In Chatham the Council ordered the Collector to receive taxes in silver at par, the levy having been made upon a silver basis. It would give far more satisfaction to the poorer classes if the taxes in Kingston were levied on a silver basis also.

The hardware merchants of Toronto have agreed to close their stores on Saturday afternoons, to allow their clerks an opportunity of seeking recreation.

A driver of a car on the Toronto street railway was killed on Thursday. The horses started off, smashed the traces, he holding the reins. He was pulled on the road, and the wheels went over him, smashing him into a jelly.

Six petitions were presented to the Legislature of Nova Scotia, on the second day of its sitting, for the incorporation of mining Companies, and all of them from persons resident in Niagara.

Huge fires fires are still reported as raging in the northern townships of Luther, Amaranth Melancthon and Nottawasaga. In some places the soil is red hot to a depth of two or three feet.

Thaddeus Stevens, a day or two before he died, was told of the recent accident to Ben. Butler, in Worcester, in which he was thrown from his carriage. 'It gives me great pain,' said the dying commoner, 'great pain.' Then closing his eyes, as his habit was in meditation, he murmured between his thin lips, 'great pain. His d—d neck wasn't broke, you say?'

Postmaster-General Randall has, in conformity with the recent act of Congress, issued orders to his subordinates to send to the Dead-Letter Office all letters, circulars, &c., concerning lotteries, gift concerts, and similar swindles. This is a wise determination, for undoubtedly no greater swindle existed among our neighbors than these lotteries and gift enterprises.

Bitterness of our political controversy among our fellow colonists in Nova Scotia is not permitted to invade the social circle. At a Union Protection Company's picnic, at which the Canadian Ministers were present, we notice that of "the Hon. Jos. Howe, and the Hon. Dr. Tupper" was given, calling up both gentlemen; and that at a public dinner of the Union Engine Company, the toast of the "Dominion and Local Governments and Legislature" was given, and a Union paper says, responded to very appropriately by Mr. Jones, M. P. for Halifax, and the Hon. James Cochran. This is as it should be.

The first post of the new Dominion Telegraph Company has been erected at Clifton, and the work will be pushed forward rapidly. The Toronto Board represent the wealth of the city, and any amount of money can be got for stock. The following are the Toronto directors:—Hon. C. Cameron, James Michie, Hon. Wm. Cayley, A. M. Smith, Lewis Moffett, H. B. Reeve, and Martin Ryan. The charges on all despatches are to be reduced one-half, and the special clause in charter provides that a line can't be brought up, as was the case with the old Provincial.

Mr. J. L. Cook, of Toronto, while out on a piscatorial expedition to Sturgeon Lake, caught 215 magnificent speckled trout, weighing in the aggregate 125 lbs. They were all caught in one day.

The thieves are doing their business in Quebec in gallant style. Night after night robberies are committed in the most central parts of the city, and in nearly every case the miscreants escape.

Field Marshall Sir Edward Blakeney, G. C. B. and G. C. H., Governor of Chelsea Hospital, died on the second of August, aged 90 years.

A supposed lunatic escaped from the Asylum, Quebec, swam three miles in a strong current without fatigue, and was four hours in the water.

In making out the returns of the cost of the recent Abyssinian expedition, it is found there will be a considerable surplus of the sum granted by Parliament.

At the London Wesleyan Conference, the statistics of the present state of the connection in England were published. It appears that the total number of members is 342,380, being an increase upon last year of 5,310.

We are now printing and circulating 193,500 copies of the Weekly Tribune. We believe that exceeds by many thousands the weekly issue of any other political journal in the world.—The La Crosse Democrat being our only serious competitor. We hope to reach 250,000 before the close of the Presidential canvass.—Tribune.

There is, at present prices, a great demand for Goderich Salt. Having taken the hint to advertise freely, the proprietors of the different wells are flooded with orders, and hence the activity is manifested by all concerned. Last week three vessels were in harbor at once waiting for cargoes, and it was with great difficulty that they could be supplied fast enough. This is as it should be.

SENSATIONAL RUMORS.—The great evil of those sensational Fenian rumors in which the Globe, for some unaccountable reason, has been wont to deal for some time past, is apparent from the manner in which they are treated by the telegraphic correspondents of American journals. The World, for instance, has a batch of items from different Canadian cities from which it would be inferred that the country was in a state of panic. When it is remembered that the English press is very apt, much too apt for its own correct information, to take its Canadian news through American channels; that in fact the news department of the Atlantic cable is practically in the hands of the Americans, who repeat these exaggerated canards for the benefit of the English people, it is impossible to estimate the evil that results to us. We can't help the lying propensities of American newspaper correspondents. It is part of their system, and in some instances part of their instructions. But we can avoid giving to these exaggerations the appearance of foundation, by simply foregoing the pleasure, if it be a pleasure, of double leading every silly rumor that may reach us, as has been done recently by our Toronto contemporary.—Spectator.

DEATH OF A YOUNG LADY FROM DISAPPOINTMENT IN LOVE.—A sad but interesting case of the death of a young lady named Susan King is a general topic of conversation at Woburn at the present time. The deceased had been affianced to a young man, to whom, it appears, she was deeply attached. Some weeks since she happened to observe him in company with another young woman, under such circumstances as to give rise to feelings of jealousy on her part. She upbraided him for his conduct, and he replied to her remonstrances in a spirited manner, which further provoked her to dismiss him. It seems, however, that she still cherished in secret the old affection, and the disappointment so weighed upon her mind as to cause a severe nervous attack, resulting, about ten days since, in utter prostration. She remained in this condition until her death, which occurred on Saturday last. The circumstances having been so peculiar, and the malady having baffled the skill of the physicians, it was deemed proper an autopsy should be performed, which was done on Monday by Drs. Cutter and Abbot. No trace of disease, or obvious cause of death was discoverable, but the system was in an entirely healthy and normal condition. The deceased was a person of excellent character and fine personal appearance, and was much esteemed and beloved.—Boston Journal, Aug. 12.

BEWARE.—A five dollar bill passed through the Bank of Commerce last week, marked, "The last of a large fortune. Beware of the intoxicating cup."

NEWS OF THE DAY.

TUESDAY MORNING, AUG. 25, 1868.

THE MAYOR'S EXCURSION.—A company of gentlemen, about 70 in number, largely comprised of civic dignitaries, left on the steamer Watertown yesterday afternoon, on the annual excursion to the Thousand Isles, given by our worthy mayor. His worship had provided liberally for the comfort and pleasure of his guests, and no doubt a very pleasant time was spent. As the steamer did not return till late at night, our report cannot be given to-day.

CRICKET MATCH AT TORONTO.—To-day and to-morrow the great match between the Civilians and the Military in Canada will be played at Toronto. Mr. Hornby, R.C.H., and also Mr. Glaney, R.E., from Kingston, joins the Military, and Mr F. C. Draper, the Civilians. A match between the East and West—Quebec and Ontario—comes off on Thursday and Friday. For the first match the Civilian Eleven has been most carefully selected from the best players in Canada and the Military Eleven will probably be the strongest ever seen on the Toronto ground. The Civilian team is composed of Rose, Montreal; Draper, Kingston; Kirchhoffer, Port Hope; Laing, Whitby, Kennedy, Herbert, and Hope, Hamilton; Wright, Windsor; Patterson, Brunel and Drummond, Toronto.

☞ THE NEW COUNTY ATTORNEY.—Mr. Alex. A. Kirkpatrick was yesterday sworn in by his Honor Judge Draper as County Attorney, in the place of the late R. M. Wilkison, Esq. He was personally congratulated by all present.

☞ Pat. Boyle, of Toronto, is in Belleville, on somebody's business. The people there don't like the company he keeps.

☞ The silver movement in Belleville is pronounced, notwithstanding the confident tone of the Intelligencer, "only a partial success." Its failure is predicted.

MARRIED VS. SINGLE.—The late Cricket Match having ended unsatisfactorily for want of time to complete it, it is proposed to play it over again, either to-morrow, if the time be not too short, or on Monday next. A more than usual interest has been awakened by the last match.

GOOD SHOOTING.—On Saturday, while the practice squad for the Great Rifle Tournament at Leprairie were firing at the Barrifield Commons butts, Mr. F. Werner, a volunteer of the 14th Battalion, made five successive bull's eyes at the 400 yards range with the Snyder-Enfield Rifle, Hight's position. This is considered very good, when the want of practice that Mr. Werner labors under is taken into account. Sergeant Coyne, of the R. C. Rifles, also made a good score on Saturday at the same range—three bull's eyes and two outers in five shots.

POLICE COURT, Monday.—The docket presented a full list of old offenders this morning. The first who appeared at the bar was Ann Maron, out of gaol on Wednesday, and charged with being a vagrant. She was discharged on promise of going to work. Elizabeth Maynard, who had just taken one glass last night, found herself before the Police Magistrate this morning, charged with being drunk. She was allowed to depart. Wm. Coleman, Robt. Coleman and Frank Ault were charged with being disorderly. They were sent below. Hannah O'Neil, whose name appeared on the docket, charged with being drunk, did not deny the offence, but pleaded that it was her husband's fault, he having purchased some choice wines and a half-pint of Morton's very best, which induced her just to take one "dhrap of the crather," and drop after drop went down until she found herself in the hands of the police. Sent below to await the decision of the Magistrate. Thos. O'Neil was charged by his brother, Mathew O'Neil, with stealing $5,50 from him on Saturday evening last. Complainant stated that he went to his brother's house on Saturday night the worse for liquor and went to sleep. When he awoke he missed his pocket-book, and accused the prisoner of having taken it, which he denied. The prisoner's son then told him that about 12 o'clock he saw him take a pocket-book out of his (complainant's) pocket, and put it into his own. The defendant was committed for trial. Bob Elliott, up on his old charge, was allowed to depart, on promise to go to work. Two drunks were fined $1 each. Frank Featherington was charged by Wm. Adams with feloniously entering his house on Sunday morning last. The complainant deposed that the defendant was employed in his shop as a journeyman shoemaker, but had left off work on Saturday night.—About one o'clock on Sunday morning he was awakened by hearing some one at his window, and getting out of bed, he saw the defendant trying to pry up the window.—Having called out to him, he went away, but soon afterwards came back, and he sent for the police and had him arrested. Remanded until this morning.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and* falling out of the hair; *and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

SARSAPARILLIAN.

Hidden Virtues Brought to Light.

For 300 years the curative properties of Sarsaparilla have lain in dormant in a part of the root, that have escaped the notice of chemists. By the new process recently discovered by Dr. Radway, in extracting the medical properties from vegetable substances that enter into the composition of RADWAY'S RENOVATING RESOLVENT, SARSAPARILLIAN, the crystalline principle of Sarsaparilla, was found to possess the true virtues ascribed to this root, obtained as it now is under DR. RADWAY'S new process, renders its wonderful curative power over all forms of Chronic Skin, Scrofulous, and uncured secondary diseases the reputation of Sarsaparilla from the unfavorable opinion of the medical faculty.

Sarsaparillian, Sarsaparillian,

associated with other ingredients of extraordinary curative properties, enters in the composition of

RADWAY'S RENOVATING RESOLVENT,

and this remedy may now be considered as the most efficient and quick curative remedy in all Cutaneous Eruptions, Skin, kidney, Bladder and Urinary diseases. In diseases of the Lungs, Bronchi, Throat and Liver, it affords immediate assistance. It communicates its curative powers through the blood, sweat, and urine. The moment it is swallowed it commences its work of purification and the expulsion of corrupt humors from the blood. It repairs the waste of the body with solid and healthy material, and secures functional harmony of each depraved organ in the natural secretion of its proper constituents. In cases where there is difficulty in the Kidneys and Diabetes, Gravel, Catarrh, or Irritation of the Bladder, Bright's Disease, etc., etc., to prevent this remedy will give immediate relief, and insure a cure.

QUESTION.—Dr. A——ske: "Will your SARSAPARILLIAN RESOLVENT make a permanent cure of uncured secondary disease, and restore the vigor of life to those unfortunates who by self-abuse or otherwise are suffering a waste of the life fluid?

ANSWER.—The purifying, strengthening, and reparative properties of this remedy is truly wonderful. In 1849-50, when this remedy was first introduced, it made extraordinary cures of persons who were treated unsuccessfully on the Parisian plan, both in Europe and in this country, by vapor baths of Mercury, Arsenic, Sulphur, and Iodine, Potash, Mercury, in several forms, and by injections, which only suppressed or stuffed the disease, and persons cured by the Resolvent made under the old process, afflicted with Spermatorrhœa, Weakening Discharges, etc.; threatening impotency, have since married and have children of from 5 to 15 years now living, without a sign of inherited disease. This we consider good evidence of its THOROUGH CURATIVE AND FRUITFUL EFFICACY!"—(See page 14 of False & True, Dr. Radway's new medical book, article headed, "Record vs. Ashlaw.")

If this remedy, prepared under the old process, possessed such powerful curative properties, its failure now is improbable and almost impossible.

In all cases of Skin Diseases, Pimples, Blotches, Worms or Insects, Black Spots in the Flesh, Sores, Eruptions, etc., a few doses will remove, and restore the skin to a clear and beautiful appearance.

In Chronic diseases, Ulcers, Tumors, Fever, Sores, etc., a cure is sure to follow its use. In all diseases of the Kidneys, Bladder, Urethra, and where the Urine deposits sediments either of a brick dust color, gravel or Albumen, white shreds of stringy matter; a few doses will change these signs of decay to its natural condition. SARSAPARILLIAN RESOLVENT is far better remedy for Kidney difficulties than Buchu. See that each bottle of Radway's Resolvent has the word "Sarsapabilian" on the label.

Price: $1 per bottle; or, 6 bottles for $5.

C. W. ANDREWS,

Merchant Tailor,

Wellington Street, Kingston.

WE are frequently told, for our encouragement, that a steady perseverance in the prosecution of a laudable undertaking will eventually end in the accomplishment of the object.

I take the consolation to myself, and indulge the hope that each succeeding season (as it has in the past) will bring with it INCREASING PATRONAGE, and that my constant efforts to please my Patrons by furnishing them with QUANTITY, QUALITY & ARTISTIC SKILL in the formation of GARMENTS will continue to be appreciated.

My Large Stock is constantly supplied with the Novelties of the Season.

☞ An inspection invited.

Gentlemen's Haberdashery, Gutta Percha Cloaks and Coats, and Waterproof Overcoats.

*** Just Imported direct from Dublin, Ireland, One Truss of Real Irish Tabinet.
