Kimberley Budget

Labor Day passed off quietly in our burg.

Quite a severe electric storm passed over our burg on Saturday morning last, accompanied by a nice rain that lasted for a couple of hours. Messrs. Ashley Fawcett and Thompson Burns of Toronto and Nobleton spent Labor Day with friends here.

Mr. and Mrs. Samuel Croft of Portlaw spent Sunday last, the guests of Mr. and Mrs. R. A. Holley.

Mr. and Mrs. John Gibson of Flesherton were the guests of the latter's parents during the past week.

The choir of the Methodist church treated themselves to a fowl supper at the Traveller's Home on Friday night last. It was indeed an excellent spread.

Mr. J. E. Hammond, commercial master of the Meaford High school, who has spent the holidays at his parental home here, returned to Meaford this week to again take charge of the commercial department of tho aforesaid school.

We are pleased to report that Miss Rachel Hutchinson, who was suffering from an attack of appendicitis, is now almost fully recovered.

Quite a number of the Conservative electors of this neighborhood and quite likely throughout the entire riding of East Grey are receiving through the post office The Daily Globe, till after the election, the idea of which is to try to influence them to support the Liberal candidate in the present election. It is quite likely that in Liberal constituencies The Mail and Empire is being sent to Liberals, with a similiar end in view, in favor of Conservatives. People who will resort to such tactics in this enlightened age must, surely think that the electors who receive these papers must be very ignorant, otherwise they would not expect to influence them with either one of the official organs of the two parties which doubtless make many misleading statements, especially during an election campaign.

Mr. Victor Ellis leaves this week for Hamilton, where he will attend Normal school. Suecess Victor.

Mr. Johnston, principal of our school, who has been holidaying at his parental home at Listowell, returned this week to resume his duties.

Mr. Will G. Hammond returned to Meaford this week to resume his studies at the Meaford High school.

Mr. M. R. Hammond has recently had the exterior part of his residence treated to a fresh coat of paint, which greatly adds to its appearance.

A number from here are attending the C. N. E. at Toronto this week.

The regular monthly meeting of the local branch of the O. W. I, was held at the home of Mrs. Rufus Wickens on Thursday night of last week. A goodly number of the members of the Eugenia branch were present, who by the way, were the guests of the evening, and contributed largely to the social side of the program, after which a dainty luncheon was provided by the local branch.

Mr. Fred Birch sr., of Wodehouse, who by the way is a professional checker player, was a caller in our burg on Monday of this week, and had a few friendly games with his old friend, Mr. John Plewes, with the result that Mr. Birch still holds the championship.

Miss Edith Hammond visited friends at Thornbury last week and was the guest of her cousin, Miss Christena Knott.

Eugenia Paragraphs

The reopening of the Orange hall on Monday was a red letter day for Eugenia. The weather was real Orange weather, being bright and clear. People came from all parts of the country to take part in the celebration—some from Buffalo, N.Y., a number from Toronto and Owen Sound, and other places around were well represented. The speaking was in the grove beside the hall, good seats being provided by the committee, who spared no pains to make the event a success. The speakers were bright and witty. Bro. Elliott, County Master, of Feversham, occupied the chair in his usual happy manner. Rev. Mr. Campbell of Eugenia, Dr. Sproule and I. B. Lucas, Mr. Self of Toronto, Bro. James Carson, W. L. Purvis of Toronto, and others contributed to the afternoon's enjoyment. The hall was beautifully decorated by Mrs. James Purvis of Toronto, to whom credit is given for the renovation of the hall, which shows that the spirit of Orangeism is strong in the ladies as well as the men. Mrs. W. L. Purvis and Mrs. R. D. Purvis all gave valuable aid in making the event a very memorable one and making the Eugenia Orange Hall a place of which Artemesia Orangemen may be proud. May the lodge at Eugenia still flourish, its membership always increase; let Brotherly Love be its motto, with friend and with foe live in peace. May they always be true to the Order, teach their sons in their footsteps to go. When death comes may all be found ready, their work being finished below.

The moving pictures by Mr. Self and Son of Toronto were a great treat to all, also the music furnished by the gentlemen from Buffalo. A recitation given by Miss Gladys Cornfield of Flesherton received great applause, also a solo by Miss Allie Williams of Eugenia. Miss Hilda Purvis of Toronto accompanied on the piano. Tea was served in the basement of the Presbyterian church, where the tables were loaded with all the delicacies of the season, all furnished by the ladies. The Orangemen wish to tender thanks to the ladies of the community, who so willing assisted in making the affair a grand success; also to every one who came and by their presence made the event a memorable one for Eugenia.

The Railway and Manufacturers' Committee of the Guelph City Council have decided to recommend that the Council give the People's Railway ninety days' notice, and if they do not carry out the agreement with the city, to apply to the Railway Commission to cancel the agreement. There is a possibility of the city undertaking the construction of a line to Puslinch lake and Hespeler unless the Canadian Northern's plans cover that territory, and, if necessary, operate it only in summer.

With a piece of glass in his foot for over two years Mr. Hugh Linn, was treating for sciatica and rheumatism in his leg and foot, and had suffered much pain. On Friday of last week acting on the advice of his physician, he underwent an operation at the hospital and a piece of glass which had been the cause of the trouble was removed. Mr. Linn had stepped on a pair of spectacles several years ago and several pieces of glass had penetrated the sole of the foot. These were all supposed to have been removed and the wound healed up. But later the trouble with the leg commenced and under the impression that it was sciatica Mr. Linn had been treating it. Dr. Gaviller performed the operation.

The steamer Meaford bore a rather dangerous package among her freight last week on her north shore to Owen Sound trip. A crateful of rattlesnakes was consigned from a north shore point for the Toronto exhibition. The venomous reptilee were put in a rather insecure box with slits for ventilation and in the handling one strip was loosened and an enterprising snake proceeded to investigate the possibilities of escaping and exploring the Meaford. He was noticed before he had escaped and several of the crew spent an exciting two or three minutes with him, always keeping at a judicious distance from his fangs. One of them procured an axe and decapitated his snakeship. The box was then more securely nailed up and at Owen Sound transhipped by Express to Toronto.—Times.

Walkerton

At present the lighting system here is like a pig's tail—pretty much on the hog.

Jacob Metsger, miller at Vogan & Sons, is mourning the loss of 100 heads of cabbage which he had been cultivating carefully for a winter luxury, but which a destructive cow which invaded his garden, destroyed on Saturday.

A peach tree growing in the yard of Mr. Val Fischer has performed a feat in nature by bearing two luscious peaches on one of its branches. With oranges growing in the front window of Mr. J. J. Lembke's here and peaches ripening in the back yard of Mr. Fischer's, it certainly sounds as if Walkerton were capable of growing something more tropical than red noses.—Bruce times.

A Chesley lad named Sellwood, aged 13 or 14 years, met with a fatal accident last week while visiting in the country. He was helping handling grain. The boy was driving a team attached to a hay fork rope at the barn, when a clip came off the end of the whiffletree, and the whiffletree flew back with tremendous force, striking him on the chest and killing him almost instantly.—Tara Leader.
