Farmers' Institute Meeting

The Farmers' Institute meeting held here on Thursday afternoon last was well attended and was one of the most successful ever held here. The speakers were Miss Powell of Whitby and Anson Groh of Preston. At the men's meeting in the afternoon Mr. Groh gave a most practical and instructive talk on the silo and silage. Those who heard this address were quite enthusiastic over it. As we had no reporter present we cannot speak from personal knowledge.

The evening meeting was presided over by Mr. John Thibadeau of Markdale, who admitted that Flesherton could outdo Markdale in the matter of supporting the Farmers' Institute. The hall was well filled.

The first speaker was Miss Powell of Whitby, who gave a magnificent address on "The value of cheerfulness." This address was quite lengthy but was listened to with rapt attention and great pleasure. It was a most finished effort, delivered in a pleasing and fluent manner. Evidently, too, this lady practices all the precepts she advances. Cheerfulness begets cheerfulness and it was certainly a cheerful audience that went away from the hall that night. The address was filled with golden truths, a couple only of which were: "The cheerful person is of more value to a community than a millionaire, who pauperises every one with whom he meets," and "The harder the task the more need of singing." The world would be a much more cheerful and happy place to live in if Miss Powell's advice were made the basis of our actions.

Mr. Groh gave a very humorous sketch of "Three generations in Waterloo County." This address caused much merriment through anecdote and pioneering sketches, but all led up to a fitting and sobering climax when he applied it to the necessity of preserving a portion of our forests in order to save necessary moisture. He advocated the planting of trees on all waste ground.

The program was interspersed with solos by Miss Irene Wilson, Mr. Marcellus and Mr. R. Moore.

The meeting of the Women's Institute was held in the high school building and was presided over by the President, Mrs. R. H. Moore. Miss M. V. Powell of Whitby addressed the meeting on "Refinement in the home." She said that while refinement meant innate, natural politeness, yet it was a grace that might be cultivated. Much could be done by giving attention to what might be called the small things in our everyday life. The cultivation of refinement should begin in the home and among the members of the family. The refinement will be shown in neatness of dress, carefulness of speech, and word and manner. Nothing showed the possession or lack of refinement so much as the way in which the guest cared for her room and the consideration she showed her hostess. Miss Powell said that some present had entertained guests at whose departure a sigh of relief was heaved, and who was not forgotten until the guest chamber was put in order again, which took some time owing to the lack of care given to the pretty accessories of the room.

About fifty ladies were present and were much charmed by Miss Powell's address.

Mrs. A. R. Tabor of Crider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and these have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. For sale by all dealers.

JOHN DOUGALL & SON, Publishers, 'Witness' Block, Montreal.

A distressing fatality is reported from Grand Valley. While in the act of leaving his house about 9 o'clock yesterday morning, George Sime, a well known citizen, slipped on a step. He threw out his hands to save himself, and in doing so struck a loaded shot gun that was hanging beside the door. The weapon went off and the charge struck the unfortunate on the side of the head, inflicting a terrible wound. Death was almost instantaneous. The victim was about 55 years of age and leaves a widow and grown-up family of three. Sime was caretaker of Grand Valley Presbyterian Church.—Orangeville Banner.

"Bob" Cook and Louis Drinkwater, charged with the theft of three sheep from Conley Bros. of West Caledon, appeared before Police Magistrate R. Crawford at Brampton, Monday morning and entered a plea of "not guilty" whereupon they where committed to trial on evidence offered by the police. In the afternoon they were taken before County Judge McGibbon and changed their plea to "guilty." On account of his youth, Drinkwater, who lives in Toronto, and is only seventeen years of age, was allowed to go on suspended sentence. unril February 1. Several witnesses testified as to the general good character of Drinkwater.—Banner.

Judge McCarthy gave judgment on the 12th inst. dismissing Dr. Rich's action with costs against the Board of Health, Township of Melanthon. This action has been going on for some time. Dr. Rich formerly lived in Hornings Mills and was Medical Health Officer for the township of Melancthon. In the year 1909 he disinfected a couple of houses and having left Hornings Mills, he claimed that the township should pay him for these. The Board of Health contested the matter on the advice of their solicitor and Judge McCarthy, after trial at the County Court in December, gave judgment on the 12th inst. dismissing the action with costs. Wm. Harris of Port Perry acted for Dr Rich and G. M. Vance, K. C., Shelburne, for the Board of Health.—Shelburne Free Press.

SCIATICA
EXPECTED DEATH ANY DAY

Another Case Where Life Was Saved and Health Restored by "Nerviline."

It is because he feels it his solemn duty to tell to the world his faith in Nerviline that Victor P. Hires makes the following declaration: "For three years I was in the Royal Mail service, and in all kinds of weather had to meet the night trains. Dampness, cold, and exposure brought on sciatica that affected my left side. Sometimes an attack would come on that made me powerless to work. I was so nearly a complete cripple that I had to give up my job. I was in despair, completely cast down because the money I spent on trying to get well was wasted. I was speaking to my chemist one day, and he recommended "Nerviline." I had this good liniment rubbed on several times a day, and got relief. In order to build up my general health and improve my blood I used Ferrozone, one tablet with each meal. I continued this treatment four months and was cured. I have used all kinds of liniments, and can truthfully say that Nerviline is far stronger, more penetrating, and infinitely better than anything else for relieving pain. I urge everyone with lumbago, neuralgia, rheumatism, or sciatica to use Nerviline. I know it will cure them."

CURED SIX YEARS

There isn't a more highly-esteemed citizen in Westchester than Mr. Hires. What he says can be relied upon. For six years since being cured he hasn't had a single relapse. Don't accept anything from your dealer but "Nerviline," 50 cents per bottle, trial size, 25c; sold everywhere, or The Catarrhozone Co., Kingston, Ont.

A Discovery of Vast Importance

It Is Now Admitted That Bronchitis, Asthma, Catarrh, Coughs, and Colds Can Only Be Quickly Cured By Mixing a New Medicine With the Air You Breathe.

Scientists acknowledge that medicated air treatment is the only treatment that will cure these diseases, and that stomach medicines are worse than useless.

Catarrhozone air treatment has been found to be the most effective way to cure all diseases of the throat, lungs, and nasal passages. Its action is so prompt that in less than an hour an ordinary cold is cured, and after a more thorough use of Catarrhozone, Bronchitis, Catarrh, and all diseases of the throat and lungs are completely cured.

Catarrhozone is a very simple and powerful method of treatment. You simply breathe it through the inhaler and it immediately passes over every air cell of the throat, lungs, and bronchial tubes, curing and healing as it goes.

Catarrhozone treatment affords little drops of healing for sore places in the lungs, throat, and nasal passages.

VARICOSE VEINS CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never loose a day. I wish all sufferers knew of your valuable treatment.
HENRY C. LOCUST.
