TRUTH BEFORE FAVOR—PRINCIPLES, NOT MEN

ALL POLITICS

During the past two weeks several important events have occurred in the world of politics, the most important of which was the resignation of Hon. A. G. McKay, leader of the Ontario Opposition. Mr. McKay claims that this step was made imperative owing to attacks made upon his character as a private citizen. No public man to-day is entirely immune from attacks on his private character, and the man who cannot silence or destroy this enemy must succumb. Mr. McKay has made a hard and costly fight for his party, and reaps no reward. He is deserving of sympathy and we are pleased to know that his party in his own riding still stand by him.

. . .

Mr. McKay's place is taken by Mr. N. W. Rowell, K. C., of Toronto, who has issued his platform. This platform embraces several advanced ideas and has a good strong ring of sincerity about it. We are told that the new leader is a man of strict integrity and enthusiasm. If this be so the Reform party possess a jewel and the country will be better for his leadership. The new platform embraces tax reform and abolition of the three-fifths clause, two things towards which the present premier appears to possess a strong antipathy. Otherwise the new platform does not differ very materially from the Conservative policy.

. . .

The campaign in East Grey has scarcely got into full swing as yet. Mr. McCullough purposes making the run of his life in opposition to the present representative, Hon. I. B. Lucas, and hopes to shunt him off the track.

. . .

The Advance confesses that it does not like the stand taken by Premier Whitney on the all-important subject of tax reform. We had hoped for something better from him. His argument appears to be that the placing of taxes on land values would benefit the wealthy. Even so, should the vast army of farmers and artisans be deprived of justice because of the possibility that the wealthy would also benefit? As the assessment law now stands a poor farmer is obliged to borrow money to erect necessary buildings, and the instant this is done up go his taxes on these buildings and he is obliged to pay saucy for his improvements. A change in this regard is a crying need in our province and even Premier Whitney will find that he will have to make a volte face on this question when the farming community really gets after him through their representatives Nevertheless, we do not wish this to be construed as an attack on the Whitney government. We are not after them any more than to point out where we think a remediable weakness lies. The three-fifths clause and stubborn refusal of tax reform are two thin spots in the ice and large enough for them to drop through "ef they don't watch out."

A BRILLIANT STAR

The Toronto Star gives signs of a bilious unrest in its internal organs since its defeat on the reciprocity question. It waxes sarcastic and caustic. If the Star will look up our files it will easily find where The Advance stands on the navy question. We have said more than once that we have no use for a fleet of war vessels for a young country like Canada. We have said that the action of Australia in building and presenting a first-class battle ship to the imperial navy was more in keeping with requirements and with our financial obligations. At the same time we have no quarrel with a referendum on the question of what should be done. The Star thinks the loyalty cry had a great deal to do with the defeat of reciprocity. If this be the case the question of to what extent that loyalty should go in the building of war vessels can well be left to the people to decide. It is our solemn belief that no such enormous responsibility as a committal of a people to the building and support of a navy should be taken upon the shoulders of any government without first securing a fiat from the people it represents. There you are, Mr. Star. That is our stand on the navy. We do not pretend to the great wisdom controlled by the brainy writer on the Star—he has it all—but if our ideas are adopted it merely shows that The Advance is a good guesser, which the Star was not, of recent date, neither were his ideas on reciprocity accepted by a hard-hearted people, which no doubt is responsible for the deterioration of his digestive and mental organs.

A Surprise In Store.

Several subscribers to "The Family Herald and Weekly Star" in this district have received their copy of the beautiful premium picture entitled, "Home Again." A copy has also reached this office. It certainly surpasses any picture ever given by that great paper before. How such a beautiful work of art, all ready for framing, can be included with such a great family paper for the small sum of one dollar a year is a mystery. "The Family Herald and Weekly Star" should add thousands of new subscribers this season. They will deserve it, for no such value has ever before been given. There is a big surprise in store for those who receive the picture "Home Again."

There is a minister who appreciates the editor. At a recent editorial convention he offered the following toast: "To save an editor from starvation take his paper and pay for it promtly. To save him from bankruptcy advertise in his paper liberally. To save him from despair send him every item of news of which you can get hold. To save him from profanity write your correspondence plainly on one side of the sheet and send it in as soon as possible. To save him from mistakes bury him. Dead people are the only ones that never make mistakes."

"Bill" Miner, the notorious train robber who escaped from the jail in Georgia a few days ago was captured in a box car at St. Clair, Ga., on Sunday last Moore, his accomplice, who resisted arrest was killed.

A retired railroad conductor joined the Methodist church and was soon afterwards steward. One of the duties of the office was to pass the plate when the collection was taken, and whenever he came to anybody who didn't give anything he would reach for the bell to stop the train.

All stories about the hardness of negro's skulls were put into the background by two happenings which occurred at Philadelphia the other day. Following a quarrel, a negro, Henry Lewis, was shot four times in the head at a range of less than five feet. After penetrating the flesh the bullets flattened and dropped to the floor. The man was taken to the hospital, but was permitted to go to his home. His assailant escaped. Another colored man, Wm. Puffen, while harnessing a mule, was kicked on the head and knocked down. Getting to his feet, he discovered the mule lying on the ground. Examination showed that its leg was broken. Puffen was to the Germantown Hospital, where six stiches were put in his scalp.

DO YOU USE PILLS?

If In Doubt About the Right Pills to Use Read the Following Letter Carefully:

"I am one of those persons whose system requires aid," writes Mr. Young Gledhill, from Picton, "but it is so easily affected by reason of the great sensitiveness of the bowels that ordinary drastic pills inflict great injury to the delicate coating, and excite such persistent activity as to be with difficulty checked.

"I wish in the highest terms to express the great value of Dr. Hamilton's Pills in cases like mine, and I am sure also for elderly people and the very weak there is no pill like them.

"Speaking of my own experience with Dr. Hamilton's Pills, I can say they have proved the most stimulating pills for the liver I have found. I have proved their tonic action upon digestion, and the same results have been secured by friends upon whom I have urged their use. The manufacturers are to be congratulated upon possessing so valuable a prescription, and the public should know that so valuable a remedy has been placed at their command."

No other pill for constipation, for liver, kidney, or stomach trouble, compares with Dr. Hamilton's Pills; they are mild and sure always to restore health. Refuse substitutes. Sold by all dealers, 25c per box, or The Catarrhozone Co., Kingston Ont.
