Mr. and Mrs. Hammond will move shortly to their new home near Priceville.

On account of the illness of Principal Johnston of the public school, he was unable to give his paper on "How long a girl should be engaged previous to her marriage," at the last meeting of the Woman's Institute. However, this subject will be given at some future meeting of the Institute. It is a ticklish subject to handle, yet we believe Principal Johnston will be equal to the occasion.

Mr. Clifford Camack, who is employed in the G.T.R. offices in Toronto, has recently been promoted to a more important position. Clifford is sober, honest and industrious, so consequently is bound to succeed. We offer congratulations.

Portlaw

Too late for last week

Born—On Sunday, Feb. 25, to Mr. and Mrs. George Chapman, a daughter.

Mr. George Thompson of Chatsworth visited a few days with his brothers here. His many friends here regret that Mr. Thompson's health is in a critical state, and would rejoice if he was restored to his old-time vigor.

Mr. Wesley Fawcett has removed to the Henderson farm.

Mr. Wm. Taylor has moved back from Dundalk to the old farm on the Centre Line.

Mr. and Mrs. Grierson of Aberdeen drove over from their home after one of the late big storms. It appears from the story of their experience with snowdrifss that their outing was not one of uninterrupted delight. Mr. Grierson has returned home while his better half remains for a more extended visit with their daughter, Mrs. George Chapman.

Mr. James Potts of Osprey purposes moving in his portable saw mill and will set it up on the farm of Mr. W. G. Jamieson, who is preparing to build a barn.

Miss Annie Sheardown is on an extended visit with her aunt at Lucknow.

Mr. John McIntyre, one of Osprey's early settlers, and a much respected citizen, passed to his rest on Tuesday of last week at the age of 79 years. In the early part of the winter deceased, who was in failing health, was removed from his home in McIntyre to the home of his daughter here, Mrs. J. A. Thompson, from whom he received the most tender care during his illness. On Wednesday the body was taken to his late home, from which interment took place on Friday at McIntyre.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlan's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by all dealers.

Proton Station

Mr. James Allan of Williamsford, called on L. Becker on Tuesday of last week, being on his way to the West with a car of horses.

Mr. H. Thompson of Chatsworth visited with friends here a few days last week.

W. D. Hopkins is visiting with friends in Durham.

Miss McCombe, our popular school teacher, with her pupils, journeyed to Victoria Corners on Friday afternoon to take part in a spelling match with the pupils of Miss Walker's school. Proton carried off the laurels, in spite of last week's warning.

Ethel Consley spent Sunday with her parents here, remaining for the concert on Monday uight.

The concert held here on Monday night, under the auspices of the Ladies' Aid of the Presbyterian Church, was a success. The music by the orchestra was enjoyed by all. The male quartet did credit to themselves, and solos, instrumental and vocal, were appreciated by everybody, also the recitations by the Misses Walker and Acheson. Rev. Mr. Milligan gave a very able address on St. Patrick's Day and Mr. Charles of Toronto sang a solo and recited the interesting poem, "The Cremation of Sam McGee." The ladies realized the sum of one hundred and thirty-eight dollars on their quilt.

Children are much more likely to contract the contagious diseases when they have colds Whooping cough, diptheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you wil find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For saleby all dealers.

Priceville Jottings

Death has removed several from our vicinity this winter, and some who went from here to distant parts of the country were taken back home in their burial casket.

Mr. John McMillan, jr., a former Priceville school boy, spent a year in the West and was becoming expert in railway construction, but before a year of his happy married life had passed he had an attack of la grippe which seemed difficult to remove. A cottage was secured in the genial climate of California, some thirty miles out from Los Angeles, proper diet, careful nursing, best of medical treatment, all of no avail, human skill could not remove the disease. On the 18th of February he passed away. Owing to delays on the railways the remains and those accompanying them did not reach this station until March 2. Rev. J. A. Matheson conducted the funeral services at the parental home on the 4th inst. and interment took place in Evergreen cemetery two miles east, near mud lake. The pall bearers were six cousins.

On the evening of the 4th inst. friends and neighbors gathered at the station to receive the remains of Mary Ann McQuarrie, daughter of John McQuarrie of the North line. Some years ago deceased married Neil McDougall, son of a neighbor, and went to live in Duluth. She had been ailing for some time, but passed away unexpectedly on the 29th of February, aged about 43 years. On the 6th of March funeral services were held in the Presbyterian church, conducted by Rev. J. A. Matheson, and interment took place in the gravel road cemetery, one mile west of the village.

A number of persons went from here to Walkerton on March 4 to attend the funeral of Conductor Thomas Patterson. The special private car furnished by the company for the friends of deceased passed east on the evening train to Havelock, near Peterboro. Conductor Patterson was held in high esteem by the travelling public, and he was no doubt a faithful servant of the C. P. R.

On the morning of the 13th the people were shocked to hear that Wm. Seaton was found dead beside the road on the North line a little west of the town line. For some years Seaton has lived alone in a shack about two miles west of the village. On the morning of the 12th he walked to Markdale, reaching there between 5 and 6 o'clock, a distance of eleven miles. He walked back some time that night, but never reached his shanty. If local option had carried in Markdale would Willie Seaton be in his grave to-day? What excuse will some of the Markdale voters give at the judgment day?

Durham

We regret to learn that Mr. Robert Legate of Dromore has become almost totally blind. For the past year he could see but very little, but lately has become so afflicted as to distinguish only between light and darkness. He is 82 years of age.

Inspector Campbell has purchased a new Ford automobile, and expects to have it here about the first of April. Mr. Campbell can certainly make good use of it in his regular work, and as he is a sort of mechanical genius he'll not be long getting into the way of it—Chronicle.

You judge a man not by what he promises to do, but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by all dealers.

The survey of the new C. P. R. branch from Baxter to Collingwood has been completed and the work of construction is expected to start by May 1st. The surveyors are now working on another proposed branch between Guelph and Beeton.—Creemore Star.

The evening was spent in games and music, after which Mrs. Plantt served a fine display of good things. She is a lady who does not need any new suggestions on how to make delicacies. After spending the evening without breaking on the Sabbath, they dispersed, everyone feeling the better of the social evening spent.

Victoria Corners

This recent storm does not look much like spring, though March is slipping away quickly enough.

Chas. Msore was rather surprised on the morning of March 10, to meet a visitor in the granary in the shape of Mr. Groundhog. He was extra large but very thin. Starvation must have driven him from his hole. However, he was taking a good bite and seemingly expecting to live well for some time. That, with the cawing of crows and hooting of owls in the vicinity sounds like spring.

Chamberlain's Cough Remedy has won its great reputation and extensive sale by its remarkable cures of coughs, colds and croup. It can be depended upon. Try it. Sold by all dealers
