Iron Tracks for Wagons.—The 'Scientific American' is out in favour of iron tracks for turnpike and other waggon roads. The tracks to be similar to the tracks of street railroads. Such roads, can be built nearly as cheap as plank roads, and will, with proper care, last twenty years. On such a road a pair of horses would draw with ease from two to four tons, with little wear and tear of axles, wheels and harness.

Gambling Fine Arts.—There is one noteworthy fact about the late riot in Manchester which has a lesson for us. Though thousands of men were gathered together exciting to madness by that most excited of all causes, viz., religious frenzy, not a single person was killed or seriously hurt. This may be attributed to the fact that the people of England are now in the habit of carrying deadly weapons. They may be rather fond, occasionally, of engaging in a rough-and-tumble fight at fisticuffs, and a few broken heads and blackened eyes may result in consequence, but seldom, comparatively, does anything more occur. Had a large mob, actuated by a similar exciting cause, had congregated in any city upon this continent, the probability is that knives would have been drawn, pistols fired and lives sacrificed. The practice of carrying deadly weapons is one of those American customs which the people of Canada will do well to avoid. We regret to say that this practice which is illegal as well as cowardly, is only too common in.—Montreal News.

Just as the coffin bearing the remains of ex-Governor Thomas H. Seymour of Connecticut, was being carried from church to the hearse, a pure white dove flad down—from whence, no one knew—and hovered over the coffin, and afterwards over the hearse, flying towards the sky. Many who beheld it were impressed with what seemed to them the symbolical significance and beauty of the occurrance.

With reference to a camp of exercise, to be formed at Toronto on the 1st October next—composed of field batteries and troops of cavalry of the Volunteer Militia—the Commander-in-Chief has appointed Colonel Anderson, C. B., of the Royal Artillery, to command the field batteries; and Colonel Jenyns, C. B., 13th Hussars, to command the troops of cavalry which shall be there assembled.

That caustic satirist M. de Girardin has recently written a pretended eulogium on the Emperor Napoleon, which he defends his faults and shortcomings on the ground that they are owing to an excessive use of tobacco! When the Emperor smokes, he says, he becomes intoxicated, and sees things not as they are, but as he dreams they are. He fancies that France is great and prosperous, because she so appears to him through the clouds of tobacco smoke with which he surrounds himself! Evidently the wits of Paris have not much reverence for His Imperial Majesty.

NEWS OF THE DAY.

TUESDAY MORNING, SEPT. 22, 1868.

Lacrosse.—The national game will be made an attraction this week in Hamilton. On Thursday a match will be played between the Cayuga and Onondaga Indians for the Championship of the Province. On Friday the Cayugas will play a match with the Hamilton Club. During the annual Lacrosse convention in Montreal a grand match will be played between an "All Canada twelve vs. Caughnawaga Indians." Another match will follow between Eastern and Western Canada.

14th Battalion.—From Laprairie we learn that Patrick Mullen, of No. 1 Company, has gained the second prize ($20) in the Battalion match. There were about 200 competitors. The final arrangements for the Kingston Rifle match were to be completed at a meeting of the officers last evening.

Suspicion of Foul Play.—A man by the name of Aaron Adams, a fisherman, died rather suddenly at his home on Wolfe Island, under circumstances sufficiently suspicious to warrant the investigation of a coroner's jury. The man had been absent from home some days, but where and with whom his family did not know; but when he returned two or three days since his body was terribly bruised, and his throat bore marks of brutal treatment; he also appeared to have received internal injuries of a serious nature.

At an investigation held by Coroner Shaw, on Saturday, it appears that the man was beaten in Hamilton, but by whom he never told.

Cricket—The English Eleven.—These so celebrated eleven players of the English national game of cricket were expected to arrive in Montreal yesterday, and on the four following days to play a match with twenty-two of Canada. From the acknowledged excellence of many of the selected twenty-two, it is likely that no match on this continent, with the English Eleven, will be more strongly contested than this one. The New York Sun says of the late match in New York:—

The St. George's Club were aware that their selection was not the strongest that could have been made, but they thought it contained at least eleven men who could have scored at least twice the number of runs the twenty-two obtained. But the strongest bats of the party were disposed of in short order for less than average scores. Window alone getting double figures, and but two others, Gibbs and Lee, average figures. Wilsher's balls proved to be the most fatal the party had every faced, and Freeman was scarcely less dangerous, while run-getting with such cat-like fielders to secure the ball was next to an impossibility.

Not a chance was given but what was accepted. Balls apparently out of reach were picked up within an inch of the ground, or caught after a long run with one hand. As for the wicket keeping, the batsmen were kept in quite a fidget by the dangerous proximity of the active and alert Pooley. In fact what between the fatal "breakbacks" and "workers" of Wilsher and Freeman, the quick movements of Pooley at the wicket, and the sharp work in every position in the field, together with the machine-like working of the eleven as a whole, the only wonder was that the unpractised team of batsmen, opposed to the well trained eleven, even got a run at all.

Police Court, Monday.—The only name on the docket this morning was that of an unfortunate inebriate. He was allowed to go on promise to return to his friends at Brockville.

Preserve and Purify.—This old political motto applies to the physical system as aptly as to the body politic. Preserve the equilibrium of the circulation, regulate the stomach, bowels and liver with that peerless purgative, alterative and restorative medicine, Radway's Regulating Pills, and there will be little to fear from epidemics in any climate.

Price 25 cents per Box, coated with sweet gum, free from taste. Sold by Druggists.

PHILOSOPHY OF MARRIAGE.

A new Course of Lectures, as delivered at the New York Museum of Anatomy, embracing the subjects: How to Live and what to Live for; Youth, Maturity, and old Age; Manhood generally reviewed; The cause of Indigestion; Flatulence and Nervous Diseases accounted for; Marriage philosophically considered, &c., &c. Pocket volumes containing these Lectures, will be forwarded post-paid, on receipt of 25 cents, by addressing "SECRETARY, New York Museum of Anatomy and Science, 618 Broadway, New York." 121

Important to Persons advanced in Years,

TROUBLED WITH CONSTIPATED BOWELS,

And Difficulty of Passing Water, Imperfect Digestion,

FOOD CONVERTED TO WATER.

Letter from a well known citizen of Ohio, aged 68 years, Mansfield, O.

Mansfield, O., March 21, 1868.

Dr. Radway:—Enclosed find one dollar. Send by mail as many regulating pills as you can afford. I wish your Pills and Resolvent. I like them very much, and recommend them to others. Our druggists have none; they say the run is so great they have sold out. I am free to say, for myself, they are the best medicine I ever found. I wish you would inform me if there is any danger if they are retained in the system for a length of time, as there are many good medicines that are injurious to take for a length of time * * * I have for several years been troubled with Costiveness, so that even injections would not procure an evacuation. I was all the time in more or less pain from the flatuency, with large discharges of wind. At the same time I was afflicted with urinary difficulties; at times it almost killed me to pass water, very scanty and in drops, at times at other times in large quantities almost amounting to diabetes. My age is 68. I tried everything I thought would do good: nothing afforded relief. In short, I procured one box of Radway's Regulating Pills, took six, free evacuations followed—no sickness, no pain. Took two at bed time. This secured a stool each day; sometimes would take three, at others four, each day—result, regular for several days, without pills. All pain and trouble from wind ceased. Got one bottle of R. R. Resolvent; Urine now all right. I am known, more or less, all over this State, and not unfavorably for truthand veracity. Send pills without delay.

(Signed) J. BILDRETH.

Answer.—Radway's Pills are composed exclusively of vegetable extracts, and are dissolved in the stomach, and their properties absorbed through the circulation, acting on the blood, chyle, bile and other fluids of the system, passing off through the excretions, and not like mercury, calomel, corrosive sublimate, antimony and common drastic substances, that form the basis of ordinary pills, accumulate in the system and become deposited in the bones, joints, cartilages and glands of the system, but they communicate their curative influence through the blood chyle, bile, sweat, urine &c. Correcting, regulating, purifying, cleansing and purging from the body all unhealthy humors, and restoring functional harmony to the secreting vessels and orifices of every gland and organ.

In all cases of Dyspepsia, Liver Complaint, Imperfect Digested Food, their influence is wonderful, and no matter how weak or paralized the bowels may be, or how irregular or costive, in the aged or others, one dose will ensure a discharge, and one or two will ensure regular stools, at least once a day. All aged gentlemen and ladies, who have used them praise them to all others, and the young and vigorous find them the most thorough regulator of the liver and bowels known. In cases where the bowels have been paralized by lead, and other minerals, and from artisan diseases, these pills have secured free passage where all other means failed. In bilious attack, inflammation of the bowels, erysipelas, fevers, etc., foul causes ulceration of the lining of the bowels and, intestines, they are mild sure and healing. They are the best family physician in the world, and only 25 cents per box, or $1.20 for six boxes. Sent to any part of Canada by mail.

The use of the Sarsaparillian, or Renovating Resolvent, in your case, showed its importance in urinary difficulties. The aged are more or less troubled with these affections; weakness of the digestive organs and imperfectly digested food, being the cause; the insufficiency of chyle, or its unhealthy condition, fails to dissolve the substances taken into the stomach, so as to pass off through the alimentary canal, it is (the food) converted into water and seeks an escape through the kidneys, thus establishing a foreign secretion of these glands, hence the urine becomes charge with foreign constituents, causing deposits of gravel, brick-dust, lithic acid, albumen, sugar, etc., irritating the bladder, causing weakness, paralysis, catarrh and pain to the canal of urine in its passage out of the system. Hundreds of aged persons suffer from this as well as others. A few doses of Radway's Sarsaparillian Resolvent would remove these difficulties, and with the aid of the pills secure healthy and perfect digestion. Hundreds of persons suffering from kidney and urinary disturbances and diseases, may rest assured of this being the true cause Now, in such cases, Buchu, Cubeb, Juniper, Gin, etc., are dangerous, and will prolong the cure and establish worse and new difficulties. Cubebs are irritating and make the urine acrid, causing pain, itching, etc., along its passage. Every well informed medical man knows what I state is a fact. Let those who are troubled, just try the Sarsaparillian Resolvent and Radway's Pills, you will find almost immediate relief; it will do for you what it has done for Mr. Bildreth. This gentleman is a stranger to us, we give his testimony as we received it; of our best rest assured, one bottle of the Sarsaparillian, or Renovating Resolvent, is worth all the Buchu leaves that were ever gathered by the most enlightened Hottentot, who, perhaps, knows as much about Buchu as the constitution, whether it be shattered, wrecked or preserved pure and entire.

The Pareira Brava, Sarsaparillian, and other vegetable substances, are gathered for Dr. Radway by persons of intelligence who are acquainted with the different varieties of each root so as not to make a mistake. We don't entrust the gathering of our roots to a lot of savage Hottentots, hence the certainty of securing the genuine roots.

RADWAY & CO.,
439 St. Paul Street, Montreal.

ATROPHY ARRESTED.

Fellows' Compound Syrup!

Wasting of the flesh of the body is arrested, the muscles re-form, and the nerves regain their power by using Fellows' Compound Syrup.

APHONIA CURED.

Fellows' Compound Syrup!

Aphonia, or Loss of Voice, is remedied in a short time, no matter whether the cause be from inflamation of the living membrane, from cold, or from nervous derangement.

ALBION HOTEL,

MONTREAL, P. Q.

IN 1857 MR. DECKER purchased the "Albion," which then contained fifty rooms. In 1859 he added a New Wing of Forty Rooms. The steady and rapid increase in the business compelled him, in 1862, to build a second New Wing of Fifty Sleeping Rooms, with large Dining Room, capable of seating Two Hundred Guests. Notwithstanding all this additional accommodation, hundreds of merchants and others, patrons of the "Albion," have been obliged to seek accommodation elsewhere during the Spring and Fall Business Seasons. Encouraged by the liberal patronage extended to the "Albion," the proprietor has built a third addition of Ninety Sleeping Rooms, large Parlors, Reading Room, Office and Bar—fronting on McGill Street. Fifty of the Sleeping Rooms will be furnished and ready for the Fall Trade. In the Spring of 1869 all the improvements will be completed, when the "Albion" will have an entrance on McGill Street instead of St. Paul Street.

The charge will be $1.50 per day, as heretofore.

Montreal, Sept 2, 1868.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, as their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

R. P. Hall & Co., Prop's, Nashua, N. H.

Sold by all Druggists and Dealers in Medicine.

PATENT IRON-CLAD

Piano Fortes!!

F. C. CLINE, Manufacturer,

(The only Purchaser and Proprietor of John C. Fox's Patents),

At the original and principal Factory,

Corner Princess & Ontario Sts.,

KINGSTON, ONT.

Under the supervision of Mr. William Cunningham, whose name appears on every instrument.

THE reputation of these Pianos is fully established and their qualities appreciated throughout the Province, and still further improvements have been introduced in the action by Mr. Cunningham, which renders them unparalleled for BRILLIANCY AND EQUALITY OF TONE, ELASTICITY AND INSTANTANEOUS REPETITION OF TOUCH, which last is of much importance in the performance of rapid passages. In addition to these the Agraffe System has been introduced, extending throughout the Scale.

Another great improvement in the action of these Pianos is the bushing of all pivot bearings, which renders the action perfectly noiseless after being in use for years.

The public and intending purchasers are respectfully invited to visit the Factory and inspect the instruments, which will bear the examination and give satisfaction to the most critical judges.

This Manufactory possesses the following advantages:—*The exclusive use of Fox's Iron-Clad Sounding Board*, the adoption of every known and the introduction of many original improvements, and first-class workmen.

Each Piano is guaranteed by a written warranty, and references can be given to parties throughout the Provinces who have been purchasers.
