Miss Jessie McAulay went west on Saturday excursion, where she expects to teach school, having secured her district certificate this summer. We wish her the greatest success.

An important meeting was held at the old Methodist Chapel at Hay Bay, which is described as the mother church of Methodism in Canada. It is to be taken over and preserved.

Thirty-eight tickets were sold at this station on Saturday for Winnipeg, and some had to get aboard without tickets as the agent was sold out. We are informed that about 100 left Markdale by the same train.

The results of the recent matriculation examinations were made public on Saturday, and the Artemesia rural high school has tallied one more victory, only losing one pupil among the seven who wrote here. The successful ones were: Fred Karstedt, George McTavish, Roy Kerr, Edwin Smith, Oshwell Whitten and Arnold Thurston. Principal Marcellus is once more to be congratulated.

We were favored with a call from Rev. J. E. Sanderson of Toronto, representative of the Muskoka free hospital for consumptives, preparing the way for the Field Secretary, Mr. Watson, who will lecture in the town hall here on Monday, Aug. 21, at 8 p.m. The lecture will be illustrated by 100 stereopticon views, making it most instructive and entertaining, with many suggestions for the prevention and cure of this fell disease. The chair will be occupied by G. Mitchell, Esq. No fee at the door, but a collection will be taken in aid of these charitable institutions.

Flesherton baseball club defeated the Dundalk team on the latter's grounds Tuesday of last week, the score being 24-11 at the end of the 6th inning, when the game was called on account of darkness. A very good article of ball was played by both teams until the last inning, when the Fleshertonians got onto Pat Morgan's slants for fifteen runs. The latter part of the game was played in the dusk, thus accounting for the big score, although the Dundalk boys could only get only one run off Mitchell in their last inning. What the Herald thought of the game is told elsewhere.

$10 Reward

I will pay ten dollars reward to any person who will give such information as will lead to the conviction of the party or parties who, on the night of August 9th, stole my horse and returned it on the night of August 11th, with whip marks on him four feet long. I will not only prosecute for horse stealing, but will also prosecute for cruelty to animals.

—JOSEPH B. WEBER.

Burglars Caught

On Wednesday afternoon the residence of Wm. Gollip, a farmer living near Stayner, was entered and $31 stolen. The farmer and his wife were working in a near-by field and left the house open. Mrs. Gollip saw one of the men leaving, and gave the alarm. The authorities of Stayner were communicated with and they in turn sent an imperfect description to chief Borthwick here. The chief and P. C. Hauch immediately got busy, and noting two suspicious characters at the Grand Trunk railway station gave chase. One man took to his heels but was captured by the chief. The other boarded the outgoing train but was secured by Hauch, and the train stopped at the outskirts to allow him to remove his prisoner.

The prisoners gave their names as Herbert Hopps, aged 20, and William Hopps, aged 14, both of Meaford. They had $29.94 and two tickets for Meaford on their persons. They were taken to Stayner by the chief of police of that place Thursday morning for trial.—Collingwood Messenger.

A Column Of District News

Miss Parks, of Banks, met with a serious accident on Saturday last by being thrown from a bicycle. The young lady was coasting down the hill on the mountain road when she lost control of her wheel and was thrown violently to the ground. A fractured skull and numerous bruises left her in a very precarious condition.—Collingwood Enterprise.

W. G. Campbell's fine barn at Adamsville, north of Wiarton, was destroyed by fire. Mr. Campbell was hauling in hay, and while using the hay fork, friction on the track caused fire to strike, igniting the hay and destroying the building with considerable contents. The barn was eighty by sixty feet and carried insurance. This is the second barn burned from this cause in Wiarton vicinity during the past year.

Mr. W. G. Flood, residing on the 9th line, St. Vincent, went out to the field on Monday to get a third horse for hitching to the reaper. In catching the animal he was kicked under the chin, on the shoulder and also on the left wrist. He was obliged to crawl on all fours from the field to the house, arriving there in an exhausted condition. Dr. Eagle was sent for and was soon in attendance. He put four stitches in the chin, but otherwise Mr. Flood was not seriously injured, as he was at work the next day. —Express.

Buy it now. Now is the time to buy a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over. This remedy has no superior. For sale by W. E. Richardson & Son.

Mr. W. D. Watson, of Bradford, has organized a company and intends devoting all his time to reclaiming the marsh lands in the vicinity of that village. The company is known as the Holland Marsh Land Syndicate with head offices in Bradford, and they have already secured 15,000 acres. At present the land is covered with a specie of sea weed, or marsh hay; but there is supposed to be peat, gas, oil and anthracite coal below the surface, and the company will develop all the resources, retaining the land, which will be divided into small holdings and placed on the market.

During the heavy thunderstorm Wednesday afternoon of last week the barn of Mr. John Manning, lot 301, con. 4, S. W. T. & S. R., Melancthon, was struck lightning and consumed, together with two wagons, seeder, binder and other implements and about forty tons of hay. The barn was insured for $1,000 and the contents for $800, in the Dufferin Farmers' Mutual. On Sunday afternoon the barn of Mr. W. J. Kannawin, west half lot 28, con. 3, Amaranth, was struck and burned to the ground, together with about 50 tons of hay, 19 pigs, wagon, sleighs, cutter, buggy, scales, fanning mill, etc. Mr. Kannawin had just gone into this farm in the spring, having purchased it from Mr. John Ewing, and had not yet had the insurance transferred to his own name.

Abraham Baters, who resides at the "Thirty" Mountain, near Grimsby, has a horse which was struck by lightning and still lives, although partially paralyzed, the electric current playing a peculiar freak with the animal on Friday evening last. The steel hay fork that projects from the gable end of most barns attracted the juice, which ran along the steel track, shattering the shingles and weather boards. Baters had put the horse in the stall a few minutes before with the harness on. After the bolt had struck he went in as quickly as possible, as smoke was pouring out of doors. He could see no fire but the horse was on its knees with a mouthful of hay. A peculiar thing about it is that the animal can move its legs, but the tongue protrudes full distance from its mouth, and can be pulled in any direction without feeling to the animal. —Niagara Falls Review.

James Manning of Shelburne sustained a big loss on Wednesday evening of last week. The barn on his farm in Melancthon was completely destroyed by fire. It was struck by lightning and fired during a fierce electric storm on that evening and the barn and contents are a total loss. His son, John Manning, had the farm rented and had just arrived at the barn when it was struck. He had been picking huckleberries and the horse that he drove in with was knocked down by the shock as he was unhitching it from the buggy. He succeeded in getting two colts out of the stable but the rest of the contents were destroyed. The barn contained 40 tons of hay, 100 bus. of oats and chop, a new binder and mower, wagon, fanning mill, harness and other articles. The barn and contents were insured in The Dufferin Farmers' Mutual Fire Insurance Co., the former for $1000 and the latter for $800. The barn was a first-class building and was only erected a few years ago. It could not be replaced to-day for twice the insurance. —Free Press.

The residents in the vicinity of the 11th line, St. Vincent, were greatly shocked to learn on Friday last that the youngest daughter of Mr. and Mrs. John Irwin had been accidentally drowned by falling into the river which runs through the farm. The child, it appears had been out with her father, who was busily engaged at his daily labors. After some time the child was missing and the father was horrified to find that the little one, Mary Jane, had slipped into the river and was drowned. The little girlie was of a most chatty and loving nature, being 1 year, 7 months and 2 days old. We sympathize deeply with the bereaved parents in their very sad bereavement. The funeral took place from the Farm home on Sunday morning last to Storey's cemetery, 9th line.—Mirror.

Seemed to Give Him a New Stomach.

"I suffered intensely after eating and no medicine or treatment I tried seemed to do any good," writes H. M. Youngpeters, Editor of The Sun, Lake View Ohio. "The first few doses of Chamberlains Stomach and Liver Tablets gave me surprising relief and the second bottle seemed to give me a new stomach and perfectly good health." For sale by W. E. Richardson & Son.

PUBLIC NOTICE

Take notice that Mr. Silas Shunk, lately and for some time during the past in my employ as insurance agent, has ceased to do business for me since 1st May last. Since then I have been attending personally to same, and also intend doing so. Now that my time will not, in the future, be taken up with the mercantile or any other business besides my insurance, conveyancing, collecting and money lending, all of which will receive my personal and close attention, I trust to increase my business materially along these lines.

I give this notice that my many customers and the public may not be misled or deceived as I have been frequently told they have, believing Mr. Shunk still in my employ and doing business for me. Thanking the general public and my patrons in particular for liberal support in the past, and soliciting an increased continuance in future, I am your obedient servant,

—R. J. SPROULE, Flesherton.

VARICOSE VEINS CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never loose a day. I wish all sufferers knew of your valuable treatment.

HENRY C. LOCUST.
