Fatally Injured At the Sault

A despatch from the Sault, dated June 25, says: Alexander Madill, an aged drayman, was fatally injured yesterday morning. His dray was struck by street car No. 225, in charge of Conductor Smith and Motorman Baeteschel. Madill was thrown to the pavement and his skull fractured. It is said by witnesses that the motorman did not ring the bell or give any alarm.

Mr. Madill was an old and much respected resident of Artemesia, having lived for a good many years near Eugenia. About ten years ago he moved with his family to the Sault, where he has since resided. The family are all grown up and married, with the exception of one son. Mrs. Alex. Carruthers of Eugenia is a daughter. She is at present visiting her mother at the Sault.

Best Bros. were operating the stone crusher in this vicinity last week.

As a result of the statute labor performed under the supervision of the different pathmasters stretches of crushed stone have been laid at intervals along the highway. This in time will make a first class road. In the meantime will somebody figure up the cost of the wear and tear on horses' feet and on vehicles before the road becomes passable.

Priceville

Dry weather for the past two weeks. Farmers are wishing for rain to help out the hay crop, which is light in general.

A great number of people from the surrounding country attended Mr. Hector MacDonald's funeral on the 17th. The pall bearers were his four brothers, Malcolm, Donald, John and Alex., and two brothers-in-law, J. Ferris south line, and J. Watson Durham road. Rev. J. A. Matheson officiated at house and cemetery.

Rev. H. Berry, who has filled a successful pastorate on this circuit of the Methodist church for the past four years, and leaves a host of friends among the other denominations who are sorry to see him leave this week for his new field of work at Hawkestone, Simcoe county.

Sacramental services were held in the Presbyterian church last Sunday.

After a light shower of rain on the early morning of Coronation day, had passed over, numerous flags were hoisted which gave the village a more patriotic appearance than we have seen for some years. Several of the farmers in the vicinity had flags floating in the breeze, and why shouldn't every farm house in the country have a flag, or flags, hoisted on all suitable occasions?

Wes. Berry was sent by the C.P.R. to the Brampton office this week.

Alex. McDonald, Dromore, owner of Brampton Duke, was in town the other day arranging with the secretary for some good prizes which he is offering for colts at the fall fair. Other horsemen will likely be following suit in a few days.

We received a few light showers on Monday of this week.

On Coronation day a number of our citizens went out in the afternoon to the Grange picnic at Boothville. Priceville and Dromore football teams played their third game at the picnic grounds and the score came out 1-0 in favor of Priceville. This was the only score made by either of these teams playing together this season. The public were much pleased with the nice clean games played by both of these teams, no rowdyism, but good ball playing.

The C. P. R. has instructed all section-men, constables and other employees to prohibit any and all trespassing on the company's right-of-way even if it is necessary to evoke the aid of the law in supressing it. This step has been taken since it was shown by government statistics that 75 per cent. of the people killed in Canada were guilty of trespass. —Free Press.

Dundalk

James Cole has purchased the vacant property next to his new building on Main street from Thos. Robinson for $458 and we understand he will begin at once the erection of a new business place. This is the site the J. D. Brown store, which was burned about eighteen months ago, occupied. The new building will fill up that portion of Main street to John Sinclair's block and will be a great improvment.

A flag staff, 47 feet high, was raised at the town hall corner on Tuesday. It is understood this is a temporary arrangement and the council will erect a longer pole when one can be procured.

Previous to leaving for Walters Falls the people of Wareham congregation presented Mr. and Mrs. Stanley with the following address:

Rev. and Mrs. A P. Stanley:

Dear friends,—During the past four years, which you have been pastor of our church, we have found you prompt and untiring in the discharge of your duty. You have shown a deep interest in our League, and have tried to inspire us with the love of God's holy Word. Your kindly greetings to us at all times have been to us a sure index of your regard and friendship, and we would assure you these sentiments have been reciprocated by all. We take this opportunity of showing our appreciation of your services by asking your acceptance of this mantle clock, a token of our esteem and respect. May you be spared to enjoy life and may God's choicest blessings crown your future efforts. Signed on behalf of Wareham League—Ethel McMillan, Eva Inkster, Florence Roome.

DO YOU USE PILLS?

If In Doubt About the Right Pills to Use Read the Following Letter Carefully:

"I am one of those persons whose system requires aid," writes Mr. Young Gledhill, from Picton, "but it is so easily affected by reason of the great sensitiveness of the bowels that ordinary drastic pills inflict great injury to the delicate coating, and excite such persistent activity as to be with difficulty checked.

"I wish in the highest terms to express the great value of Dr. Hamilton's Pills in cases like mine, and I am sure also for elderly people and the very weak there is no pill like them.

"Speaking of my own experience with Dr. Hamilton's Pills, I can say they have proved the most stimulating pills for the liver I have found. I have proved their tonic action upon digestion, and the same results have been secured by friends upon whom I have urged their use. The manufacturers are to be congratulated upon possessing so valuable a prescription, and the public should know that so valuable a remedy has been placed at their command."

No other pill for constipation, for liver, kidney, or stomach trouble, compares with Dr. Hamilton's Pills; they are mild and sure always to restore health. Refuse substitutes. Sold by all dealers, 25c per box, or The Catarrhozone Co., Kingston Ont.

Address and Presentation.

On Wednesday of last week Rev. and Mrs. Stanley of Maxwell were the recipients of the following address, accompanied by a gold watch and silver cake dish:

To Rev. and Mrs. Stanley:

Dear Friends,—We, the members of Maxwell Methodist church, Epworth League and choir, avail ourselves of this opportunity of showing in some way our appreciation of your valuable and helpful services during the past four years you have been with us. We all feel deeply your removal from our midst, but as the distance is not great which separate us, we hope to have many happy unions in the church as well as in the social relations of life. To you, Mr. Stanley, we ask you to accept this watch; and to you, Mrs. Stanley, this cake dish, not for their value, but as tokens of fond remembrance of your many friends in Maxwell. May the blessing of the great Head of the church rest on you and yours. Signed in behalf of the church,—Mrs. H. Down, Miss Alice Fenwick.

On the two charges for unlawfully selling liquor after hours on two different dates she pleaded guilty and the fine of $50.00 and costs for each date amounting to $122 was imposed. On the charge of gambling in the hotel and selling liquor to an "Indian-lister" she pleaded not guilty and the case was withdrawn. Tragic Death of a Baby

The seven months' old baby daughter of S. M. Lasby of the Station hotel, Acton, met death very suddenly in a most unexpected manner. The little one was placed in the baby carriage, and, while the mother's attention was called to some other duty for a few minutes, the babe slipped down through the front of the carriage and when found was caught by the neck and the little body was suspended to the floor. In this position the babe was strangled and was quite dead when taken up. The parents are grief stricken through this sad event. During the past few months they have had a succession of trying experiences with their children. Last fall their little son was stricken with infantile paralysis, and was confined to his bed for a long period, only recently being able to walk, and is still very lame. A couple of months ago their 7-year-old daughter fell from the balcony to the pavement, sustaining a fracture of the thigh, and she is just able to be about a little. And now this crushing blow has come upon them. The sympathy of the community is extended to them in their sore affliction.—Acton Free Press.

An English boy in the employ of Mr. Con. Reever of Howick had a very narrow escape. He was harrowing a field, when the team became unmanageable and ran away, upsetting the harrows. The boy was caught in the jumble, and so seriosly injured that the doctor's attendance was necessary.

The C.P.R. recently made a change by which their force of section men was cut down and the stretch of track under the care of each foreman and his gang lengthened. Now there is talk of them doing away altogether with the present system of section men under their own direct employ and having the work of looking after the roadbed done by contract. The claim is made that this would work for more efficient care of the road bed, but the claim is a very doubtful one. —Shelburne Economist.
