Miss Mary Jamieson is home from the city on a visit to her people here.

The concert which the Orangemen had arranged for us on Wednesday evening was certainly a treat. An excellent program was provided, also well filled boxes of good things to eat. No matter how high Mr. Matthews, the auctioneer, made the bid on the boxes, did not scare the young men, who were desirable of purchasing any special one. The ladies certainly spent time in decorating their boxes both inside and outside. The programme started with the chairman's address, when Bro. Carson made a few remarks which made all feel they were in good Orange society. The program was as follows: Violin solo by Miss McDowell, accompanied by Miss Phillips. Miss McDowell can certainly use the bow well. R. J. Redlar, our Eugenia comedian, accompanied by Mrs. Woods of Ceylon, gave good songs and after filling his part of the program, was by request asked to give more, which he did, in his ever pleasing manner. A trio by Messrs. Carruthers, Morgan and Williams, was highly appreciated. A solo was given by Alice Williams, entitled "That's What the Daisies Said." Misses Florence and Myrtle Parliament rendered a duet entitled, "Silver Locks among the Gold." Rev. Campbell gave a fine address along Orangism. A dialogue entitled "Barber," by Mr. R. McMullen and his victims, caused great laughter and applause. After singing God save the king, everyone went home feeling well pleased with their evening's entertainment. The proceeds amounted to $40.00.

Mrs. (Rev.) Campbell entertained the Methodist choir on Saturday evening.

Mr. and Mrs. Henry Fenwick held the fifth anniversary of their wedding on Tuesday evening, March 12, 1912, and entertained a number of friends.

G. H. Cameron's auction sale on Tuesday was quite a success. Auctioneer McAlister sold over $3500 worth in about three hours. A span of registered Clydesdale mares brought $800. They were purchased by Wm. Rowan of Shelburne.—Free Press.

The Bradford Witness says that Messrs. Pennington Bros. of Hawtrey have a curiosity in the shape of a two-headed calf. The calf in mention has two heads, two tails, four front legs and only two hind legs. The body of the animal is practically a single one and the most curious part of it is that it has four legs, while there are only two hind legs.

"FEEBLE STOMACH"

Causes Digestive Weakness and Poisons the Entire System.

"No one can have suffered more than I did with stomach trouble," writes Phil. E. Pascalar, well known at St. Andrews Corners. "My doctor told me my indigestion and sleeplessness were due to poisons in the blood. Certainly my condition was desperate, and it seemed from the despondent feelings that swept over me that I would lose my reason. I happened to read about Dr. Hamilton's Pills and bought five boxes from the druggist. Such body-cleansing pills I never used; they were mild and yet quite strong enough to drive all the humors out of the blood. My stomach gained strength rapidly with Dr. Hamilton's Pills and I improved so much that in eight weeks I could eat and digest all ordinary food. Depression and weariness passed away and I am, thanks to Dr. Hamilton's Pills, enjoying robust good health."

No remedy for biliousness, indigestion, headache, sick stomach, or constipation that compares with Dr. Hamilton's Pills. Refuse substitutes. Sold in 25c. boxes. All dealers, or The Catarrhozone Co., Kingston, Ont.

A Rear-End Collision

A rear-end collision occurred on the Owen Sound branch of the C. P. R. at Crombie's station this side of Shelburne one day last week. A van and two cars loaded with lumber were badly wrecked. The only person injured was a man named Blue, whose home is near Paisley. A bone was broken in one of his feet and he was rather badly gashed about the head. The unfortunate man was on his way to Saskatoon with a carload of stock. He was in the van when the crash came and was fortunate to get off so easily. He was carried into the van of another freight, where his injuries were afterwards attended to by Dr. Hunter of Orangeville. After getting the track clear one of the freights ran through to Orangeville. A light engine was sent from here to the scene of the accident, carrying the doctor and a number of men. The accident happened in a very unusual manner. It appears that there were three southbound freights on the line. No. 1 stuck on a grade at Crombies and the conductor was obliged to cut his train in two, leaving half the cars at the station while he brought the other half through to Orangeville. No. 2, in charge of Conductor Carson, came along and the engineer, noticing the obstruction, stopped his train. To avoid any possibility of a rear-end collision Carson sent one of his crew back to place torpedoes on the track and flag any approaching train. After considerable delay the second half of the first train was picked up. Carson thereupon got ready to start his train, first sending a man back to recall the flagman. This was done and just as the train was on the point of starting, the third freight, a very heavy one, crashed into the rear of Carson's train. Members of the crew, who were in the van, saw the approaching danger in time to jump. They called to Blue, but it is thought he was dozing and did not hear their warning in time to escape. The injured man was taken back to Paisley.—Orangeville Banner.

Owen Sound Invests Heavily

Owen Sound carried three important bylaws on Saturday by substantial majorities. The drydock and shipbuilding proposition, whitch is the largest ever placed before the ratepayers of that town, contemplates the construction of a plant to cost in the neighborhood of one and a half million dollars. It is understood that the scheme is being financed chiefly by English capital. When completed the concern will be the most modern and extensive on the Canadian side, and fully as well equipped as the very best American drydocking and shipbuilding plants.

The rubber-company bylaw provides for the gift of a five-acre site and a fixed assessment of $20,000 to the Canadian branch of the Aetna Rubber Company of Cleveland.

The cement bylaw provides for exemption from taxation of the merger of the Sun Cement Company and the Grey and Bruce cement plant. The merger company will take the defunct Grey and Bruce Company's plant and instal a crushed stone system, whereby they hope to manufacture cement cheaper than under the old marl system.

While working on the 14 concession of Vespra on Wednesday, Mr. Wm. E. McFaddyen and his brother heard some strange noises under a pile of stumps. They developed into ominous growls and in moving the stumps a huge bear stuck her head out. Armed only with an axe, one man stood guard while the other went to the house for a rifle and on returning shot the old bear. She measured seven feet. Three young cubs, each weighing about 20 pounds, were then taken out and are being fed by Mr. McFaddyen.—Stayner Sun.

A freak in the shape of a three-legged calf may be seen on the farm of Mr. Hubert Winters near Berriedale. The calf first saw the light of day on Saturday and Mr. Winters thought he would kill it and then he changed his mind. Outside of the fact it has only one front leg, the calf is just the same as any other of its race. It is a well bred calf, the mother cow's name being "Black Dinah" Mr. Winters is puzzled what to name the three-legged calf.—Burks Falls Arrow.

Mr. George Jack, of Chatham got a great surprise the other day, when on going to the postoffice he received a box containing a watch and other valuables. Eleven years ago the home of Mr. Jack was entered by a burglar, who walked away with a gold watch, a ring, and a sum of money in all amounting to $75 in value. The identy of the thief was not discovered, and long ago Mr. Jack gave up the hope of recovering his property, With the parcel was a letter from the thief, now in California, in which the writer stated that he recently got religion and decided to make restitution. He added that when he committed the burglary he was in hard circumstances and that he was driven to thieving in order to provide for his family.

You better be careful in the selection of your twine this year. Be sure you get the best. Beware of mixed twines, which are really composed of low grade manila. They are unsatisfactory at the best, and they will annoy you to death straightening out tangles and picking up loose bundles. Buy good sisal, standard sisal, or high-grade manila binder twine and save yourself annoyance.

When you consider the satisfaction that sisal, standard sisal and high-grade manila binder twine will give and the amount of extra labor good twine will save, you will more fully understand the value of McCormick twines. McCormick binder twine is made in four brands—sisal, standard, manila, pure manila. Every brand is up to the McCormick quality. You will get perfect satisfaction if you use McCormick twine.

Don't be misled, come direct to us and we will explain the twine proposition.

S. Hemphill, Agent, Ceylon, Ontario.
