Meaford is to have a big brick-making industry, for which a large number of farms have been purchased. The plant is expected to be in running order by July 1. About 75 men will be employed at the start.

All the pulpits in town will be occupied by ministers of other charges next Sunday. Rev. Mr. Leece of Priceville will preach in the Methodist church, Rev. Mr. Buchanan of Dundalk in the Presbyterian, and Dr. Norton of Toronto at the Baptist church in the evening.

The better farming special, which we described fully two weeks ago, will be at Flesherton station on March 8 from 4 to 6.30 p.m. This is something new and something worth while to the farming community. Do not fail to attend and see the demonstrations and hear the lectures.

The general vote on church union is now being taken in the Methodist churches of this circuit. On Sunday 76 votes were cast here and all were in favor of union. At the Meaford road appointment the vote was also unanimous in favor of union. So far there has only been one vote cast against the proposal and that vote was cast by a member of the Church Board.

This winter has certainly been a record breaker for cold and storms. From thirty degrees below zero to a genuine spring thaw, all inside of a week, is running the weather gamut with a vengeance, but that is what we have been experiencing this month. Last Wednesday a hurricane blowing 60 miles an hour, with heavy snow fall, started, and lasted until Thursday night. During that time exactly nine inches of snow fell. The storm paralyzed railway traffic and no Toronto mails were delivered up this line from Wednesday until 6 p.m. Friday night. Friday was milder and Saturday it thawed. Sunday was also mild and on Monday of this week another hurricane is blowing from the east which bids fair at time of writing to fill up the railway cuttings once more. Such is a five-day record for one of the most abnormally abnormal winters that old Ontario has ever waded through.

Cliff Patterson, who has been working in this good local option town for some time with J. Bowler, departed westward a couple of weeks ago. He evidently reached Walkerton, and the Herald of that town describes his reception there as follows: "Wobbling under an imported jag, Cliff Patterson, a tramp tailor, struck town on Friday and making his way to a local bar ordered up some more of the influence. Becoming unruly as his load increased he started in to paint the town red like a horseshow poster, and soon had the police making tracks his way. But the brass buttons of the Chief didn't alarm the inebriate any, but rather incited him to offer battle to the man in uniform. The arm of the law, however, wasn't to be bluffed by the big words of the stranger, and the latter was gathered in after a short tussel and taken to the lock up, from whence he was remanded to the jail. On appearing before Magistrate Tolton on Saturday morning he was given five hours to get out of here, and when last seen his shadow was vanishing over one of the hills leading from the town." Later he telephoned from Mildmay to Mr. Bowler, asking to be taken back again, but Jim declined with thanks.

The W. I. meeting which was to be held on Tuesday night was postponed until next Tuesday, March 5, at 2.30 p. m. We invite parents to hear Mr. E. Marcellus, B.A., on The School, its attitude to the Home. Mr. Thomas Henry, trustee, will speak on behalf of the Home, its attitude to the School. The Farmers' Club will meet and assist in the program.

Mr. Cliff Blakeley has taken over the tailor business of Mr. Morley, who leaves this week for the West. Watch for advertisement next week.

Are You Coing West This Spring?

If so take advantage of the remarkably low One-Way second class colonist rates to Vancouver, Victoria, Nelson, Spokane, Seattle, Portland, San Francisco, Los Angeles, San Diego, etc., in effect March 1st to April 15th, or if Western Canada is your destination, the One-Way second class Settlers' Rates should appeal to you. Settlers' trains to Western Canada will leave Toronto 10.20 p.m. each Tuesday during March and April.

Bear in mind that the Canadian Pacific Railway offers the finest possible equipment and fastest train service. The route is one of the most scenic in the world. It is the only line operating through standard and tourist sleepers, also dining cars to Winnipeg and Vancouver, with the most modern compartment observation library cars through the mountains and across Canada on transcontinental trains. By travelling C.P.R. you avoid the necessity of changing depots. Dining car service unsurpassed. All equipment is owned and operated by the C.P.R., affording the highest form of efficiency. If such a trip is under consideration apply to any C. P. R. Agent for full particulars.

The Orillia Packet reports the following:—A prominent educationist says that a well conducted newspaper office is a splendid university for a boy to graduate from. And a high official of the Methodist Church of Canada, who travels from coast to coast, says if he had a dozen boys, he should wish every one to serve an apprenticeship in a good newspaper office. To this, the Acton Free Press adds—"And the high official was the first apprentice and subsequently the editor of the Acton Free Press, and his only son is editor of one of the Fort William dailies. There is an opening in The Advance office for an ambitious, intelligent boy to learn the newspaper and printing business. The Advance has turned out some good men, who are now in successful business for themselves, and others employed at good wages.

Unless Dame Rumor is away off the mark, Shelburne is slated for both a new C. P. R. station and a new post office building. An appropriation of $9,000 is understood to have been made by the C. P. R. for the new station, and Mr. John Best, M. P., says the new post office is also a sure thing.—Economist.

Judge C. T. Sutherland

C. T. Sutherland of Meaford has received the appointment of Judge for the County of Grey. This appointment was made at Saturday's Cabinet Council in Ottawa, and we believe will give very general satisfaction.

In the last issue of the Municipal World, the following question is asked and answered. As both question and answer may be of interest to all the parties concerned we give publicity thereto—"It is a common practice among farmers to have their sons assessed with them as joint-owners, or tenants, instead of sons," in order to avoid the one day statute labor each farmer's son assessed as such is liable for. Is this proper, when the son is not a bona fide owner or tenant?" Answer—No. The sons should be assessed as farmers' sons unless they have a bona fide interest in the land owned by their father, as owner or tenant." Another question was—"Is it the duty of the assessor to ascertain the correct status of the son of sons?" Answer—"Yes." Assessors can now go along and do their sworn duty.

Hon. J. S. Duff, Minister of Agriculture, has introduced a bill in the Ontario Legislature to prohibit the planting, cultivating or selling of the barberry shrub under a penalty not exceeding $10. The bill also provides that the council of any municipality may order the owner or occupant of any land on which a hedge or fence formed by this shrub is growing to remove and destroy it. If the owners or occupant removes and destroys it within thirty days of receiving notice he shall be entitled to compensation for the value of the plant and the cost of removal. In case of neglect or refusal to do so within one month, the council may cause it to be removed and destroyed, and the owner or occupant will not be entitled to compension.
