Remember the carnival in the rink on Friday night.

Shelburne's new Carnegie library was opened on Monday of this week.

Mr. David Stewart, one of the poineers of York county died at Owen Sound.

A large number of young peopel attended a carnival at Kimberley Tuesday evening.

Dr. J. P. Ottewell has purchased Mr. Fred Mathewson's farm on the Toronto line.

Born—At Benito, Man., on Feb. 6, to Mr and Mrs W. Meldrum (nee Miss Margaret McCauley) a daughter.

The high school was closed on Monday owing to the bursting of a pipe in one of the lavatories.

At a meeting of the Methodist Church Board held recently with ten members present the vote stood nine for and one against union.

Thomas Wright of Orangeville has a cat that is 23 years of age and retains all its faculties. We presume it is a Thomas cat.

Mr. Edgar and Albert Kendrew of Primrose visited over Sunday with Mr. R. Waller. The latter expects to return west in a few weeks.

Rev. H. E. Wellwood, B.A., B. D., who has for the past two Sundays been preaching on organic union, will on Sunday evening next take for his topic. "The cry of the world's need for organic church union."

Mr. John Latimer left on Tuesday to accept the assistant managership of the Canadian Birkbeck Investment and Savings Co. at Toronto. The situation is a good one and we believe Mr. Latimer will make good. The Advance tenders congratulations.

Mrs. Ed. Thompson and family left for Collingwood on Friday where Mr. Thompson is employed and where they will in future reside. The day was bitterly cold with a 25-mile gale blowing and drifting the roads. Only The drive must have been a very severe one.

The people along this line of railway were deprived of their Toronto dailies on Wednesday of last week, owing to a freight train jumping the track down at Laurel. It was midnight when the train got through. An Owen Sound excursion train and the regular south bound passenger did not get to the city until 1 a. m. next morning.

Postmaster Trimble asks us to remind the public that all drop letters must have stamps attached. Frequently letters are dropped without even the two cents accompanying them and this makes it necessary to add the postage at the other end The postmaster says he has had fourteen or fifteen drop letters to lick stamps for at one time and he does not like it, and does not have to. So see that your letters are all stamped.

The weather for the past week has been of a pronounced arctic nature. On Saturday morning last the thermometer registered 32 degrees below zero. This is believed to be the lowest point ever reached here. Sunday night the thermometer registered 20 below. The whole week past has been very cold and wood piles and coal bins have been melting away, while our visitors from the West have the gall to smilingly comment on the "beautiful weather!"

All trains on this line were held up near Laurel all day Wednesday of last week, owing to a freight train having got stuck in a snow bank, with four cars derailed, near Laurel. It was about 1 a. m. Thursday morning when the Toronto train got through. Flesherton people went without their morning papers that day. The night train on Thursday did not get through until 7 a. m. Friday morning. Since then the trains have been running fairly well on time. The immenfe piles of snow along the railway are now becoming a menace to traffic, and should there be much more stormy weather it would not be surprising to see a complete tie up.

A D—urn Shame

Harvey Damm of the moving picture show here had his horse seized in his barn by Constable Beamish of Hanover last week. Although Harvey had bought the horse for $103, and paid for it in full, yet the person he bought it from had, it appears, previously given another party a mortgage for $71 on it, and the seizure was consequently effected on this old account. Harvey bought in the mortgage on Monday and again got possession of his horse, and by way of reimbursing himself for this extra outlay seized another horse, harness and buggy from the vendor who had stuck him for the mortgage.— Bruce Herald.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers

A Dundalk Innocent

"When they invited me to match quarters for a small stake I thought they were honest, but when they got all my money I soon discovered I was up against a bunco game which was too deep for me to fathom," said Joseph A. Sanders of Dundalk, the victim of two alleged flimflammers who were arrested by Detectives Murray and Guthrie on Saturday night They were Joseph Cronin of Albany, N. Y., and Joseph Brady, Montreal, both of whom are charged with playing a game of chance on the street and vagrancy. Sanders told the detectives that the two men, whose acquaintance he had made in the rotunda of a hotel, had won $24 from him. He won the first couple of rounds, but after that the "magnet" slipped away from him.—Globe.

Do you know that more real danger lurks in a common cold than in any other of the minor ailments? The safe way is take Chamberlain's Cough Remedy, thorough reliable preparation, and rid yourself of the cold as quickly as possible This remedy is for sale by all dealers.

Agriculture In Rural Schools

If evidence were needed to show the practical benefits derived from teaching agriculture in rural schools, some recent information given out by the Department of Agriculture at Washington will supply it. In March, 1907 Prof. Benson, of that department, sent out a circular to thirty-one schools in Iowa, asking these questions: How many boys above the fifth grade expect to be farmers when grown to manhood, and how many of the girls expect when grown to womanhood to have something to do with the farm? Out of a total of 164 boys above the fifth grade in these schools, 157 said they would have nothing to do with the farm, thus leaving only seven who decided to stay by the farm. This looks bad. But wait awhile After 1907 the teaching of agriculture was taken up in these schools. In 1910, Prof. Benson sent out the same circulars, asking the same questions. Out of 174 boys then enrolled above the fifth grade, 162 replied that they would stay by the farm or have something to do with agriculture when they came to manhood, and only twelve decided to leave the farm. Then, the the girls must not be left out. In the census, 163 girls out of 174 enrolled, decided not to remain on the farm if they can help it. When the second census was taken in 1910, 161 girls out of 174 enrolled, decided they would have something to do with the direction of the farm home. There could be no more conclusive evidence than this that the teaching of agriculture in rural schools will do what is claimed for it—induce the boys and girls to remain on the farm. —Galt Reporter.

For a sprain you will find Chamberlain's Liniment excellent. It allays the pain, removes the soreness, and soon restores the parts to a healthy condition. 25 and 50 cent bottles for sale by all dealers.

A High School entrance fee of $1.00 has been fixed by the Department of Education. The fee for Junior matriculation has also been raised from $5.00 to $8.00. The senior High School entrance, the examination for admittance to the High Schools and Collegiate Institutes, taken by pupils who have been several years at a continuation school, will now be $5. The fees for all other examinations save that of entrance to the Normal schools have also been raised, The increase in the fees is for the purpose of preventing candidates unprepared for their examinations trying them for the mere sake of trying.

Having purchased a heavy horse from John Bilger for $220 on the alleged understanding that it was a quiet and serviceable animal, but discovering afterwards, as he claims, that he got a kicker of the worst kind loaded onto him, Mr. E J. Skelton brought action in the Division Court to recover $100 from Bilger for alleged breach of warrantry. The case was the only one on the docket and occupied almost the entire day in its hearing. The bulk of the testimony seemed to show that the animal was an infamous kicker, one witness claiming that it would strike with its front feet and kick with its back feet. The horse, it seems, is now on Mr. Skelton's farm in the West, but feeling that he had been soaked on the deal, he sued for a refund of $100. Judge Klein after hearing the evidence adduced gave Skelton judgment for $75 and costs.—Bruce Times.

Wire Works Burned

Owen Sound, Feb. 11—At midnight when the temperature was thirty below zero, an alarm called the fire brigade to a serious blaze in the big factory of the Owen Sound Wire Fence Co., on the west side of the harbor, between First and Second avenues. It took considerable time, with the intense cold, to get the blaze under control, but the high pressure section of the waterworks system was turned on, ond the place literally deluged. The building, which is a two-story structure with wooden roof, had formerly been the Lemon Pottery, The expensive weaving machines were in the section where the fire broke out, and the most expensive of these is placed as a total loss, while two others are buried under piles of debris and ice. Several of the firemen received severe frost bites while at work. In addition to the damage to the machinery, smoke and water will seriously affect the tons of wire and manufactured goods in the store-rooms. Fortunately, the office escaped damage. President A. J. Creighton estimates the loss at between fifteen and twenty thousand dollars, on which there is insurance of about $28,000. The building, which is owned by Mr. John H. Lemon, is damaged to the extent of about $3,000. Repairs will be made at once. The fire is particularly unfortunate, coming as it does at the beginning of the busy season.

OVER-WORKED KIDNEYS

Cause. Rush of Blood, Fullness, Dizziness.

J. T. Chetland, the well-known railway engineer of Hamilton, found the strain always resting upon men of his occupation vastly intensified by a tendency of the blood to rush to his head, and often at times when clearness of vision and great steadiness were demanded. Finding some difficulty in bending—a stiffness with pain having settled in his back, it occurred to him that his kidneys might be at fault. "This was a happy idea, for by it I not only got rid of the pain but many other troubles as well. I took a full dose of Dr. Hamilton's Pills and was glad to note that some obstruction of the kidneys, which I had lately noticed, was at once relieved. The flushed appearance of my face gave way to a more rational color and there was a perceptible improvement in my appetite. Dr. Hamilton's Pills certainly act splendidly upon the blood, removing heat and fulness and that sort of dizziness that makes a man at the throttle wish when it siezes him that he were elsewhere."

No medicine gives such unquestionably good results for stomach, liver, and blood troubles as Dr. Hamilton's Pills; they are mild, certain, and always curative. Refuse any substitute. All dealers sell Dr. Hamilton's Pills, 25c per box. or The Catarrhozone Co., Kingston, Ont.

This Medicine Is Breathed!

Have You a Cold?—It Can Be Completely Cured By

Catarrhozone

It Quickly Cures Whooping Cough, Grippe, Bronchitis, Catarrh, Hay-Fever, Asthma, and Colds.

Catarrhozone is not like other remedies, but is so healing and soothing that when it is breathed through the inhaler it kills the germs that cause diseases of the throat and lungs.

Catarrhozone quickly soothes and heals the mucous surfaces so that in a short time the whole mucous lining is healed.

If you are subject to throat irritation or have a tendency to consumption you should use the "Medicine that is breathed."

Thousands who have used it tell of its merit.

Air which you breathe through the Catarrhozone inhaler carries healing to the very spot affected, and there is no chance of failure by going to the wrong place. That is why it cures.

Catarrhozone

Approved by Doctors, Druggists, and thousands of Canadian people who have used it. Little drops of healing for weak places in the throat and nasal passages—that's Catarrhozone.

Three sizes, 25c., 50c., and $1.00, at druggists or by mail, postpaid, from The Catarrhozone Co., Buffalo, N.Y., and Kingston, Ont.
