The Rev. John Gray, D.D., the financial agent of Knox college, Toronto, was here on Sabbath and preached in each of the Presbyterian churches—Flesherton, Eugenia and Proton—and presented the claims of the new college building fund. The day was far from favorable and the attendance small, but all present seemed deeply interested in the enterprise and doubtless will respond when Dr. Gray calls upon them during the week for aid to the new college.

Mr. Wm. Stewart of Swinton Park has a gander that has been doing his full duty to posterity this past summer, and ought to be entitled to another year of grace. Last spring the gander's mate died on her nest while endeavoring to bring into existence a family of goslings. About the same time a hen brought out a hatching of thirteen ducks, and the gander at once adopted these and has brought every one of them through the dangers of infancy to adult duckhood.

Mr. Harry LeGard had a valuable heifer calf stolen from a field across the road from his house on Thursday night last. The calf was about six months old, red, white star in forehead, some white on body and white tip on tail, splash of white on one front leg. Mr. LeGard can ill afford the loss and it is hoped that the thief will repent his action and place the animal back where he found it before his conscience punishes him too severely.

Mr. F. G. Cole showed some peaches at the fall fair here that would do credit to the Niagara district. The tree is in his garden in town and is a seedling. The fruit is first class in size and quality, with an appearance like a Crawford.

The Epworth League convention and Methodist district meeting to be held here to day and to-morrow are expected to bring a large number of visitors to town, probably near the 100 mark, as some 75 have already signified their intention of attending. The people of Flesherton will give them a hearty welcome, and feel quite secure in tendering to them the freedom of the town. The lecture Thursday evening by Dr. Daniels on "The Swing of the Century" is expected to attract a large audience.

Walter Booth, who trimmed whiskers in Flesherton some years ago, and who later had one leg amputated, is still pursued by evil genii. The Bruce Times says: Having had one of his legs amputated above the knee and being thus obliged to hobble about on one foot, Walter Booth, the hub barber, would seem to have had sufficient troubles of his own without fate interfering on his behlaf. But the old scriptural injunction, to those that hath shall be given, was furnished with an illustrious example on Friday night as Mr. Booth's troubles began to multiply like fleas in June. While returning from Hanover that evening about 10 o'clock, in company with Hector McDonald, their horse took fright at a passing auto, and plunged into the ditch near Mr. W. J. McNally's farm. In the mix-up which followed the buggy turned turtle and buried Mr. Booth under the debris, from which he was released and driven into Walkerton by Mr. Robert Goode, who happened along about that time. On examination here it was found that his right arm was broken above the elbow, while two fingers were also discovered to be broken on the left hand.

"Refuse notice." Every editor has received them, says an exchange. The postmaster sends them to the editor For instance there is a man by the name of, we'll say, John Jones, who refused to take his paper out of the post-office. He did not want it any longer. We wondered what was the matter. Upon investigation of our subscription book we found John was short $5.70. He has stopped his paper as a matter of economy to us. A few evenings ago we stepped into a church and John's melodious voice rang out loud and clear in the soul stirring song, "Jesus Paid it." We might have been mistaken, but his earnestness impressed us. The next day we sent him a receipt in full, begging his pardon for not knowing he had made an assignment of his liabilities to the Lord.
