NEWS ITEMS.

Copper ore, yielding 75 per cent. fine copper, has been taken from a mine in Charlotte Co., N.B.

The quota of five thousand service militia, required by the new law in Nova Scotia, is being rapidly filled up, and Brigade Majors are actively engaged in organizing and arming the men.

Five hundred ladies on horseback formed part of a Democratic procession at Council Bluffs, Iowa.

An omnibus, drawn by steam power, and containing thirty-five persons, was recently successfully tried in the neighborhood of Paris.

Labor has been so scarce and expensive in Ireland that farmers have become reconciled to the use of reaping machines, for the first time.

A change in New York journalism is about to take place. Before long the Tribune and the Sun will join their fortunes together and become a single organ.

The Committee of Public Health, Lisbon, has ordered that all vessels from British ports, with the exception of Ireland and Scotland, shall be subjected to three days' quarantine, and inspected, to see if any cholera cases have occurred on board.

Paris has no steam fire engines, and the hand engines are old-fashioned and sturdily managed.

The female compositors of San Francisco have started a co-operative printing establishment with a lady manager, and advertise to do printing in all its branches.

The debts of Mr. Kerr Boyce, of Georgia, who proposes to take the benefit of the Bankrupt law, are more than two and a half millions of dollars.

A new harvester, called the "Young America," cuts the grain, threshes, cleans and sacks it, all at one operation. The inventor claims that with two men and four horses it will do, in a single day, as much work as fourteen men and nineteen horses in the old-fashioned way.

The youngest Princess of the House of Wales had a most jolly christening the other day, after which the ten goufathers and godmothers sat down to a merry dinner, with music of Offenbach, and then all went to the circus. What do you think of that for a royal Christian party? If we do not get back merry England in a hurry it will not be the fault of the merry Prince and Princess of Wales. As to his sailor brother, the Duke of Edinburgh, it seems necessary to keep him at sea. Land don't agree with him.

In "Bell's Life in London," there appears a long description of the recent race between the American yacht Sappho and some half dozen English yachts, in which the former was badly beaten. The narrative concludes as follows:—"Sappho's wretched performances took every one by surprise. Rigged and fitted out equal to her English competitors, her sailing qualities would be much improved; at the same time it must be remembered that she has to contend with a very different class of vessel to those the celebrated America was pitted against in 1851.

NEWS OF THE DAY.

FRIDAY MORNING, SEPT. 18, 1868.

ELECTORAL DIVISION SOCIETY.—The annual Exhibition of this Society, which opens to-day, is expected to be an unusually fine and attractive one. The entries are large in number and of a good class. The Skating Rink will open this mording to receive articles for exhibition, and in the afternoon and evening the public will be admitted. The Band of the R. C. Rifles will be in attendance in the evening.

STEAM FIRE ENGINE.—The City Council must shortly again (or should do so) take up the question of the purchase of a new steam fire engine, in connection with a better system of extinguishing fires and protecting property, and it is desirable that when a selection is made it shall be a good one. With this motive attention is directed to the great success of the Silsby rotary engine, manufactured at Seneca Falls, N.Y., as possessing all the perfections and advantages steam engines are yet known to possess. A late trial of engines in Janesville, Wisconsin, has proved the superiority of the Silsby engine beyond even a cavil, in the face, too, of a strong prejudice in favor of another maker's. The engines are accompanied by hose and other requirements.

THE PASSENGER TRAFFIC.—The cry is still they go—the passengers on their way to the Rifle Tournament and Cricket Match at Montreal. The steamers and cars are crowded. The rush of goods and passengers to the great Show at Hamilton bids fair to set in to a large extent in a couple of days.

EXTRADITION CASE.—The extradition case at Windsor is still progressing. Two men, Reno and Anderson, are charged with robbing express cars in the United States. The prosecution is vigorous, but the defence is confident of proving a complete alibi. Within the last few days, however, a new freak has taken place. Allan Pinkerton, the celebrated Chicago detective, and an American gentleman named Weir, who largely interested themselves in the case against the prisoners, were both arrested at the instance of a brother of Reno, for malicious conspiracy. Bail has been accepted for their appearance. The case does not come up till Monday next, and it is looked upon as a vain attempt to give trouble to the detectives

SIR HENRY SMITH.—We regret to learn that Sir Henry Smith, who has been seriously ill for several months, is worse. A day or two ago a complication of symptoms set in, and his death is expected by his physicians at any hour.

POLICE COURT, Thursday.—A full docket presented itself this morning at the Court, and the "demi monde" was represented on it by four of its distinguished members, who upon appearing at the bar exhibited unmistakeable signs of excellent health and exhuberent spirits. The "ladies" having been on rather an extensive spree last night, and the effects of their potent libations not having fully evaporated, they laughingly indulged in remarks anything but complimentary to the police force generally and the attendant officers in particular. They were particularly lively in the police ward last night, making a raid on the windows of the prison, breaking the glass and demolishing the sashes. A heavy fine of $7,50 each likewise damped their spirits, and they left the Court firing a shot at the hated police. They are known among the fancy as Margaret Watson, Mary Daley, Eliza Sloan and Emma Rudkin. A tough looking seed, named William Norris, was fined $2 for being drunk and disorderly. Thos. Stigney, for the same offence, was fined $2. Wm. McCutcheon preferred a charge against Peter Bejue for assaulting him on Tuesday last. The complainant stated that he went into the brewery on Tuesday to settle some dispute with Mr. Bejue about some old barges, when the defendant came up from the cellar and accused him of stealing wood. Complainant being innocent of this charge, called the defendant a liar, who at once rolled up his sleeves and struck him a terrible blow on the nose, and he went to grass with his heels up. The defendant in reply to this denied striking complainant, stating that he only pushed him, and being weak, of course fell down. But the Court considering the case clearly proven, fined defendant $5 and costs.

PHILOSOPHY OF MARRIAGE.

A new Course of Lectures, as delivered at the New York Museum of Anatomy, embracing the subjects: How to Live and what to Live for; Youth, Maturity, and old Age; Manhood generally reviewed; The causes of Indigestion; Flatulence and Nervous Diseases accounted for; Marriage philosophically considered, &c., &c. Pocket volumes containing these Lectures, will be forwarded post-paid, on receipt of 25 cents, by addressing "SECRETARY, New York Museum of Anatomy and Science, 618 Broadway, New York." 121

SUDDEN AND DANGEROUS ATTACKS.—Like forked lightning from a clear sky, the bolts of disease sometimes fall unexpectedly. Sun Stroke, Apoplexy, Epilepsy, Spasm and local Paralysis generally come unheralded. Meet them on the instant with the most potent of all recuperants—RADWAY'S READY RELIEF. Give it internally. Apply it to the surface. Persist in its use till reaction takes place. Keep within reach. An exigency may occur at any moment.

Price 25 cents per bottle. Sold by Druggists.

Important to Persons advanced in Years,

TROUBLED WITH CONSTIPATED BOWELS,

And Difficulty of Passing Water, Imperfect Digestion,

FOOD CONVERTED TO WATER.

Letter from a well known citizen of Ohio, aged 68 years, Mansfield, O.

Mansfield, O., March 21, 1868.

Dr. Radway:—Enclosed find one dollar. Send by mail as many regulating pills as you can afford. I wish your Pills and resolvent. I like them very much, and recommend them to others. Our druggists have none; they say the run is so great they have sold out. I am free to say, for myself, they are the best medicine I ever found. I wish you would inform me if there is any danger if they are retained in the system for a length of time, as there are many good medicines that are injurious to take for a length of time * * * I have for several years been troubled with Costiveness, so that even injections would not procure an evacuation. I was all the time in more or less pain from the flatency, with large discharges of wind. At the same time I was afflicted with urinary difficulties; at times it almost killed me to pass water, very scanty and in drops, at times at other times in large quantities almost amounting to diabetes. My age is 68. I tried everything I thought would do good; nothing afforded relief. In short, I procured one box of Radway's Regulating Pills, took six, free evacuation followed—no sickness, no pain. Took two at bed time. This secured a stool each day; sometimes would take three, at others four, each day—result, regular for several days, without pills. All pain and trouble from wind ceased. Got one bottle of R. R. Resolvent; Urine now all right. I am known, more or less, all over this State, and not unfavorably for truth and veracity. Send pills without delay.

(Signed,) J. HILDRETH.

Answer.—Radway's Pills are composed exclusively of vegetable extracts, and are dissolved in the stomach, and their properties absorbed through the circulation, acting on the blood, chyle, bile and other fluids of the system, passing off through the excretions, and not like mercury, calomel, corrosive sublimate, antimony and common drastic substances, that form the basis of ordinary pills, accumulate in the system and become deposited in the bones, joints, cartilages and glands of the system, but they communicate their curative influence through the blood chyle, bile, sweat, urine &c. Correcting, regulating, purifying, cleansing and purging from the body all unhealthy humors, and restoring functional harmony to the secreting vessels and orifices of every gland and organ.

In all cases of Dyspepsia, Liver Complaint, Imperfect Digested Food, their influence is wonderful, and no matter how weak or paralized the bowels may be, or how irregular or costive, in the aged or others, one dose will ensure a discharge, and one or two will ensure regular stools, at least once a day. All aged gentlemen and ladies, who have used them prefer them to all others, and the young and vigorous find them the most thorough regulator of the liver and bowels known. In cases where the bowels have been paralized by lead, and other minerals, and from artizans diseases, these pills have secured free passage where all other means failed. In bilious attack, inflamation of the bowels, erysipelas, fevers, etc., that causes ulceration of the lining of the bowels and, intestines, they are mild sure and healing. They are the best family physician in the world, and only 25 cents per box, or $1.20 for six boxes. Sent to any part of Canada by mail.

The use of the Sarsaparillian, or Renovating Resolvent, in your case, showed its importance in urinary difficulties. The aged are more or less troubled with these affections; weakness of the digestive organs and imperfectly digested food, being the cause; the insufficiency of chyle, or an unhealthy condition, fails to dissolve the substances taken into the stomach, so as to pass off through the alimentary canal, it is (the food) converted into water and seeks an escape through the kidneys, thus establishing a foreign secretion of these glands, hence the urine becomes charge with foreign constituents, causing deposits of gravel, brick-dust, lithic acid, albumen, sugar, etc., irritating the bladder, causing weakness, paralysis, catarrh and pain to the canal of urhera in its passage out of the system. Hundreds of aged persons suffer from this as well as others. A few doses of Radway's Sarsaparillian Resolvent would remove these difficulties, and with the aid of the pills secure healthy and perfect digestion. Hundreds of persons suffering from kidney and urinary disturbances and diseases, may rest assured of this being the true cause Now, in such cases, Buchu, Cubebs, Juniper, Gin, etc., are dangerous, and will prolong the cure and establish worse and new difficulties. Cubebs are irritating and make the urine acrid, causing pain, itching, etc. along its passage. Every well informed medical man knowns what I state is a fact. Let those who are troubled, just try the Sarsaparillian Resolvent and Radway's Pills, you will find almost immediate relief; it will do for you what it has done for Mr. Hildreth. This gentleman is a stranger to us, we give his testimony as we received it; of one fact rest assured, one bottle of the Sarsaparillian, or Renovating Resolvent, is worth all the Buchu leaves that were ever gathered by the most enlightened Hottentot, who, perhaps, knows as much about Buchu as the constitution, whether it be shattered, wrecked or preserved pure and entire.

The Pareira Brava, Sarsaparillian, and other vegetable substances, are gathered for Dr. Radway by persons of intelligence who are acquainted with the different varieties of each root so as not to make a mistake. We do not trust the gathering of our roots to a lot of savage Hottentots, hence the certainty of securing the genuine roots.

RADWAY & CO.,
439 St. Paul Street, Montreal.

WANTED THIS WEEK,

A JUNIOR HAND SALESMAN, who is a good Stock-keeper. Will get a good salary.

A. B. McDONELL.
Kingston, Sept. 14, 1868. 218

A CARD.

A CLERGYMAN, while residing in South America as a Missionary, discovered a safe and simple remedy for the cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the receipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, FREE OF CHARGE. Address

JOSEPH T. INMAN,
Station D, Bible House,
194ddw New York City.

BATCHELOR'S HAIR DYE.

ALBION HOTEL,

MONTREAL, P. Q.

IN 1857 MR. DECKER purchased the "Albion," which then contained fifty rooms. In 1859 he added a New Wing of Forty Rooms. The steady and rapid increase in the business compelled him, in 1862, to build a second New Wing of Fifty Sleeping Rooms, with large Dining Room, capable of seating Two Hundred Guests. Notwithstanding all this additional accommodation, hundreds of merchants and others, patrons of the "Albion," have been obliged to seek accommodation elsewhere during the Spring and Fall Business Seasons. Encouraged by the liberal patronage extended to the "Albion," the proprietor has built a third addition of Ninety Sleeping Rooms, large Parlors, Reading Room, Office and Bar—fronting on McGill Street. Fifty of the Sleeping Rooms will be furnished and ready for the Fall Trade. In the Spring of 1869 all the improvements will be completed, when the "Albion" will have an entrance on McGill Street instead of St. Paul Street.

The charge will be $1.50 per day, as heretofore.

Montreal, Sept 2, 1868.

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original; it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

R. P. Hall & Co., Prop's. Nashua, N. H.

Sold by all Druggists and Dealers in Medicine.

WHAT IS VITALITY.—Some philosophers call it Animal magnetism, some nervous force, others Caloric, but by whatever name it may be called, the thing meant is the Main Spring of Existence, it is the principle we inherit, and which may be nourished by proper attention to the requirements of the body and the avoidance of excess; it is wasted or destroyed in overtaxing the mind with study or anxiety and intemperate indulgences; indeed, it requires an expenditure of vitality for every thought or action equal to the magnitude of the thought or action. When the body and the brain are well balanced, the stomach is capable of restoring the waste; but when the brain is large in proportion, the stomach is incapable of supplying it; in other words, the expenditure is too large for the income. Here lies the cause of so much suffering from diseases of the Heart, Liver, Stomach and Lungs, and FELLOW'S COMPOUND SYRUP is the only preparation known which imparts this vitality directly, and consequently the power to overcome disease.

Sold by Apothecaries. Price $1,50 per bottle, or six for $7,50.

Intercolonial Railway.

TO CONTRACTORS.

THE undersigned is instructed by the Government of Canada to inform intending Contractors that at an early day tenders will be invited for the execution of certain portions of the Intercolonial Railway between Riviere du Loup and Rimouski, in the Province of Quebec; between Truro and Amherst, in the Province of Nova Scotia; and between Dalhousie and Bathurst, in the Province of New Brunswick.

It is intended to let the work in sections or divisions, ranging from 15 to 35 miles, according to the situation and local circumstances.

The surveys are now in progress, and in part completed, and the object of this notice is to afford intending Contractors ample opportunity of examining the ground at once.

The plans, profiles, specifications, conditions of contract, forms of tender, and other documents required for the information and guidance of contractors, are now being prepared, and when ready (of which due notice will be given), will be seen at the Railway Engineers' Office, in Halifax, St. John, Dalhousie, Rimouski, Riviere du Loup, and at Ottawa.

SANDFORD FLEMING,
Chief Engineer.
