There is a leading bank in New York where a thief is employed at a good salary. His paradox is thus explained. Some months ago a large sum of money was stolen from the bank safe. All the evidence showed that if the theft could not be the work of an outsider, it must have been committed by some one in the bank. Consequently detectives were employed, and all the clerks, from the cashier down, are now under strict surveillance. They all know that one of their number must be guilty; but who it is, the guilty one alone can tell. No clerk dare resign, for he would at once be suspected of the crime; nor can the real thief make use of his booty, because any unusual expenditure would direct suspicion towards him. A pleasant bank that to be connected with!

A certain housebreaker was condemned in the latter part of the last century in France, and under peculiar circumstances, to a hundred years in the galleys, and, strange to relate, this man recently made his appearance in his own native province at the advanced age of one hundred and twenty years, he being about twenty years of age when the sentence which condemned him to such a dreadful punishment was passed. It is difficult to conceive what the feeling must have been with which he returned, as soon as emancipated from the shackles which had enthralled him for a century, to breathe once more the cherished air of the scenes of his infancy. Bourg, in the department of Ain, was his native home, but time had so much changed the aspect of the whole place that he recognized it only by the church of Brou, which was the only thing which had undergone no alteration. He had triumphed over laws, bandage, man, time, everything. For a relation had he left, not a single being could he hail as an acquaintance, yet he was not without experiencing the homage and the respect the French pay old age. For himself he had forgotten everything connected with his early youth; even all recollection of the crime for which he had suffered was lost, or, if at all remembered, it was a dreary vision confounded with thousand other dreary vision of days long gone by. His family and connections for several generations all dead, himself a living proof of the clemency of heaven and the severity of man, regretting, perhaps, the very irons which had been familiar to him, and half wishing himself again among the wretched and suffering beings with whom his fate had been so long associated—well might he be called the patriach of burglars.

The will of the late Edwin A. Stevens, the Hoboken millionaire, who died recently, has been read. Mr. Stevens bequeathe nearly twenty million dollars. Two public school houses in Hoboken are bequeathed to that city and $650,000 for the erection and maintenance of another is donated, The Stevens battery for the completion of which one million is donated, is to be presented to the State of New Jersey. The rest of the property falls to the widow and children.

A Roman Catholic bishop in Poland has been arrested and sent to Siberia, under sentence of deportation, in consequence of his refusal be send a delegate to the permanent Roman Catholic Synod which the Russian Government is intent on assembling. He refused to recognize any but the Pope's authority.

The New York swindlers have developed a new and ingenious method of forgery. One of them brought a promissory note for $2985 16, for seven per cent. discount, and the day following the other appeared with what seemed to be the same note, and offered to sell it back again for ten per cent off. This bore a suspicious look, and the matter was investigated. A careful examination proved that the second note was a literal copy of the first, date, signature and general appearance being imitated so closely as almost to defy detection. The parties were arrested.

The most extraordinary "pious fraud" of the day appears to have been got up in connection with the so-called revival in Water-street, and the so-called converts, John Allen, Tommy Hadden, Slocum, Kit Burns, and so on. The expose made by our reporter of the gross imposition that has been practiced upon the religious community in this matter, will astonish even those who have been sceptical about the sensational stories given to the world by interested parties. But the fact is now evident that there is not, and has not been, any religious revival in progress among the wretched dwellers in Water street dance-halls and sailors boarding houses; and it also evident that none of the notorious characters, concerning whom so much interest has lately been excited throughout the country, has either been converted or reformed—all accounts to the contrary notwithstanding. The statements made by Allen himself as to the working of the scheme of which he has been the most prominent victim—as to the amounts of money he has received,' and the large amounts he expects to realize, are conclusive to this point. There is no doubt however, that the Water street excitement has been the means of stirring up an interest in religious matters that ought to be turned to good account; and if the earnest clergymen of the City, and Christian men and women in general, will take advantage of the present state of affairs, it can undoubtedly be made to redound to the glory of God.—N. Y. Times.

☞ Etiquette requires, in Chinese conversation, that each person should compliment the other, and everybody belonging to him, in the most laudatory style, and depreciate himself, with all pertaining to him, to the lowest possible point. The following is not an exaggeration:

"What is your honorable name?"
"My insignificant appellation is Chang?"
"Where is your magnificent palace?"
"My contemptible hut is at Luchas:"
"How many are your illustrious children?"
"My vile, worthless brats are five."
"How is the health of your distinguished spouse?"
"My mean, good-for-nothing old woman is well."

NEWS OF THE DAY.

SATURDAY MORNING, SEPT. 26, 1868.

St. Paul's Church.—The anniversary sermon in connection with St. Paul's Sunday School will be preached by the Rev. J. A. Mulock on Sunday at the (free) evening service, commencing at 6:30 o'clock. A special collection will be made in aid of the funds. The teachers and pupils of the Schools will be present.

A Great Duck Hunt.—Five sporting Kingston gentlemen, all good shots, left Kingston early this week, to go on a Great Duck Hunt in the small lakes of the back townships. They were gone three full days, and had a splendid time of it, but did not shoot any ducks, at least none to speak of, for all they brought home was a black squirrell, and that they drew lots for.

Police Court, Friday.—The adjourned case of Wm. Wilson, for stealing a coat, came up this morning, when the prisoner confessed, stating that he was under the influence of liquor at the time. He was sent to gaol for thirty days. One drunk was fined $2. This was the only business.

Attempt to Break a Safe.

Windsor, Sept. 24.

An attempt was made last night to break into the safe in Strong & Noble's banking-house. The outer case was cut away with a pick-axe, but the thieves were unable to penetrate the walls of the money vault inside. There were about $30,000 in the safe at the time.

Preserve and Regulate.—This old political motto applies to the physical system as aptly as to the body politic. Preserve the equilibrium of the circulation, regulate the stomach, bowels and liver with that peerless purgative, alterative and restorative medicine, Radway's Regulating Pills, and there will be little to fear from epidemics in any climate.

Price 25 cents per box, coated with sweet gum, free from taste. Sold by Druggists.

Important to Persons advanced in Years,
TROUBLED WITH CONSTIPATED BOWELS,
And Difficulty of Passing Water, Imperfect Digestion,
FOOD CONVERTED TO WATER.

Letter from a well known citizen of Ohio, aged 68 years, Mansfield, O.

Mansfield, O., March 21, 1868.

Dr. Radway:—Enclosed find one dollar. Send by mail as many regulating pills as you can afford. I wish your Pills and Resolvent. I like them very much, and recommend them to others. Our druggists have none; they say the run is so great they have sold out. I am free to say, for myself, they are the best medicine I ever found. I wish you would inform me if there is any danger if they are retained in the system for a length of time, as there are many good medicines that are injurious to take for a length of time * * * * I have for several years been troubled with Costiveness, so that even injections would not procure an evacuation. I was all the time in more or less pain from the flatuency, with large discharges of wind. At the same time I was afflicted with urinary difficulties; at times it almost killed me to pass water, very scanty and in drops, at times at other times in large quantities almost amounting to diabetes. My age is 68. I tried everything I thought would do good: nothing afforded relief. In short, I procured one box of Radway's Regulating Pills, took six, free evacuations followed—no sickness, no pain. Took two at bed time. This secured a stool each day; sometimes would take three, at others four, each day—result, regular for several days, without pills. All pain and trouble from wind ceased. Got one bottle of R. R. Resolvent; Urine now all right. I am known, more or less, all over this State, and not unfavorably for truth and veracity. Send pills without delay.

(Signed,) J. HILDRETH.

Answer.—Radway's Pills are composed exclusively of vegetable extracts, and are dissolved in the stomach, and their properties absorbed through the circulation, acting on the blood, chyle, bile and other fluids of the system, passing off through the excretions, and not like mercury, calomel, corrosive sublimate, antimony and common drastic substances, that form the basis of ordinary pills, accumulate in the system and become deposited in the bones, joints, cartilages and glands of the system, but they communicate their curative influence through the blood chyle, bile, sweat, urine &c. Correcting, regulating, purifying, cleansing and purging from the body all unhealthy humors, and restoring functional harmony to the secreting vessels and orifices of every gland and organ.

In all cases of Dyspepsia, Liver Complaint, Imperfect Digested Food, their influence is wonderful, and no matter how weak or paralized the bowels may be, or how irregular or costive, in the aged of others, one dose will ensure a discharge, and one or two will ensure regular stools, at least once a day. All aged gentlemen and ladies, who have used them prefer them to all others, and the young and vigorous find them the most thorough regulator of the liver and bowels known. In cases where the bowels have been paralized by lead, and other minerals, and from artizans diseases, these pills have secured free passage where all other means failed. In bilious attack, inflamation of the bowels, erysipelas, fevers, etc., that causes ulceration of the lining of the bowels and, intestines, they are mild sure and healing. They are the best family physician in the world, and only 25 cents per box, or $1.20 for six boxes. Sent to any part of Canada bymail.

The use of the Sarsaparillian, or Renovating Resolvent, in your case, showed its importance in urinary difficulties. The aged are more or less troubled with these affections; weakness of the digestive organs and imperfectly digested food, being the cause; the insufficiency of chyle, or its unhealthy condition, fails to dissolve the substances taken into the stomach, so as to pass off through the alimentary canal, it is (the food) converted into water and seeks an escape through the kidneys, thus establishing a foreign secretion of these glands, hence the urine becomes charge with foreign constituents, causing deposits of gravel, brick-dust, lithic acid, albumen, sugar, etc., irritating the bladder, causing weakness, paralysis, catarrah and pain to the canal of others in its passage out of the system. Hundreds of aged persons suffer from this as well as others. A few doses of Radway's Sarsaparillian Resolvent would remove these difficulties, and with the aid of the pills secure healthy and perfect digestion. Hundreds of persons suffering from kidney and urinary disturbances and diseases, may rest assured of this being the true cause Now, in such cases, Buchu, Cubebs, Juniper, Gin, etc., are dangerous, and will prolong the cure and establish worse and new difficulties. Cubebs are irritating and make the urine acrid, causing pain, itching, etc., along its passage. Every well informed medical man knows what I state is a fact. Let those who are troubled, just try the Sarsaparillian Resolvent and Radway's Pills, you will find almost immediate relief; it will do for you what it has done for Mrs Hildreth. This gentleman is a stranger to us, we give his testimony as we received it; of one fact rest assured, one bottle of the Sarsaparillian, or Renovating Resolvent, is worth all the Buchu leaves that were ever gathered by the most enlightened Hottentot, who, perhaps, knows as much about Buchu as the constitution, whether it be shattered, wrecked or preserved pure and entire.

The Pareira Brava, Sarsaparillian, and other vegetable substances, are gathered for Dr. Radway by persons of intelligence who are acquainted with the different varieties of each root so as not to make a mistake. We do not trust the gathering of our roots to a lot of savage Hottentots, hence the certainty of procuring the genuine roots.

ALBION HOTEL,
MONTREAL, P. Q.

IN 1857 MR. DECKER purchased the "Albion," which then contained fifty rooms. In 1859 he added a New Wing of Forty Rooms. The steady and rapid increase in the business compelled him, in 1862, to build a second New Wing of Fifty Sleeping Rooms, with large Dining Room, capable of seating Two Hundred Guests. Notwithstanding all this additional accommodation; hundreds of merchants and others, patrons of the "Albion," have been obliged to seek accommodation elsewhere during the Spring and Fall Business Seasons. Encouraged by the liberal patronage extended to the "Albion," the proprietor has built a third addition of Ninety Sleeping Rooms, large Parlors, Reading Room, Office and Bar—fronting on McGill Street. Fifty of the Sleeping Rooms will be furnished and ready for the Fall Trade. In the Spring of 1869 all the improvements will be completed, when the "Albion" will have an entrance on McGill Street instead of St. Paul Street.

The charge will be $1.50 per day, as heretofore.

HALL'S
Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the* cheapest *preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.
