VICINITY CHIPS

Thornbury will have $1000 worth of fire protection.

Mr. Max. Bannon of Dutton is holidaying among friends here.

Dr. Burt, specialist, will be at the Munshaw house to-day, Thursday.

White Wyandotte eggs (Martyn strain) for sale at $1 per dozen. Rev. J. A. Leece, Priceville.

Mr. McDonald, contractor for cement work on the new bridge east of the village, began operations on Tuesday.

Mr. Jos. Clinton and his sister, Miss Belle, attended the funeral of their uncle, Mr. John Dean, at Owen Sound, on Thursday last.

Rev. H. E. Wellwood and Miss Florence Thurston attended an Executive meeting of the Epworth League at Markdale on Monday.

The Weekly Sun has published a "Census Almanac and handy atlas of the world," which contains a lot of valuable information in concise form and a large number of maps. It is especially valuable to the agriculturist.

A public meeting is called for 8 o'clock Friday evening this week in the town hall for the purpose discussing the sidewalk problem and getting the voice of citizens as to the advisability of issuing debentures to complete the laying of cement sidewalks in the village The sum required would be $2200, embracing 22,128 square feet—four foot walks.

Beautiful warm rains on Saturday and Sunday spurred vegetation to a pretty fast gait' but on Monday these were followed by much colder weather and an all-day snow storm that checked growth for the time being. Most farmers are pretty well through seeding, having had ideal weather for the purpose last week. After this last blast from the north we may look with confidence for something better.

Sunday was, we believe, the first time that "Mother's Day" has been observed in Flesherton, when Rev. H. E. Wellwood preached a sermon suited to the occasion in the evening, to a congregation the most of whom wore the emblematic white carnation or lily. The observance of this day originated only five years ago with a Philadelphia lady, and already is observed throughout the entire English-speaking world.

Blakeley & Boyd's sash and door factory had an extremely narrow escape from destruction by fire one night last week, which started from spontaneous combustion in the chopping mill among a combination of shavings, flour and oil. The fire was noticed by Mr. Herb Smith and another party while passing about 9.30 p. m. With a little effort the fire was extinguished after breaking in the door, which was locked. The chopper had not recently been used. A few moments more and the fire would have been beyond control.

Rev. Mr. Milligan of the Presbyterian church has not yet decided to obey the Scriptural injunction found in Genesis 2-24. He will spend the summer at the manse in single blessedness and do his own cooking. Upon this decision becoming known the ladies of the congregation decided that as he was taking up housekeeping nothing short of a bridal gift was appropriate and a "Kitchen shower" the most appropriate of all. Therefore they hied themselves to the manse on Friday evening last and the din of pots, pans and kettles was heard in the land accompanied by the tender notes of a gramophone. Mr. Milligan is a rather energetic gentleman and no doubt a portion at least of his spare moments during the summer will spent in studying cook books and washing dishes. If he is like most bachelors we know, the latter occupation will form but an infinitesimal portion of the time spent. And this is leap year, too!

On a recent Sunday a farmer living not forty miles from Flesherton absent-mindedly hitched up his team and started plowing. When two neighbors came along a couple of hours afterward and informed him how the calendar stood there was blank amazement in concentrated form exhibited on the good farmer's face. He was not long in putting away his secular tools and brushing himself up for church, followed by profound meditation on the mutability of mankind and the treacherous nature of his memory.

Village Council

The inaugural meeting of the new village council was held on Wednesday of last week, with all the members present and the Reeve, Mr. Boyd, in the chair. The members met, as per requirement of the Act of Incorporation, at noon, and adjourned until evening, when village matters were talked over for some time and by-laws passed appointing W. H. Thurston Clerk. and T. Clayton Treasurer of the new corporation. Only two motions were passed. It was moved by

Blakeley—Murray—That this Council meet on Friday evening next to consider whether we adopt the assessment roll as made by the township assessor in accordance with Clause 11 of the private bill.—Carried.

Murray—Watson—That this Council meet in regular sessions the first Wednesday evening of each month at the hour of eight o'clock.—Carried.

Coughs, Colds Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhozone is breathed into the sore, irritated throat and bronchial tubes, because its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhozone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis, or Throat Trouble.

The wonderfully soothing vapor of Catarrhozone instantly reaches the furthest recesses of the lungs, produces a healing, curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs.

To permanently cure your winter ills, your coughs, sneezing, and Catarrh, by all means use a tried and proven remedy like Catarrhozone. But beware of the substitutor and imitator. Look for **Catarrhozone** only. 50c and $1, at all dealers. 10
