TRUTH BEFORE FAVOR-
PRINCIPLES, NOT MEN

FINISH THE SIDEWALKS

A meeting of citizens was held on Friday evening last when it was practically unanimously decided to complete the laying of cement sidewalks in this village, and a by-law to that end has been prepared and will be submitted to the ratepayers. The bylaw appears in this issue.

The proposition is considered good business in that it will cost no more, and probably not so much, as to keep the old walks in repair. It was found that an expenditure of from $150 to $200 will be required every year to keep old sidewalks in repair, while a payment of $160 per year will complete all necessary walks in town with permanent cement. It seems, as we have said, like a good business proposition and no doubt will carry with little opposition.

BREAD ON THE WATERS

The frothy presidential prize fight that is now going on among our neighbors to the south does not take up all of their time and money. More sober themes still come to the front. Good roads, for instance, occupy the minds of at least one great railway corporation and the Department of Agriculture, who, combined, will send out a good roads demonstration railway special over one great railway system, occupying a period of about three months and at an expenditure of forty thousand dollars. The railways make this expenditure believing that what helps the farmer helps the railways, and that good roads are a necessity to the transaction of business expeditiously and at a minimum of cost.

POOR OWEN SOUND

Owen Sound has received some hard blows during the past year, and if the misfortunes continue much longer that embryo city will return to the status of an ordinary town. The big C. P. R. elevators were first to go, followed by the C. P. R. steamers and employees. Now the burning of the big Carney lumber mills has thrown 125 hands out of employment. The C. P. R. is giving the county town a miserable steamship service and the Owen Sound press charges it with adding insult to injury. Indeed the skies are very dark up around the north end of the county, but cheer up, the pendulum will take another swing.

SWANS—HUH!

Owen Sound has gone into the raising of swans and this will require the appointment of a new officer whose official title will no doubt be "Keeper of the Swans." The name of Mr. Harry Wright, who always judges our poultry at the fall fair, has been mentioned for the position. The swan, like the giraffe, is mostly neck and legs, and more beautiful than profitable; but it can drink water by the yard, and feeds on long grass, which don't cost much. As an egg producer it cannot compete with the common goose, but lives on its shape—which also may be said of some of the Owen Sound aldermen. Ornaments, merely ornaments; birds of breeding and beauty, but when it comes to grubbing for a living or producing something for the benefit of mankind in general they fail--but they can "honk" to "beat the band."

CURE THAT COLD

This is Quickly and Pleasantly Accomplished If You Use

Catarrhozone

Catarrhozone will relieve colds almost instantly and in a few hours will cure completely. If it is old-standing asthma or bronchitis its quick and curative results will astonish you.

Catarrhozone is little drops of healing medicine carried by air to the sore and diseased parts. You breathe them through the Catarrhozone inhaler and they spread throughout all the air passages.

It is sense as well as healing, because Catarrhozone is a germ killer, a healer and restorer of weak tissues, because it is so prompt and certain in its results, better than any other remedy for diseases of the throat, lungs and bronchial tubes, and it is neither alcohol, morphia or cocaine—all dangerous.

Tens of thousands have used Catarrhozone without reporting a single case of failure to cure diseases of the throat and lungs and nasal passages.

Remember, CATARRHOZONE is taken in air, and is little drops of healing for the throat, nasal passages, or lungs. It always does cure—is guaranteed.

Price 25c., 50c., and $1.00 at all druggists or by mail, post paid, from The Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

Prize List of Canadian National Exhibition Now Being Distributed

The prize list of the Canadian National Exhibition, Toronto, August 24th to Sept. 9th, has been issued. It show the usual liberal prizes in all departments of live stock, agriculture and home work, amounting to a total of $55,000. It is also evident that the list has been carefully revised to have it in keeping with up-to-date conditions.

A few of the innovations that might be noticed are provision for competition for breeding horses for strings of five horses; a number of sections added to provide for the newer breeds of poultry; $100 in prizes for onions, tomatoes and celery in baskets. The last named is a government suggestion, meant to encourage export of these commodities.

On the whole, the list shows a distinct advance on its predecessors, and, as the attractions will include a review of cadets from all the overseas dominions of the Empire, the Scots Guards Band and a brilliant historical spectacle, the siege of Delhi, it is safe to predict another record year for the Canadian National.

There never was a time when people appreciated the real merits of Chamberlains Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or a cold give it a trial and become acquainted with its good qualities. For sale by all dealers
