No Students Rangers

New regulations for fire rangers have been issued by the Department of Lands, Forests and Mines, the most important of which is the fact that in all the long list of rules and instructions the word "student" does not appear. Infuture no students will be sent out as Government fire rangers. This was decided by Hon. W.H. Hearst after very careful consideration. In past years hundreds of students have been sent out each Summer to act as rangers, and, while no serious complaints were made, it was thought advisable to discontinue the practice entirely, as, in many instances, the young men were not experienced bushmen, while others went out only for the purpose of spending the summer in canoes and being paid $60 a month for it. In future none but experienced bushmen will be engaged as rangers, and they must be highly recommended or have had considerable experience.

The new regulations stipulate that the rangers must keep diaries, which will be sent to the foremen every three months, and transmitted by him to the Minister at Toronto. Foremen are given power to dismiss rangers who become inoxicated or absent themselves rom duty without leave, and for other causes.

A Sad Suicide

Mr. A. Murat, postmaster of Mildmay, committed suicide on Saturday morning by drinking carbolic acid. Various complaints are said to have been sent in of late regarding the Mildmay postoffice, and this is reported to have culminated in the postoffice inspector visiting there on Friday last. What disclosures he made are not known to the public, but it was rumored that Mr. Murat was about to be dismissed. At all events on Saturday morning the unfortunate man purchased about an ounce of carbolic acid from a drug store across the road and returning to the postoffice drank the poison with apparent suicidal intent. His young son, who was working in the postoffice, is said to have noticed his father in a rather delirious state and at once ran out and summoned help. When the would-be rescuers arrived they found Murat lying in a precarious state on the lounge, and although medical attendance was hastily procured, the poison had already done its work and the spirit of the aged postmaster took its flight. The deceased, who was in his 63rd year, is survived by a family of four sons and two daughters. The sad affair is much regretted and deeply deplored in this vicinity.—Bruce Herald.

Crushed to Death

On Saturday John Millman, a resident of Derby, near Jackson, was crushed to death by a sleigh load of wood. The deceased with his little boy, Wilfred, aged 12, went to the bush to get a load of wood for town. On coming out of the bush the sleigh slewed into a pitch hole and the front tier of wood tumbled off and Millman, who was on it, fell down under the whippletrees and the front bob went over and remained on his chest. At once the little lad called for help and managed to unhitch the horse and rode home. Help was at once brought but life was extinct. No coroner's jury was necessary. The deceased was born in Whitby county 52 years ago and at the age of 17 removed to Derby, where he has since resided.—O. S. Sun.

What is the situation in regard to the People's railway? The Record was informed this morning that local men prominently interested in the road are actively engaged in making preparations for the construction of the road. Messrs. Bugg, the original promoters, are no longer connected with the road. The local men, through a Toronto bond house are negotiating with a construction company for the completion of the road and, it is said, the Toronto brokers are sanguine over the progress of developments.—Berlin News-Record.

Surely Ernest Anderson, Lavender, is having his full share of affliction. In October last his two children were very ill and one of them, the eldest, died. Mrs. Anderson, who had waited on them so tenderly, became ill and passed away Dec. 1st. The remaining child continued very weak and as he showed no signs of much progress Mr. Anderson took him to the sick children's hospital a couple of weeks ago for treatment. Shortly after returning home Mr. Anderson himself became ill and is now in bed with typhoid fever.—Creemore Star.

The notorious Bob Cook, who terrorized Orangeville and vicinty with his wild escapades a couple of years ago, is in the toils again, although he was released from Kingston only about two months ago. This time he is charged with stealing sheep. He was arrested along with Louis Drinkwater, a cousin of his wife, on Saturday night by a posse of six detectives.

Are You Weak, Bloodless, Anaemic?

You Can Be Cured of Poverty of the Blood Just Like Miss Everett Was.

Since the early ages, in all countries among all classes of people, anaemia has been one of the most pernicious conditions that affect mankind.

Writing from her home in Paisley, Mrs. Everett says:—"My daughter had just passed her sixteenth year, when she began to rapidly lose color and strength. Serious complications set in that made her family and friends most anxious. We were not only worried on account of her ill-health, but because she was likely to lose her years' work at the High school, where she was preparing for the profession of teaching. The doctor said it was 'Anaemia.' I knew the best remedy was Ferrozone—and made my daughter take two Ferrozone Tablets with every meal. The first box did little more than increase her appetite. But with the second box it was really delightful to watch the signs of returning health. Annie's face became sort of a yellowish at first—that deadly whiteness disappeared. But it wasn't long before a ruddy glow was perceptible in her cheeks, and real good color returned. All Annie's troubles were cured—she grew strong—vigorous—heavy in weight—feels and looks the picture of health."

FERROZONE
Makes Strong Blood

Hundreds of cases of anaemia, poor color, blood and nerve disorders, the chronic kind—they have been cured by Ferrozone—why not you? In 50c boxes, six for $2.50, all dealers, or The Catarrhozone Co., Kingston, Canada.
