VICINITY CHIPS

Miss May Reid of Guelph is visiting her grandmother, Mrs. Ekins.

Misses Pearl and Rubie Radley of Toronto are home on their vacation.

Mrs. Don. Sutherland of Toronto is the guest of Mrs, H. C. Radley for two week.

Miss Celia VanDusen of Toronto visited in town over Sunday and Monday.

Born—At Corbetton on July 28, to Mr. and Mrs. Chris. Johnston, jr., a daughter.

Mr. George Richardson of Toronto spent a couple of days during the past week in town.

Several of our exchanges are taking their annual holiday this week. Ours will come later.

The new cement bridge on the east back line is completed and traffic over the road is again open.

As Rev. J. H. Kelly is off for a short holiday, there will be no service at Rock Mills next Sunday, August 13.

W. P. Crossley will take a position with F. Hickling when he opens up his new general store in a few weeks.

Miss Ruby Trimble, who has been fitting herself for a teacher in Michigan, is on a holiday visit at the parental home.

The R. H. S. Board have emgaged Miss L. M. Philp, B. A., of Dundas county, to take the position vacated by Miss McKenzie.

Mr. Bert Jamieson, telegraph operator on the Grand Trunk Pacific at Winnipeg, spent a few days of the past week with his mother here.

Mrs. A. H. Scott, of Owen Sound, accompanied by two little sons, were the guests of her sister, Mrs. W. Buskin, the fore part of this week.

The Advance was pleased to receive a call from Mr. John Whitten of Toronto on Monday. Mr. Whitten has been for five years with the same firm and is doing well.

Dr. Fred Murray, who was camping for a few days with the boys at Ewart's lake, and Mrs. Murray, who was visiting relatives here, returned to their home in Toronto on Tuesday.

Mrs. W. H. Thurston has returned from Lions Head, where she has been for the past five weeks. Her daughter, Mrs. Shaw, and babe, returned with her and will make an extended visit.

The Artemesia Rural High School receives a government grant this year of $1231.87. Only one other continuation school in the county receives as much, and that is Durham, which employs three teachers.

Mr. and Mrs. James Field of Toronto visited friends here over Sunday and Monday. Mrs. Field was Miss Elsie Cliff, and the wedding took place in Toronto on June 28. They were accompanied by Mrs. Bert Field.

The campers at Ewarts lake sent in a nice bunch of trout to their friends one day last week. One of the beauties weighed one pound ten ounces, dressed, and would doubtless have weighed 2¼ pounds when taken from the water.

A very pleasant event took place at the residence of James Park, Rock Mills, on the 2nd inst., when their daughter, Victoria E. Park, was united in marriage to Robert E. Lee of Owen Sound, the ceremony being performed by Rev. J. H. Kelly.

Friday afternoon last was a red letter afternoon for the young people of the Methodist Sabbath school, who took a hay drive 100 strong to Eugenia and picnicked at that romantic spot. A most delightful afternoon was spent and all arrived home in the gloaming without accident to mar the pleasure of the day.

Misses Maggie Moorehouse and Teenie LeGard and Mr. George McKee of Toronto were visitors here this week.

A frame barn belonging to Wm. Foster Meaford Road, was struck by lightning Wednesday afternoon of last week and burned to the ground with contents—all his hay, implements, harness and one calf. Mr. Foster was away from home at the time of the fire. We understand the building was insured for $600. A peculiar feature about this fire is that a barn just across the road from Mr. Foster belonging to Arthur Johnston, was burned from a similar cause early in June last. Lightning practically struck twice in the same place this time.

The Women's Institute ladies had a rather unpleasant experience on Wednesday of last week. On that day they visited their Eugenia sisters and had a real jolly time. The fun started when they were about half way to their destination in an open side-seated livery rig. Jupiter Pluvius began coquetting with the fair ones and he simply deluged them with his attentions. On arrival at Eugenia the livery horses were exchanged for clothes horses and ironing boards and part of the program given by the Flesherton ladies consisted of demonstrations in drying and ironing cotton fabrics, the second part of the program being made up of vocal selections. In fact the vocal selections began when the rain commenced to pour down, and have scarcely ceased yet. However, the ladies declare that they had a real good time and an enjoyable hour or so with the Eugenia W. I.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeters, Editor of The Sun, Lake View Ohio. "The first few doses of Chamberlains Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by W. E. Richardson & Son.

Farm Laborer's Excursions

40,000 Men Wanted for Harvesting In Manitoba, Saskatchewan and Alberta

This year's wheat crop, according to a conservative estimate, will be two hundred million bushels, and the Manitoba, Saskatchewan and Alberta governments advise that fifty thousand men will be required. The majority of these have to be recruited from Ontario, and the Canadian Pacific railway are running excursions to Winnipeg and west at $10. Free tickets will be supplied at Winnipeg to destinations in Western Canada east of Moose Jaw, Saskatoon and branches. Special through trains to Winnipeg will be run by the C. P. R., the only through line, on the following dates:

Aug. 12, from all points in Ontario north of the G.T.R. main line Toronto to Sarnia, which includes all branches and the Toronto-Sudbury line.

Aug. 16, from points in eastern Ontario

Aug. 23, from all points West of Toronto in Ontario.

Aug. 25, from all points east of Toronto in Ontario and Quebec.

Through trains will be run from Ontario points on the above dates to Winnipeg, avoiding all transfer or customs troubles en route. Ask any C.P.R. agent for Circular giving rates, conditions, special train service, etc., from Toronto and points in Ontario, or write to R. L. Thompson, D.P.A., C.P.R., Toronto.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by W. E. Richardson & Son.

He Recognizes Enterprise

The Flesherton boys have high hopes ahead, and next winter will likely see them bud out as expert skaters and hockeyists. Mr. W. J. Boyd is engaged in the building of a large rink, perhaps not so large as ours, but a large structure nevertheless. The concrete foundation is now being laid, and the building will in all probability be ready when the snow comes. Mr. Boyd deserves credit for his enterprise, and it is to be hoped the investment will yield a good dividend. It's quite an undertaking in a village of about 500 and situated a mile and a half from the station.—Durham Chronicle.

Instantly Killed By Lightning

A sad death occurred in Glenelg oh Wednesday afternoon of last week, when Thomas Conley, who lived about two miles west of the Irish lake, was instantaneously killed by a bolt of lightning. Mr. Conley was a man about 30 years of age. Last fall he buried his wife in the West and came back east with his two little children. On Wednesday afternoon last he went out to pick berries, leaving the two children with his mother. He did not return home that night, but little was thought of his absence as it was supposed he was at a neighbor's. Next morning, however, whan he did not put in an appearance, inquiries were set on foot and a number of neighbors joined in a search for him. The body was found under a tree where he had apparently taken shelter from a thunder storm. He was evidently leaning against the tree with his legs crossed when the bolt struck which deprived him of life, as his limbs were in that position when the body was found. The pail of berries was still on his arm.

Vandeleur

A severe electric storm passed over this neighborhood on Wednesday afternoon last about 4 o'clock, which lasted about an hour. Rain fell in torrents and fields were flooded, doing considerable damage to outstanding grain. Will Foster's barn was struck by lightning and burned to the ground. The building contained all the season's hay crop and about a hundred bushels of oats, also a binder, cutting box, fanning mill and a calf, all consumed. Fortunately most of the machinery was stored in the implement house some distance away and was saved. There was $600 insurance on the building and $500 on contents. Curiously enough, the barn was situated only 50 rods from the Johnston boys' barn which was destroyed by lightning about two months ago. Mr. Foster has the sympathy of the neighborhood in his misfortune.

Edward Holley of Meaford renewed acquaintances here last week.

M. Beard has commenced the season's operations with his threshing outfit.

Mr. and Mrs. E. Gilbert of Kimberley visited their daughter, Mrs. Will Hutchinson, on Friday.

Court Vandeleur, C.O.F., together with a number of members of Court Grey, met at Ebenezer cemetery on Sunday afternoon and decorated the grave of their late brother, David A. McGee.

Mr. and Mrs. Ed. Warling and family, of Toronto, spent the beginning of the week with the former's parents, Mr. and Mrs. John Warling.

S. Dunlop of Toronto paid a short visit to friends here recently.

George Shannon spent a couple of days last week with friends at Corbetton.

Mrs. Sid. Gilbert, who has been unwell for some time, left on Thursday fo Owen Sound, where she underwent a successful operation for apendicitis at the hospital there. Her husband and her sister, Mrs. Timmins, accompanied her.

We are sorry to report Seth Thompson ill with typhoid fever at Mr. George Shannon's. Miss Beattie has been secured as nurse. Dr. Ego is in attendance.

Johnston brothers had a bee on Saturday afternoon placing mud sills and sleepers in position on the foundations of their new barn.

Charlie Holley has added to the appearance and convenience of his barn by spreading it and putting in a new section seventeen feet wide in the centre. This will make an up-to-date barn, 50x52. A number of his neighbors turned out on Monday and Tuesday, week, and helped him do the trick. Tom Lewis of Kimberley is the contractor.

Coughs, Colds Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhozone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhozone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis, or Throat Trouble.

The wonderfully soothing vapor of Catarrhozone instantly reaches the furthest recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs.

To permanently cure your winter ills, your coughs, sneezing, and Catarrh, by all means use a tried and proven remedy like Catarrhozone. But beware of the substitutor and imitator. Look for **Catarrhozone** only. 50c and $1, at all dealers. 10

Just Breathe It, Cure is Sure

Dr. Scott Passes away.

Dr. John A. Scott of Collingwood died at his home there on Wednesday of last week at the early age of 53 years. The funeral took place on Friday to Badgeros cemetery from the residence of his brother, Thos. Scott, Clerk of the township of Osprey, and was held under the auspices of the Orange order, of which he was many years a member.

The deceased gentleman had a large medical practice at Maxwell for a number of years, and was prominent in the councils of the Conservative party until death set its seal on him through a paralytic stroke. Dr. Scott was much beloved as a physician and a large circle of friends deely deplored the calamity which befel him. A. few years ago he moved his family to Collingwood in order to give them an education and for several years has been able to make his wants known by sign language only.

The C. P. R. some time ago employed a lot of hoboes to put in new ties where needed on the Owen Sound branch of the road, and discharged some of the sectionmen and made each section about three miles longer to be looked after by a less number of men than had been employed on the shorter sections. They soon found out that the foreigners could not be depended on and that the road bed was getting in bad shape, consequently on August 1st they changed back to the old system. They will learn in time that in order to have a safe roadbed they must have men to look after it properly. Penuriousness should not be advocated by any railway where so much is at stake.—Shelburne Free Press.

PUBLIC NOTICE

Take notice that Mr. Silas Shunk, lately and for some time during the past in my employ as insurance agent, has ceased to do business for me since 1st May last. Since then I have been attending personally to same, and also intend doing so. Now that my time will not, in the future, be taken up with the mercantile or any other business besides my insurance, conveyancing, collecting and money lending, all of which will receive my personal and close attention, I trust to increase my business materially along these lines.

I give this notice that my many customers and the public may not be misled or deceived as I have been frequently told they have, believing Mr. Shunk still in my employ and doing business for me. Thanking the general public and my patrons in particular for liberal support in the past, and soliciting an increased continuance in future, I am your obedient servant,

—R. J. SPROULE, Flesherton.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

NO NAMES USED WITHOUT WRITTEN CONSENT

THREATENED WITH PARALYSIS

BEFORE TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the NEW METHOD TREATMENT and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so.
