VICINITY CHIPS

Mrs. Milligan and family left yesterday for Moose Jaw.

Miss Annie Howard of Toronto is holidaying with her mother here.

Miss Lillie Sherrard is visiting with Mrs. Goldhawk.

Mr. and Mrs. P. Loucks are visiting Meaford friends this week.

Misses Irene and Evada Wilson are visiting relatives in Durham.

Mr. Elmo Blakeley spent Saturday and Sunday at the parental home.

Dr. Murray will be absent from his office until August 15.

Misses Martha and Lena Wright of Detroit are visiting with friends here and at Kimberley.

Mrs. J. Turner of Toronto is at present visiting her friends, Mr. and Mrs. Adam Hislop of the Valley.

Misses Olive Knowles and Mary Miller of Owen Sound were guests of Miss Lulu Mitchell over Sunday.

Miss Lizzie Armstrong, matron of the boarding school at Norway House, Keewatin, called on relatives here on Tuesday.

Miss Mabel Hartingh of Owen Sound is spending a fortnight with Miss Lulu Mitchell.

The Advance had a pleasant but short call from Bro. Irwin of the Durham Chronicle on Monday, who had been down Heathcote way visiting relatives.

Messrs. R. Wright, principal of Hagersville high school, and D. Wright, principal of Dundalk public school, were in town this week visiting their mother.

A party left for a fortnight's camping at Ewart's lake on Tuesday consisting of Dr. E. C. Murray, Dr. C. Ottewell, C. Richardson, J. Latimer, Geo. Harris, and Dr. Fred Murray of Toronto.

O. W. Phillips, W. P. Crossley, James Bowler, Emerson Bellamy, W. W. Trimble and A. Hawken attended the Walkerton races last week.

The Osprey voters' list is now in the hands of the clerk and the statutory notice appears in this issue. The Artemesia list is now in hand and will be completed in a few days.

Mr. W. A. Tucker of the suburbs died at the home of a daughter in Toronto on Saturday, where he had been undergoing special treatment. The remains were interred in a Toronto cemetery on Monday. Mr. Tucker at one time drove the Flesherton-Durham stage until the advent of the railway.

Mr. James Woodburn of Eugenia, a much respected old resident of that place, passed away Monday morning at the age of 88 years. No particulars of Mr. Woodburn's life are to hand. The funeral took place to Salem yesterday (Wednesday). The deceased gentleman has been in failing health for some time. He leaves behind his aged partner, to whom much sympathy is extended by many warm friends and neighbors.

Mr. and Mrs. Fred Hickling arrived in town last week and have taken up their permanent residence here. Mr. Hickling will start a new general store in Flesherton about the first of September in the new Armstrong block, which has been awaiting his advent for some time. Mr. and Mrs. Hickling are welcomed back by a large circle of warm friends, who wish them success.

The result of the recent model school examinations was made public on Monday, and of the four candidates who wrote here all were successful—Misses Kathleen Milligan, Jessie McAulay, Martha McFadden and Thos. Chard. Two of these—Kathleen Milligan and T. Chard—put in two years' work in one, after passing the entrance, and to these especial honor is coming. They worked very hard and were assisted in their effort by the principal, Mr. Marcellus. Miss Bertha Fadden, who wrote at Markdale, was also for a time a pupil of this school. Tally one for the work of Artemesia rural high school.

Mr. Edward Whitten of this village has a valuable plot in his garden. The plot measures some twenty feet square and it contains 600 ginsing roots which will soon be ready for digging and curing. We would be afraid to estimate what this little bit of land is worth to Mr. Whitten, but it is anywhere from $400 to $700. It requires five years to bring ginsing into maturity and a year and a half for the seeds to sprout, which probably accounts for so little of it being raised. Few people have sufficient patience to wait five or six years for a return on their investment.

A peculiar incident occurred here last week which is worthy of record. Mr. P. Loucks of the flour mill has a flock of ducks and he has plenty of water wherein they can sport. The other morning this flock was added to by one. A stray Mallard had found the place so charming that he decided to locate with his domesticated brethren and help them dig water worms and bugs. For three days he remained and became so tame that members of the family were allowed to get within a few feet of him. But the call of the wild became too pressing—it was too tame for him—so he took wing and has not since been seen. He will fly further and probably fare worse.

Rev. W. G. Hanna, Field Secretary of the Dominion Alliance, spoke in the Methodist church on Wednesday evening of last week on the work of the Alliance. His address dwelt on the present tendency to ignore the Sabbath as a day of rest. He showed clearly the serious dangers menacing the rest-day as now enjoyed in Canada, from foreign immigration, American capital, the lax ways of the West, the growing use of automobiles, the increasing love of pleasure and sports, and other influences. The places that are troubled need the help of the quieter parts in maintaining a firm and united resistance against persistent, selfish aggression. Instances were cited of the good already done by the Alliance in freeing men from a week of sven days' work, as well as preventing attempted impositions on labor.

The Advance had a delightful little chat on Monday with Mr. F. B. Akitt of Collingwood, who with his wife, has been visiting friends in this vicinity. About forty years ago Mr. Akitt came to Flesherton to learn the blacksmithing business with the late J. H. Heard. For thirty years he has been a resident of Collingwood. On Sunday Mr. Akitt attended the Methodist Sabbath school here, and spoke to the children. He has been a member of the Maple street church Sabbath school in Collingwood for thirty years and his whole soul is bound up in this work among the young people. Recently he was honored by having a class of young ladies named after him. Each carries her class pin, announcing herself a member of the Akitt Bible class. This is certainly an honor of which Mr. Akitt may justly feel proud. To The Advance he paid a high tribute to the work being done here, where he got his first inspiration, and to the conscientious labors of the present superintendent, Mr. W. H. Bunt. He has very pleasant memories of the school here and of many of the old workers who have passed away, the influence of which and whom he says has been felt by him throughout his whole life. We were more than pleased to grasp the hand of this genial old gentleman, who still conducts business in his home town.

A mild case of smallbox is reported at Clavering, four miles south of Wiarton, a young man by the name of Harvey Lisk, employed in W. G. Simmie's sawmill being the victim. The town officials have placarded his residence.

A Mrs. Barber of Southampton struck town last Friday and proceeded to imbibe rather freely of bug juice with the result that she soon became rather hilarious and as a result was taken in by Chief Fergusson. She was brought or rather carried before Magistrate McNamara who sent her to jail for a few days to sober up. On Monday morning she was allowed to go, with her husband, who had been serving a sixty-day sentence on the same charge. The Magistrate on dismissing her, advised her to keep clear of Walkerton or she would have to serve a time in the reformatory. —Walkerton Telescope.

Wreck Near Owen Sound

A costly wreck occurred on Sunday at Murray's dump, near Owen Sound, which will total a loss of thousands of dollars. There were 45 cars of through freight for the west composing the train. A steel coal car went over the embankment and ten big new box cars packed with package freight for western Canadian points followed, turning at right angles with the track, a splintered bunch of wreckage. The wrecking train from Orangeville started for the scene and when near Crombies it got off the track as well, causing more delay. The track was not cleared in time for Monday's train south, which did not arrive down until 2. p. m. About four hundred feet of the track was torn up.

South Grey Exams

The South Grey Entrance examination results arrived on Tuesday of this week. Below we give the results for those who wrote at three centres:

DURHAM—M. Allen, W. Anderson, N. Black, M. Calder (h), I. G. Campbell (h) E. Carson (h), M. Clark, Z. Crawford (h) I. Dargavel, E. Derby (h), E. A. Edge (h), M. Edwards, E. Ferguson, L. Ferguson, S. Grant, V. Harvey, E. Hutton (h) M. Hutton (h), J. Kelsey (h), Flo Kerr, G. Lawson, C. Marshall, J. Marshall (h) M. McAllister, E. McDonald (h), C. McNally, J. Nichol, J. Paton, G. Petty (h), K. McRitchie, M. Torry.

DUNDALK—H. Acheson, Lily Acheson, Stanley Acheson, J. Aitkin, K. Bolger, R. Broughton, E. Cole, J. Duncan, J. D. Egan, N. Gardiner, J. McCannel, G. McLean, L. Scheil (h), J. Shattock, R. Slack, S. Smith, A. Stewart, R. Wade, B. Woods, Leslie Wraggett.

MARKDALE—M. Bradley, R. Freeman, M. Goodwill, C. Kelly, V. Martin, V. Matthews, V. Morrison, L. Purvis, D. Ritchie, H. Thibadeau, C. Walden, L. Welsh.

Either you are a help to your town and community or you are a drawback. There is no middle course. if you are of those who do nothing for the welfare but simply stand around and criticize those who are trying to help things along, you are a drawback to any place. It makes no difference if you are attending to your own business, and even making a success of it; If you are decrying what the other man is doing you are a detriment rather than a benefit. The man who is helping is that cheerful individual who gives other people credit for honest, worthy motives and, whenever a movement is launched for the public good, gives credit to its instigators as men who are, according to their lights, doing what they think is the best for the town in which they live. Don't be a drawback, be a helper.

Cuts and bruises may be healed in about one-third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by W. E. Richardson & Son.

Ceylon

Weather very warm, fine for strolling through the parks or sitting in the shade, but too hot for working in the harvest field.

Mr. and Mrs. A. T. Down and daughter, Florence, of Cleveland, Ohio, are visiting friends at Ceylon, Flesherton, Hatherton and Whitfield. They purpose remaining in Ontario for a month or more.

Mrs. J. L. Woods has had another attack of pleurisy. I suppose some of us must be sick occasionally or we would not appreciate good health when we are well, but it seems Mrs. W. has rather more than her share of these afflictions, but she is mending, and we trust will soon be around again.

Mr. Alfred Archibald, formerly of Colbeck, and family, are visiting at Mr. J. Sproat's. They purpose removing to Saskatchewan shortly, where he is going into business.

Mrs. Alfred McConnell of Keldon is visiting at her mother's, Mrs. Jas. Sproat.

Mrs. James Pattison, who has spent a couple of weeks outing at Spanish River, Algoma, returned on Tuesday.

Mrs. Wm. McCorkindale and three children of Collingwood, are visiting at Mr. Jas. Sproat's and other friends in the vicinity.

Mrs. H. Down and son, Alfiie, of Hatherton, paid a flying visit to friends at Ceylon last week.

Mr. Robt. Tucker spent a couple of days in Owen Sound visiting Roy Fletcher and other friends.

Mr. E. Sargent also took in Owen Sound on a business trip. James also went up on Tuesday to work in the mill there.

Mr. Stanley McMullen is home for a few days before going west with his brother, Gordon.

Durham

At the closing day races in Listowel last week, John Calvert's "Paddy McKinley" of this place, came in first in a field of horses from Toronto, and other good race centres. To those who don't know it, we might say that Paddy is just a trifle the best horse this part of country has seen for some time, judging from his performance on the track this summer.

On Wednesday afternoon of last week as we were running off the paper a very heavy wind and rain storm passed over town and for a few minutes it was dark as night. During the brief storm the furnitue company met with considerable loss but the rain coming first and then the wind, was no doubt the cause of saving a number of lives. The brick walls of the new addition were just about completed but the timbers had not been put in position to strengthen them. In less time than it takes to tell it, about seventy feet of the upper story on the west side was blown to the ground, the weight of brick knocking down and breaking several of the large timbers used in construction. Some of the heavy main pipes for the sprinkler system being installed were also bent out of shape and rendered practically useless. Several men had been engaged where the brick fell but left to escape the rain, and they were not a minute too soon in getting out of the way. It is estimated that it will cost a thousand dollars to repair the da mage.—Chronicle.

Odds and Ends

ARTICLES FOR SALE

PUBLIC NOTICE

Take notice that Mr. Silas Shunk, lately and for some time during the past in my employ as insurance agent, has ceased to do business for me since 1st May last. Since then I have been attending personally to same, and also intend doing so. Now that my time will not, in the future, be taken up with the mercantile or any other business besides my insurance, conveyancing, collecting and money lending, all of which will receive my personal and close attention, I trust to increase my business materially along these lines.

I give this notice that my many customers and the public may not be misled or deceived as I have been frequently told they have, believing Mr. Shunk still in my employ and doing business for me. Thanking the general public and my patrons in particular for liberal support in the past, and soliciting an increased continuance in future, I am your obedient servant.

—R. J. SPROULE, Flesherton.

MEN-YOU NEED NERVE

Wonderful Nervous System

EARLY INDISCRETIONS AND EXCESSES HAVE UNDERMINED YOUR SYSTEM

The nerves control all actions of the body so that anything that debilitates them will weaken all organs of the system. **Early Indiscretions** and **Excesses** have ruined thousands of promising young men. **Unnatural Drains** sap their vigor and vitality and they never develop to a proper condition of manhood. They remain weaklings, mentally, physically and sexually. **How you feel?** Are you nervous and weak, despondent and gloomy, specks before the eyes with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, debilitating dreams, sediment in urine, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, premature decay, bone pains, hair loose, etc.

This is the condition our New Method Treatment is GUARANTEED TO CURE

We have treated Diseases of Men for almost a lifetime and do not have to experiment. Consult us **FREE OF CHARGE** and we will tell you whether you are curable or not.

We guarantee curable cases of
NERVOUS DEBILITY, VARICOSE VEINS, BLOOD AND SKIN DISEASES, GLEET, BLADDER URINARY AND KIDNEY COMPLAINTS

Free Booklet on Diseases of Men. If unable to call write for QUESTION LIST FOR HOME TREATMENT
