Mr. Fred Karstedt returned last week from Toronto university.

Mr. and Mrs. John Heard spent Sunday with the latter's parents in St. Vincent.

Miss Jessie McDonald of Priceville is spending a few days with Miss Viola Hartley of the Park House.

Markdale will have a new C. P. R. station similar to ours. It is not before a new station was needed.

Died—In Muskoka cottage sanitarium, on Monday, May 20, James Ernest, son of the late J. F. Buchanan of Vandeleur, aged 28 years.

The Listowell Banner chronicles a hen's egg measuring 9½ x 7½ inches and weighing seven ounces. The hens in this locality may as well give up.

The prospects for good trout fishing for the boys on Friday are not the best. There has been too much rain making the streams very high.

Revs. Wellwood and Campbell exchanged pulpits on Sunday, Mr. Campbell preaching in the Methodist church here both morning and evening.

R. W. Gardiner of Mount Forest recently cought a trout in Bell's lake that weighed over four pounds and measured five inches broadside. The fan of its tail when spread out also measured five inches.

The Owen Sound papers say a big demonstration is being planned there for July 12, when it is expected about 10,000 will be present. Excursions will be run from Hanover and Flesherton.

A walking Markdale advertisement arrived in town Monday morning. As such things are uncommon here considerable notice was taken of it, and the comment was not favorable to the enterprise displayed by our sister town.

There have not thus far been sufficient entrries for the field crop competition which was proposed to be held under the auspices of the Agricultural Society, and unless they come in during the present week the scheme will have to be abandoned.

We notice by a Mont Clair, N. J., newspaper that Miss May Jamieson, daughter of Mrs. Jamieson of this place, has received her diploma as a trained nurse. Miss Jamieson has been attending the Mountainside hospital, Montclair. She will practice her profession on the other side.

Owing to changed condititions in the village it is found necessary to elect a new public school bgard, the law making necessary a board of six. A meeting for the appointing of a new board will be held in the school house on Saturday evening of this week at 7.30. Ratepayers in the section should attend.

Mr. Mack Eastman, who taught school at Priceville a few years ago, and who has been spending the past session as Fellow in History, at Columbia University, New York, has been placed in charge of the department of History in the New University of Calgary, Alberta, at a salary of $2000 per annum.

Meaford merchants have agreed to close their stores every Thursday afternoon during June, July and August. There is a movement on foot to have Flesherton stores close at 6 p. m. every evening except Wednesdays and Saturdays. This has not yet been settled, however, and may take the form of a town bylaw.

The annual meeting of the W. I. will be held in the high school on Tuesday, May 28, at 2.30 sharp, when the annual report will be given, and election of officers for the ensuing year will take place. The members are requested to pay their fees at this meeting. A large attendance is requested. Mrs. H. Wood and Miss Karstedt will give readings.

Mr. J. D. Morgan died at his home in Dundalk on Tuesday afternoon.

At a special meeting of the village council on Monday evening the by-law to raise money for sidewalks received its second reading. A by-law to raise money for current expenses was passed. The Reeve and Clerk were ordered to complete the purchase of the fire-fighting apparatus and an account of $27.75 for stationery for the village was passed. The matter of a poundage by-law was also discussed but held over until next week.

On Thursday last a team belonging to the cement gang ran away from in front of the Park House with a dray load of narrow lumber. The racket as the team went through town resembled the noise made by a fire reel on a cobble stone pavement. The animals veered in to the sidewalk and ran into some rigs at McTavish's blacksmith shop, dishing a wheel on the surrey, breaking a reach on a light wagon, and smashing the dray tongue as it brought up endwise on the side of a building. The scene was quite a wild one. It was a young team and the animals were not injured.

Programs have been issued for the sixth annual convention of Grey County Women's Institute which will be held in the Town Hall, Dundalk, on Wednesday, June 12, next. Robt. J. Carson

Mr. R. J. Carson of Tyrone passed away very suddenly on Saturday last at his home. He had been a victim of paralysis for the past year and unable to walk. On Saturday on returning to the house after being cut his wife found him breathing his last. She had not be away from him for more than three minutes. Mr. Carson was an old and highly respected resident of this township, having come out from Tyrone, Ireland, in the year 1856. Shortly afterward he took up land near Proton Station, and in 1866 he married Miss Margaret Jane Henderson, sister of the late J. W. Henderson. Besides his sorrowing widow the following family survive: John J., at home; Armour, Toronto; Robert, of Proton. Mrs. Robert Wilson, of Brinale, Mich; Mrs. John Stinson, Saskatchewan; Mrs. Andrew Brown, Saskatoon, Sask; Mrs. W. Dingwall, Artemesia; Mrs. R Cairns, Sask.; Mrs. Geo. Niles, Proton; Mrs. Andrew Dean, Canadian Soo; Edith, in Toronto.

The funeral took place to Flesherton cemetery on Tuesday afternoon. Mr. Carson was a subscriber to this paper from its inception. He was an adherent of the Anglican church.

Kincardine town is the latest victim of the guarantee folly. The corporation guaranteed the bonds of the Ontario West shore Electric Railway to the extent of $50,000 for a trolley line between Goderich and Kincardine. The company went broke and now it is up to the town to get a special act of the Legislature to extend the payments over a number of years. The town will get its share of the assets of the company, consisting largely of ties and rails, but will likely hand them over as a gift to another company which will agree to build and operate an electric or steam railway. A portion of Huron township is also hit hard by the collapse of the Electric Railway Co. A sectional bonus to the extent of $40,000 was given by farmers on the west side of Huron Township and the liability of the farmers who guaranteed the bonds will amount to about $400 on every hundred acres.—Chesley Enterprise.

John Haycock, for the past ten years inspector of binder twine for the Dominion, has resigned office by special request of the government. Mr. Haycock is the gentleman who turned the Patrons of Industry bodily over to the Liberal party and ran the organization into the ground at express speed. The above inspectorship was given him as a reward for his loyalty to the party and, per contra, his disloyalty to the Patrons. That body has never recovered from the blow administered by its leader, and he has never recovered the confidence of the people. For some time he has been a dead one. A despatch in the Globe says the "companies" were well satisfied with his supervision, which is rather a left-handed compliment—Shelburne Free Press.

You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

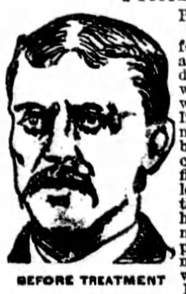
THREATENED WITH PARALYSIS



BEFORE TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the NEW METHOD TREATMENT and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so.
