former days have returned to stay."

Every girl and woman should use Dr. Hamilton's Pills regularly. They help a woman in many ways. Beware of the dealer who asks you to take an inferior pill on which his profit is larger than on Dr. Hamilton's. Sold in yellow boxes, 25c per box, all dealers, or The Catarrhozone, Co., Kingston, Ont.
