FIT FOR SOAP-GREASE.—Coupon, the corpulent banker, was standing in State street one hot day in August, wiping the servile drops from off his brow, when a ragged but sharp eyed newsboy accosted him with

'Please, sir, tell me the time?'

Coupon lugged out his Frodsham, and looking benignantly down on his interlocutor, responded

'Just two o'clock.'

'All right, old buffer,' said the gamin, gathering his rags together for a run, 'You can sell out for soap-grease at three.'

The insulted man of money raised his cane, and making a frantic rush at his tormentor, nearly fell over a friend who was coming up the street.

'Hello, Coupon, what's the trouble?' said the other.

'Matter! said Coupon, puffing with heat and anger, 'why one of those newsboys asked me the time, and when I told him two o'clock, the impudent young scoundrel said I might sell out for soap-grease at three.'

'Don't be in such a hurry,' was the malicious response; 'it's only five minutes past two; you've got fifty-five minutes to do it in.'

PAY OF THE BRITISH ARMY.—As there are persons who, unable to ascertain the daily pay of an ordinary infantry regiment of the line of the service of the United Kingdom, wish to know it, we present the following table, copied from the "Army Estimates for 1868-69:—Colonel, 17s, variable according to circumstances; Lieut.-Colonel, 17s; Major 16s; Captain, 11s 7d; Lieutenant, 6s 6d; Adjutant, 10s; Quartermaster, 6s 6d; Surgeon, 17s 6d to to £1 7s, according to circumstances; Assistant Surgeon, 10s to 17s 6d, according to circumstances; Sergeant-Major, 3s 6d; Quartermaster Sergeant, 2s 10d; Band-master, 3s 4d; Drum-major, 2s 2d; Paymaster's Sergeant, 2s 2d; Armorer-Sergeant, 5s 2d; Hospital Sergeant, 2s 4d; Orderly-room Clerks, 2s 2d; Color-Sergeant, 2s 8d Sergeant-cook, 2s 2d; Sergeant Instructor in musketry, 2s 2d; Sergeant, 2s 2d; Drummer, 1s 3d; Corporal, 1s 6d; Private, 1s 2d.

FIRST ARRIVAL ON THIRD VOYAGE.—The iron ship Glenlifer, Capt. Tannock, of the Allan's line arrived yesterday from Glasgow, in 28 days on her third voyage. She is the first vessel that has made the third voyage this season. She has made the round voyage home and out in 52 days.—Quebec Gazette.

A POWERFUL SHIP.—The most powerful ship in the British navy, the 'Inconstant,' is rapidly approaching completion, and will be ready for sea early next year. She is a remarkable ship. With lines nearly as fine as the best built yacht, and engines which are to develop six thousand indicated horse-power, it is believed that she will attain a speed far beyond that of the finest frigate ever launched. She will also carry the most formidable armament yet afloat, having on her main deck an armament of twelve and a half-ton guns, (which is the most powerful yet afloat in a sea-going ship,) and on her upper deck half a dozen seven-ton guns, for chasing and distant fire.

DEATH OF MR. RAE.—We regret having to record this morning the death of Mr. Thos. Rae, brother of Dr. Rae, the Arctic explorer, and Mr. Richard H. Rae, Emigration Agent at this port, which sad event occurred yesterday forenoon. Mr. Rae was the youngest son of Thomas Rae, Esq., of Weir Isle, Orkney, Scotland; born 23rd May, 1818, and was, consequently, in his 50th year at his death. He left Scotland when a mere boy, and resided for some time in New Brunswick, subsequently living in Kingston; and came to Hamilton in 1842 or 1843. He was at one time, in conjunction with one of his brothers, largely engaged in shipping, and latterly very extensively on his own account in the timber business, owning four vessels, and also about to build a propeller. Mr. Rae was highly popular, and everywhere esteemed as an upright and straightforward man of business. His death will be deeply and deservedly deplored.—Hamilton Spectator.

NEWS OF THE DAY.

THURSDAY MORNING, OCT. 1, 1868.

THE HANLONS.—To-night the Hanlon combination give their first performance at the City Hall. Those who have seen the brothers in their daring gymnastic feats require no inducement from us to go and see them again. This is said to be their farewell tour of the Provinces, and an opportunity to see them may not occur again. They have added to their number some talented performers, Pfau, the Russian athlete; the juvenile Hanlons; Miss Thorne, singer; Mr. Blamphin, harpist; and Sylvani and Benedict, grotesque artists, the whole presenting one of the most attractive companies now travelling. The Ottawa Times thus introduces its notice of their performance in the capital on Monday night:—

"We had the pleasure last evening of witnessing the brilliant and astounding performances of these celebrated athletes. From the great reputation which the three brothers made on a former visit here, and the great name they have achieved wherever they have been, we were prepared to expect that they would have large audiences here as they have had elsewhere. But with all our great expectations we were certainly not prepared to see the Skating Rink Hall crowded so full as to render it difficult to obtain a seat. From the orchestra to the upper gallery all seemed one mass of living beings. Our surprise at the audience, however, was as nothing compared with the performances."

VERY GOOD.—The Madoc Mercury says:—An assay of gold ore taken from Eagle Hill, Denbigh, Frontenac County, made by Mr. James T. Bell, of Belleville, yielded at the rate of $18.80 per ton.

POLICE COURT, Wednesday.—Very little business was before the Court this morning. John Regan, a small boy, was charged with assaulting another boy named Henry Crow. He was remanded. Three drunks—the first two were fined $2 each and the other discharged.

FROM OTTAWA.

Court of Chancery—Lord Cecil's Preaching.

Ottawa, Sept. 29.

The Fall Court of Chancery opened this morning,—the Hon. P. M. Vankoughnet, Chancellor, presiding.

Companies Nos. one and six of Volunteer Artillery left this morning to relieve the other companies at Prescott, and for their annual drill.

Criticisms on Lord Cecil's preaching are appearing, one of which characterizes him as insane. His meetings are, however, always crowded, and a large number of people take a great interest in the results which attend his endeavors.

HALIFAX.

The Inverness Election.

Halifax, Sept. 29.

The Inverness election is the principal topic of conversation in political circles. The general impression is that if the anti Union votes are not divided between the two candidates of the party, as in the case of the last election, Mr. Blanchard will not be returned. Mr. Blanchard is the most popular candidate the Unionists could bring forward. He has a fair chance of success.

A Great Sensation!—A Good Sensation!!

PAIN CURED IN AN INSTANT.

In 1847, the great grand principle—of stopping the most excruciating pain in an instant, without employing such a dangerous agent, as Chloroform, Opium, Morphine, Aconine, Ether, ect., was first made in

Radway's Ready Relief.

This Remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body, where inflamation or pains existed—it at once relieved the patient of the most violent and excruciating pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Pains in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and exterminate the pain.

Taken internally 20 drops to a tea-spoonful would cure and will cure, Asiatic Cholera, Fever, and Ague, Chills and Fever, Bilious Cholic, Inflammation of the Bowels, Cramps, Spasms, Diarrhœa, Dysenteary, and every pain that may exist in the inside of man, woman or child; this was Radway Ready Relief, of 1847, and it is Radway's Ready Relief greatly improved in 1868.

We then started it in its mission of relieving the infirm, pain-stricken, sick, distressed and crippled of all nations throughout the world, and now to-day it is used, and patronized and revered as a household necessity, in palaces of Sultans, Emperors, Kaimois, Kings, High Priests, Nobles, as well as in the cottages of the labouring Classes of every nation on the face of the earth.

In every war that has taken place within the last 20 years, this remedy has been used as a preventive of malarious and infectious diseases—as well as a cure for wounds, stiff joints, bruises, accidents, and to relieve the soldiers from pain. Letters from Army Surgeons and distinguished Generals and soldiers in our late war are on file, certifying to the wonderful service of the RADWAY'S READY RELIEF. It will prevent all against attacks of the worst diseases that prevail, as plagues or epidemics, and those who are seized will at once check the disease and cure the patient sometimes with, and at others without remedial assistance. This is Radway's Ready Relief. Persons afflicted with external pains or rhumatism, neuralgia, tooth ache, cramps, spasms, etc. Bathe the parts affected, either by rubbing with the hands or with a sponge dipped in the RELIEF, and will pain cease to exist.

The miserable stuffs scented with the Oil of Cassia or Peppermint, sold under the name of paint, etc., are nothing but weak imitation of RADWAY'S READY RELIEF, sent forth to the world under our old advertisements of 1847, etc. They are but imitations, and will die out in a few months. Their makers—nothing but a set of vagrants, street hawkers, and camp followers of side shows to circuses, after the fashion of the "For Four Cent Man," knowing as much, or rather little, about medicine as Barnum's "What is it?" The doggerel advertisements, they pay hungary Bohemians to write for them. The existence of these miserable imitations of the great and good Ready Relief of Dr. Radway, will be brief—old patrons of Radway's Ready Relief are daily coming back, and so it will ever be—Radway's Ready Relief will ever stand the first, the best, and the cheapest and quickest remedy for the instant cure of pain in the world.

RADWAY'S READY RELIEF is sold for 25 cents in bottles holding three times as much as any 25 cent bottle of any other remedy for the same purpose—and as much as $1 of the Pain Killers. One bottle will hold out longer and do more good than half a dozen bottles of any other remedy. Sold by Druggists everywhere at 25 cents per bottle and at 439 St. Paul Street, Montreal.

ALBION HOTEL,

MONTREAL, P. Q.

IN 1857 MR. DECKER purchased the "Albion," which then contained fifty rooms. In 1859 he added a New Wing of Forty Rooms. The steady and rapid increase in the business compelled him, in 1862, to build a second New Wing of Fifty Sleeping Rooms, with large Dining Room, capable of seating Two Hundred Guests. Notwithstanding all this additional accommodation, hundreds of merchants and others, patrons of the "Albion," have been obliged to seek accommodation elsewhere during the Spring and Fall Business Seasons. Encouraged by the liberal patronage extended to the "Albion," the proprietor has built a third addition of Ninety Sleeping Rooms, large Parlors, Reading Room, Office and Bar—fronting on McGill Street. Fifty of the Sleeping Rooms will be furnished and ready for the Fall Trade. In the Spring of 1869 all the improvements will be completed, when the "Albion" will have an entrance on McGill Street instead of St. Paul Street.

The charge will be $1.50 per day, as heretofore.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original; it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

The County Election.

To the Electors of the County of Frontenac:

GENTLEMEN,—The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County Interests, and having, as an old member of the County Council, and a Warden, become thoroughly conversant with your local affairs, I am, I think, in a position to be of service to you in the Legislature. Many of you, too, have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honor which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavor to further by seeking to have the Back Roads completed, by endeavoring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the Grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I will endeavor to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.

D. D. CALVIN.
