The Women's Institute will give an elegant fowl supper in the basement of the Methodist church on Wednesday, Dec. 6, with program in the assembly room of the high school. The price of admission will be 35 and 20 cents—but it will be worth it.

The past week has been one of mild temperature and sleighing has not been good, except on the gravel roads. A steady rain on Tuesday destroyed it altogether.

A large frame barn occupied by Robert Pallister and owned by John Osborne (who lives in the West) on lot 1, con. 2 Osprey, was burned to the ground early Friday morning last, together with all hay and grain, some implements, fowl and four calves. The cause of the fire is a mystery. The property was partially insured. Mr. Pallister succeeded in saving his horses.

Mr. Mark Wilson's residence had an extremely narrow escape from going up in flames one day last week, when the woodshed caught fire from ashes which had been thrown out. A few minutes more would have done the trick, but fortunately it was noticed in time to extinguish it before any serious damage was done.

The Women's Institute are taking in hand the work of resuscitating the old public library and are meeting with considerable success. We trust the success will be more than considerable, and that the institution will be placed on a solid foundation once more. If anybody can make it go the women can. When they call upon you for your encouragement do not say them nay.

Horse Distemper

Prince Edward Farmer Solemnly Declares "Nerviline" Is a Specific.

"After fifty years' experience in raising horses I can safely testify that no remedy gives such good results for an all-round stable liniment as Nerviline." Thus opens the very earnest letter of J. I. Evanston, who lives near Wellington, P. E. "I had a very valuable horse that took distemper a month ago, and was afraid I was going to lose him. His throat swelled and hard lumps developed. His nostrils ran and he had a [illegible] pain and suffering till I started to use Nerviline. I mixed a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colic in horses and cows, and earnestly recommend it to every man that is raising stock."

CURES QUICKLY

For strains, sprains, swellings, colic, distemper, coughs, and colds, no liniment will prove so efficacious in the stable as "Nerviline"—it's good for man or beast, for internal or external use. Wherever there is pain, Nerviline will cure it. Refuse substitutes. Large bottles 50c, trial size 25c, at all dealers, or The Catarrhozone Co., Kingston, Ont.

CORNS CURED IN 24 HOURS

You can painlessly remove any corn, either hard, soft, or bleeding, by applying Putnam's Corn Extractor. It never burns, leaves no scar, contains no acids; is harmless, because composed only of healing gums and balms. Fifty years in use. Cure guaranteed. Sold by all druggists, 25c bottles. Refuse substitutes.

When Newton Allen, postmaster at Marlbank, east riding, Hastings, was away during the afternoon and evening of Monday last week, one of the family took a roll of money, $400, and stuck it in the waste paper basket for safe keeping believing that if burglars should nose around they would never think of looking there. Mr. Allen arrived home during the night. He was up bright and early, however and cleaning up about the office he dumped the contents of the waste paper basket into the stove and touched a match. The result was that $400 in good bills went up in smoke.
