NEWS OF THE DAY.

TUESDAY MORNING, AUG. 4, 1868.

A Guard's Life saved by a Convict.—On Friday last, while a small party of Convicts, under charge of a Guard, were working at the new Lunatic Asylum, one of the Lunatics, at large and working also, stole slyly to where an axe was lying and seized it unseen by any one. With this axe he assailed the Guard and got him down, and most certainly would then and there have killed him, had not one of the Convicts seized hold of the madman, and with great difficulty, wresting the axe from him, saved the Guard's life. The Warden openly thanked him for his intrepidity, and the Governor General should pardon him forthwith.

The Dangerous Culverts.—Another fine child was drowned on Sunday last by trying to pass over one of the Culverts of the Grand Trunk Railway near the Fish Market. This is the second life lost within a month by the neglect of the Railway Committee to stop up the pass age across the Culverts. Mr. Shaw held an Inquest yesterday. Verdict—Accidental Death, accompanied by a strong remonstrance on the part of the Jury against the barbarity of allowing the dangerous Culverts to remain open and unguarded, on the part of the Grand Trunk Company. The child's name is Rathwell.

The travel this year is large. The Queen's at Toronto is full, and a new flat of the Rossin House is to be furnished.

The midge is doing considerable damage to the spring wheat in the western counties.

The Minister of Customs has published a coasting regulation in lieu of former regulations of the Province of Canada.

The fourth match of the Troy Mohawks with the Montreal Aurora Club resulted in the latter winning three straight games—time 5, 15 and 2¼ minutes. The Mohawks have gone home.

U. S. Printers are buying Scotch type from a Canadian type agent.

The Toronto Telegraph's "Tea Gossip" is the best arranged column we have seen.

Prof. Snodgrass, of Kingston, preached in London on Sunday.

The Toronto General Hospital is reopened.

The silver discount went into force at Bellaville, London and other places on Saturday, and seems to meet strong opposition, but the merchants stick to their agreements.

The lumbering establishment at Bissett's Creek, on the Upper Ottawa, numbering sixteen buildings, with a large quantity of provisions and implements, was consumed by the fire in the woods.

Police Court, Monday.—Mary Wright was charged with being drunk, but as it was her first appearance the Magistrate allowed her to go. Edward Kelly, whose name has appeared some dozen times on the docket, was charged with the same offence, and fined $2 or ten days in gaol. Two others of the same class were obliged to pay the usual $2 for their lodgings or pay a visit to the county gaol. James Devine was charged by Inspector Mostyn with selling liquor without license, but as the witnesses did not appear, the case was adjourned until this morning. Mrs. Allen, Clergy street, preferred a charge against Dr. J. Meagher, who lives in the next house, for tearing down her fence on Friday night last. She stated that he was employed the whole night tearing down the fence and carrying it away, and when she remonstrated with him, he called her improper names. One witness stated that he was sent to measure the fence, and found that it would take $6 70 to build another one. The defendant was fined $4 and $6 70 damages, or go to gaol for 14 days.

Be Prompt in cases of Paralysis.—At the first symptom of Paralysis, which is generally either a pricking sensation or a partial numbness, rub the part affected long and vigorously with modified Ready Relief, and administer it, diluted, every three hours till the symptoms ease. By this means a paralytic attack may almost always be warded off.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original; it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

SARSAPARILLIAN,
Pareira Brava.

Newly Discovered Virtues—Hidden for 300 Years—The Discovery of the True Virtues of the Roots Brought to Light and Made Manifest in

Dr. Radway's Sarsaparillian Resolvent,

By a new process recently discovered by Dr. Radway, for obtaining the active properties from vegetable substances.

SARSAPARILLIAN,
Pareira Brava,

Associated with other newly discovered Roots, enters into the composition of RADWAY'S RENOVATING RESOLVENT; secures a remedial agent, that cures all forms of Chronic, Scrofulous, Skin Glandular, Kidney, Bladder and Uterine Diseases, by communicating its curative, reparative and fruitful efficacy, through the Blood, Sweat and Urine.

The ordinary Sarsaparilla decoctions, and Syrups are mere washes, compared with the Sarsaparillian of the Resolvent. It is a well known fact that Sarsaparilla as ordinarily prepared either as officinally or as a proprietary remedy, never possessed the confidence of medical men, and all the reputation it enjoyed was deemed by well informed Chemists, Physicians, and medical writers to be due to other remedial agents associated with it.

The true curative virtues of Sarsaparilla for 300 years has laid hidden in the Crystaline principle of the Root, under Dr. Radway's New Process, Sarsaparillian is secured and brought to light, and associated with other ingredients, it fulfils the most extravagant expectations and views of men. One ounce of Dr. Radway's Sarsaparillian contains more of the curative principle than ten pounds of the extracts from the crude roots, as prepared officinally or in the popular advertised Sarsaparillas.

Pareira Brava—Another of the ingredients of the Radway's Resolvent, held in high estimation by the most eminent medical men of Europe, South America and United States, as the best remedial agent, for the diseases of the Kidneys, Bladder, Uterus, and as a lithontriptic for dissolving Calculi, as a curative for Jaundice, rheumatism, Leucorrhœa, etc.; since 1688 has never been properly prepared.—Under Dr. Radway's process, the Cissampaline principle of this valuable Root is secured, and associated with Sarsaparillian and other ingredients in the Resolvent, makes it a perfect cure in every form of disease of the Kidneys, Bladder, and Urinary Organs—Dropsy, Gravel, Incontinence, or Stoppage of water, Diabetes, or Urinary Diarrhœa, and every kind of weakening, irritating, or purulent discharges, not proper to mention in an advertisement, is rapidly cured by this remedy.

BUCHU, Turpentine Junipers, Gin, Copaiba, Cubebs, and other direct Diuretics are in many cases hurtful. In Diabetes, Urinary Diarrhœa, Catarrh of the Bladder, Dropsy, and in weakness or ulceration of the Kidneys, are unsafe to use as a continued remedy, and should never be given unless upon the supervision of a Physician, as the use of these direct remedies may produce on the Kidneys, may in the course of a few hours require Opiates to change or modify their action; this fact is self-evident to any medical man; a compounding Remedy like the SARSAPARILLIAN RESOLVENT, is the true remedy to use in these cases.—Even as a diuretic,

Pareira Brava.

as prepared by Dr. Radway, and one of the ingredients of the Resolvent, is as superior to all forms of Buchu, etc., as rich cream is to watered milk.

Let all suffering from unnatural drains from the system—cased either by self-abuse, depraved habit of body—bad blood, impure association, weakness of the genital organs, or Skin Diseases, Scrofula, uncured Secondary Disease, Syphilitic Ulcers, Chronic Disease—or from Consumption of the Lungs, as well as degeneration of the Kidneys—or Chronic Disease of the Liver, Spleen, etc., commence at once the use of the SARSAPARILLIAN RESOLVENT. It commences its work of purification at once; it repairs the waste of the body, with new and healthy material. It restores functional harmony to every organ in the system, and secures the natural secretions of the proper constituents of each. Persons have been cured, and have children now living that were deemed incapacitated, by self-abuse, etc., through the use of the remedy. Ask for Dr. Radway's Sarsaparillian, or Renovating Resolvent.

Price: $1 per bottle, or 6 bottles for $5.

The Poor Old Man
KNEW NOTHING ABOUT THEM
AND THEREFORE
Cannot be Blamed.

IF KING THEODORE, of Abyssinia, provided about one hundred of those SUGAR CURED HAMS at

MORRISON'S,

having them nicely boiled, with all necessary fixings, placing them at the gates of his fortress on dishes, with knife and fork all ready, of course the British troops, on seeing them, would pitch in, and most likely forgive old Theodore all his past misdeeds.

30 Barrels Very Superior Oatmeal received at MORRISON'S.

400 Sacks Kiln-Dried Corn Meal received at MORRISON'S.

5 Barrels Cracked Wheat, fresh, received at MORRISON'S.
