TRUTH BEFORE FAVOR—PRINCIPLES, NOT MEN

A TAX COMMISSION COMING

We are exceedingly pleased to know that Premier Whitney has changed his attitude on the taxation question, and will accede to the demand to the extent of appointing a commission at the coming session of the Legislature to inquire into this complicated question with a view to remedying abuses.

There is no portion of our civic government as difficult of fair application as that of taxation, and perhaps there never will or can be a system devised that will be satisfactory to everybody, but the matter stands to-day there is so much that is unfair, and the law is applied in such a haphazard way, that there is much room for improvement. A commission such as Mr. Whitney proposes ought to find much justification for its existence, and if it should, in its investigations, become slightly tinctured with Henry-Georgeism this paper will not charge it with harboring "a bee in its bonnet."

The Tax Reform League does not ask the government to go so far as to adopt all of Henry George's theories, but merely to make the taxation of improvements optional with municipalities. It is asked that municipalities be allowed to do what they choose in the matter.

A commission is a fair way of looking into the question, and again we express pleasure to know that Hon. James Whitney has promised to grant such a commission. In the past seven years we have learned at least one truth about Premier Whitney, and that is that he keeps his promises. Like the old adage of woman, "When he will he will, you may depend on't; when he won't he won't, and that's the end on't."

THE REIGN OF HARMONY

As a result of the rearrangement of governments in the Dominion, Manitoba and Ontario stand to benefit very largely. Manitoba will have her boundaries extended to the Hudson Bay, and Ontario will secure waterpowers in the eastern portion for hydro electric purposes where the Commission was held up by the Laurier administration. It is especially pleasing to know that Manitoba will get a long-delayed justice in the matter of her boundaries, and that it will no longer be known as the "postage stamp" province. Manitoba will now proceed to develop itself, and will in short order become one of the greater provinces.

These things have been made possible through a change of government at Ottawa. Where the provincial and federal authorities are not in harmony, ofttimes justice is very slow in coming to the former.

The announcement that the Hydro-Electric Commission proposes to erect power lines thorought this county is of very great importance. The coming of cheap electric power means a great deal to all industries, including that of farming. In southern Ontario farmers are installing electrical pfants and thus working a revolution in their business. There is no telling at the present time to what the use of electricity will lead in the near future. We cannot guess at it; but it is certain that the work of the H. E. Com. opens up a vista of possibilities that were not dreamed of ten years ago. The uses for electricity are only beginning to be known, and they are extending every day.

Italy is still trying to corall its Christmas Turkey, but the wary bird appears to be giving it an interesting time.

Premier Borden has announced his policy on the navy question. The Admiralty will be consulted as to the policy which would be most valuable for the defence of the Empire and a bill will be framed which will either be submitted to the people at a referendum or at the next election. The announcement of Mr. Borden has been well received at Ottawa.

The Hon. Champ Clark now says he would oppose annexing Canada by force. But then, when the time for that comes he can "explain" that he didn't mean just that, and proceed to whoop her up for forcible annexation. His explanations have been very freakuent of late.

Flooded Cargo to Save the Ship

With her hold flooded and the passengers joyous that the voyage was over, the Alberta of the Canadian Pacific fleet arrived at Fort William after a terrible trip from Owen Sound. Practically the whole cargo—she carried package freight—amounting to about $10,000, will be a loss as a result of the necessary efforts to keep the ship above water.

It was while approaching Isle Royal, that dangerous point where so many ships have met disaster, that the full strength of the 70 mile gale was encountered. Great waves lifted the vessel and flung her about, resistless in their grasp. She was not heavily weighted and Capt. Davis, in order to secure some relief, ordered the hold to be flooded. This brought the vessel to a safer depth and she rode more easily. For twenty-two hours the ship felt its way through the blinding snowstorm in the endeavor to find the entrance.

The passengers, those who were not too seasick to care, were sure that the ship was going to turn turtle many times. Many of the sailors could not stand the motion of the boat and were incapacitated.

N. R. BUGG ARRESTED

People's Railway Promoter in the Law's Clutches.

Somewhat of a sensation has been created by the arrest at Berlin on Monday, at the instance of the Owen Sound police of N. R. Bugg, one of the promoters of the People's Railway. He was taken to Owen Sound.

The alleged irregularity is in connection with the transfer of certain notes given by shareholders of the company to Mr. Bugg, who turned them over to the company, instead of their being placed in the bank. However, they were transferred to J. Zuber of Berlin, who has issued writs for payment of the notes.

Solicitor J. A. Scellen is looking after Bugg's interests and is confident his client will be cleared of any charge of wrong doing.

Don't waste your money buying strengthening plasters. Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by all dealers.

ONTARIO

A Message From Santa Claus

To the Children:

I have a large book for the names of good boys and girls under twelve years of age, to whom I give presents, and, having arranged to make Perigoe's store at Feversham my headquarters this Christmas, you will find this large book there, in which to write down your names any time before the 21st day of December. Children who are too young to write may have their parents write them.

Then on Friday and Saturday before Christmas I will be at the store myself to give these presents to the children whose names I find on the book.

Have your names on the book as soon as possible. Hoping that it will be good weather so that I can see you all at the store, I am

With best wishes for a Merry Christmas, Sincerely yours,
—SANTA CLAUS.
