NEWS OF THE DAY.

SATURDAY MORNING, JULY 18, 1868.

EXCURSION ON MONDAY.—The Grand excursion of the season will undoubtedly be that of Monday next to Brockville and Ogdensburg, on the steamer Bay of Quinte, under the auspices of the St. Vincent de Paul Society. The gentlemen connected with this Society have been identified with some of the most successful concerts given in Kingston, and under their judgment and management the Excursion cannot otherwise than prove successful and agreeable. The fare is low, placing the boon of a day's pleasure within reach of all, and the attraction of having two bands on board is announced. Ample time will be given at Brockville and Ogdensburg to view those places. The Excursion is to be no mean affair, but a well managed one.

DENTAL ASSOCIATION.—At the recent annual meeting at Hamilton, the following gentlemen were elected office-bearers for the ensuing year :—

President—J. O'Donnell, Peterboro'.
Vice-Presidents—J. H. Bryant, Woodstock ; W. H. Porter, Holland Landing ; and L. Lemon, St. Catharines
Recording Secretary—J. S. Scott, M.D., Toronto.
Treasurer—L. Clemens, Kingston.
Librarian—Lyman Wells, Simcoe.

THE WEATHER.—The heat during the past two days has not been so intensely hot, though still above the ordinary rate. The mornings and evenings have been comparatively cool.

THE CULLEN SHOOTING CASE AT MONTREAL.—Garner, the American who shot detective Cullen, has been admitted to bail by Judge Drummond, who held the arrest of Garner by Cullen to be illegal, and stated that there was not the slightest chance of obtaining a verdict against Garner. Bail $2,000, and two securities, $1,000 each. It was reported that Garner had compromised with Cullen for $500; but seems that this sum was sent to defray medical expenses.

Such intense heat as the present has not been experienced on this continent within the last 74 year, so says the New York Observatory.

A flag-staff has been erected in front of Mr. Howland's residence, Toronto. The flag will be run up, in all probability, before the next week closes.

Hon. Mr. Macdougall, it is said, has expressed himself that he will not hold out for building the Intercolonial Railway on the Central route, when people in Ontario are so lukewarm, and even grumble, at its being built.

The steamers "Union" and "Magnet" go to the salt water crowded with tourists.

The "Dunkeld," with a cargo of wheat for Cork from Montreal, is a total wreck on Murr Rocks, Labrador. The ship "Clydesdale, timber from Quebec, is ashore at River Lortigne. S. S. "Lady Head" has gone to her assistance.

On Tuesday, James Blakely, a farmer residing near Hazzard's Corners, Hastings left the village of Madoc for home and was shortly after found dead on the road. Sun stroke was the cause of death. On the same day Andrew Potter, a farmer living in the Township of Sidney, died from the effects of the heat. He lived only an hour or two after receiving the sun-stroke.

SARSAPARILLIAN.
AND ITS ASSOCIATES.

DR. RADWAY'S SARSAPARILLIAN is not a *direct diuretic or a direct alterative*, but it combines all the properties of a remedial agent, essential to purify, cleanse, heal, repair, strengthen and invigorate the broken down and wasted body.

It purifies and enriches the blood ; makes it strong, healthy, and vigorous ; supplies it with strong constituents essential to health that disease and bad humors have changed or deprived it of ; sound flesh and healthy fibre or hard muscle is not made from weak impure blood. The SARSAPARILLIAN RESOLVENT makes the blood rich and strong, and supplies the waste of the body with new and sound material. No matter what the name of the complaint be designated by, either Scrofula, Syphilis, Ulcers, Sores, Tumors, Boils, Erysipelas, Salt Rheum, either of the Lungs, Kidneys, Bladder, Womb, Skin, Liver, Stomach or bowels, either chronic or constitutional. The virus of the disease is in the blood, which supplies the waste, and is absorbed to build and repair these organs and tissues of the system, which, if the blood is unhealthy, must be unsound, and can only be exterminated and the parts made healthy by pure blood, which is secured by the SARSAPARILLIAN RESOLVENT.

The SARSAPARILLIAN RESOLVENT is a compensating remedy. It secures the harmonious action of each of the organs. It does not augment the secreting orifices of the kidneys, nor is the liver interrupted in its functional duties of secreting bile, by its assisting the lungs in throwing off the purulent matter that fills and obstructs the air cells or tuberculous deposits. It establishes throughout the entire system functional harmony, and supplies the blood vessels with a pure and healthy current of new life. The skin, after a few days use of the Sarsaparillian, becomes clear and beautiful. Pimples, Blotches, Black Spots and Skin Eruption are removed ; Sores and Ulcers soon cured. Persons suffering from Scrofula, Eruptive Disease of the Eyes, Mouth, Ears, Legs, Throat and Glands, that have accumulated and spread, either from uncured disease or mercury, or from the use of *"Corrosive Sublimate and Potassium that forms the basis of most of the decorations and solutions in the large bottles of Sarsaparillas that smothers but never cures, may rely upon* a cure if the Sarsaparillian is continued sufficiently to make the blood pure and secure the harmonious action of the several organs in secreting the proper constituents of each ; and this will soon be made manifest by the patient's own state of health. The ingredients used in SARSAPARILLIAN RESOLVENT are such that, prepared under the ordinary process, are recognized by medical men as the best in the materia of medicis in their special ranges ; and, as prepared under DR RADWAY'S NEW PROCESS, for obtaining extractive matter from vegetable substances and the peculiar mode of uniting these several ingredients so as to assist and increase the medicinal power of each, gives to the sick a remedy that one or two spoonfuls possess as greater and quicker power than a dozen doses of the uncertain decoction of ordinary Sarsaparillas. (One tea spoonful of Radway's Sarsaparillian to a pint of molasses or syrup will make as strong and efficient a remedy as any of the large Sarsaparillas). Those who are afflicted with chronic disease, who desire to be free from it without overloading the stomach with a lot of inert and useless syrups, —one tea spoonful of the Sarsaparillian Resolvent will answer a better purpose than a wine glass of the ordinary sarsaparilla. And one bottle will make a better curative agent than ten of the others, besides being free from corrosive sublimate, which accumulates like mercury in the system that forms the basis of most of the remedial agents.

The Sarsaparillian used in this Resolvent, is the Jamaica (Red.) This species contains less starch and more extractive principle than all others. Dr. Radway associates with his agent, HEMEDESMUS INDICUS, PAREIRA BRAVA, LIXIVOE FUCI, and newly discovered roots, with other ingredients, (see formula in False and True, Dr. Radway's Almanac for 1868,) which roots are selected and gathered, in their proper season, by agents under pay from Dr. Radway, in Brazil, S.A., Jamaica, W. I., Hindostan, &c., and imported direct, and the active medicinal properties of said roots only used in the preparation of this remedy. For a more complete description of the medicinal properties of the several ingredients used in the Sarsaparillian, see False and True, Dr. Radway's new medical publication, illustrated with figures of the organs of the system, free of charge, by calling at 439 St. Paul street, Montreal. Price of Sarsaparillian Resolvent, $1.00, or six Bottles for $5 00. Sold by all of Dr. Radway's Agents, by Druggists, and 439 St. Paul street, Montreal.

HALL'S
Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public ; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean ; cures dandruff and humors, and falling out of the hair ; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names ; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original : it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
