TRUTH BEFORE FAVOR—PRINCIPLES, NOT MEN

ITALY THE BRIGAND

Dispatches tell us that there is a war on between Italy and Turkey, but thus far at least it appears to be a very one-sided war with all bellingerency on the side of Italy, who, like the bad big boy of our school days has been pounding a defenceless youngster and stealing his candy. In this instance the bad boy is represented by Italy and the candy by a country larger than Italy itself, Tripoli on the African coast of the Mediterranean. Turkey does not seem to have struck a blow for the protection and maintenance of its province.

There is something about this occupation of Tripoli by Italy that does not taste well when we try to swallow it. There are instances, no doubt, where the forcible partition of a country is best in the interests of civilization, but in the present instance there are grave doubts as to the advisability of allowing the Italian government to play the brigand against Turkey. The trouble is rather aggravated by the fact that Germany has attempted to play the same role with France, and is now receiving her ransom money in the form of a grant of Congo territory.

Both of these governments have stringent laws against theft and highway robbery, are supposed to be humane and christianized peoples, and the champions of everything in the shape of morality. The man who knocks another man down on their streets and possesses himself of his watch or pocketbook is sent to penitentiary. Even while this drama has been in progress Italy has been endeavoring to punish a score or so of brigands who have been fattening on crime. But on a grander scale that government enters the same field and there is no one to punish it.

There was a time not long ago when the Turkish massacres of christians horrified the whole world. That was the time when a division of Turkey, limb from limb, would have been opportune. It is now rather late to begin the process, when reformation has begun within the confines of the Turkish empire itself, under the young Turk party, and Abdul Hamid and his bloody reign are things of the past.

From a moral point of view Italy has no right whatever to Tripoli. There is no doubt, however, that it is not from a moral standpoint that she takes forcible possession. It is a purely mercenary motive that inspires her, and as such her action should be looked upon with disfavor, especially by those who desire to see the spread of christianity among the Mohammedan nations of the east.

H. H. Miller was defeated in South Grey by Mr. Ball by the small majority of 48. We would not be surprised if South Grey would be made a Conservation stronghold in the forthcoming redistribution by handing over Artemesia for Mr. Ball's future benefit. Well, we make a very good foot-Ball—have in fact been kicked over the line fence several times. It proves our popularity.

The upper end of Dufferin still continues to furnish the county jail with people who have lost their reason. On Saturday David Craig, a 17-year-old boy from Melancthon, was committed to jail by P. M. Rutherford, and Miss Mary Meeks aged 26, was sent from Malmur. It is simply astonishing the number of insane persons those two townships have produced.—Grand Valley Star.

A Grateful Mother

Tells of Her Daughter's Recovery.

A mother will always be worried and anxious if one of her daughters should be affected; that from any cause the natural functions of the body become retarded or suppressed. Any irregularity, especially in a growing girl, is apt to be the forerunner of a long chain of sickness, not unfrequently followed by pernicious anaemia or consumption.

"My daughter had just passed her sixteenth year when, owing to an exposure at an inopportune time, an important action of the system ceased." So writes Mrs. Thomas E. St. Nicholas, of Manchester South. "Stella was subject to violent nose bleed—was hysterical and borne down by fits of mental depression. She grew listless and debilitated, and her progress at school was prevented by frequent small ailments which kept her at home. After using Ferrozone six or seven weeks, some signs of improvement came, but not sufficient to show that she would grow natural again. It was fully three months after she had been using Ferrozone before my worry was over. After that her system became natural and regular. I cheerfully recommend Ferrozone for all troubles incident to girlhood and womanhood."

Ferrozone Builds Up Weak Girls

Ferrozone is a womanly tonic that supplies to the blood and nerves the qualities that are lacking when health is poor. No medicine is so nourishing—so full of life and vigor-making properties. Try one or two Ferrozone Tablets with your meals—watch the result. Fifty cents a box, six for $2.50, all dealers, or The Catarrhozone Co., Kingston, Canada.

THREATENED WITH PARALYSIS

BEFORE TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the NEW METHOD TREATMENT and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so.
