Rappe, Weber & Co.,
LARGE MANUFACTURERS OF
GRAND, OVERSTRUNG SQUARE PIANOS,
Corner of King & Princess Streets,
KINGSTON, ONTARIO.

RAPPE, WEBER & Co. announce to the Public that they are now in possession of facilities for manufacturing Pianos unsurpassed, if equalled, by any in the Dominion. The members of the Firm are Practical Piano Makers, and are anxious to establish their success in manufacturing enterprise by careful workmanship rather than by mere speculation. They are able skilfully to superintend every department, and are prepared to guarantee every instrument they sell.

For strength of manufacture and materials, beauty of finish, and durability and excellence of tone, they challenge the Dominion to produce superior instruments; and while they claim for their work every excellence that can be expected from skilful and enterprising workmen, they beg to announce that their resources are sufficiently ample to enable them to compete in prices with any speculator in Pianos.

The Subscribers keep no Travelling Agent. All orders addressed to the Subscribers, or sent through any respectable Music Dealers will receive attention. Orders through mail will be attended to as if selected in person.

RAPPE, WEBER & CO.
Kingston, May 20, 1868. 121

A CARD.

RAPPE, WEBER, & Co., deem it unnecessary in their announcement above to notice the advertisement of their competitor, Mr. F. C. Cline. They beg to inform the public that it was not the privilege of Mr Cline to retain all of the late J. C. Fox's workmen.

The Advertisers were selected by the late Mr. Fox from the best establishments in New York, (Steinway's, Stoddard's, Weber, Gabler etc.)

After Mr. Fox's death, and before Mr. Cline's purchase of a part of Mr. Fox's stock, Rappe Weber & Co., had determined to go into business on their own account. As at present constituted, their establishment consists of four Proprietors, every one of whom have been foremen, and their workmen who have been foremen; so that so far as the "culling of workmen" (a novelty in language) is concerned, Rappe, Weber & Co., have the honor to announce that they made *their* selection before it was permitted to Mr. Cline to make *his*. If Mr. Cline was a practical Piano maker, it might be competent to him to remark upon the skill of other workmen; but as he is not, it may be well to remind him that the shoemaker should stick to his last.

The Advertisers do not press upon the public the merits of any Travelling Agent, and any person holding himself out as such may be treated as utterly unauthorized. Our Pianos are candidates for popular favor, and we have no doubt they will win it.

THE AMERICAN
Lightning Apple Parer,
Manufactured by the Patentee in New York.
GREATLY IMPROVED IN WEIGHT AND STRENGTH.

BEING now made much heavier and stronger than formerly, it is the most Perfect Machine made, and greatly superior to the imitations of the same.

A very little comparison between this make of the Lightning Parer and its imitations will show its superiority.

A thorough trial of this machine last season established the fact that it is the best Parer in the Market. It will pare either smooth or uneven apples better, easier, and three times quicker than any other machine ever produced. The parings are carried entirely clear of the machine, so that there is no gumming, sticking nor clogging, as in other parers, and the parts are always clean and in good order. The turning of a crank, so tiresome to the wrist and arm, is avoided. The only motion required to pare an apple is to push the handle once the length of the semi-circle. Cheap at

PATENT IRON-CLAD
Piano Fortes!!

F. C. CLINE, Manufacturer,
(The only Purchaser and Proprietor of John C. Fox's Patents),
At the original and principal Factory,
Corner Princess & Ontario Sts.,
KINGSTON, ONT.
Under the supervision of Mr. William Cunningham, whose name appears on every instrument.

THE reputation of these Pianos is fully established and their qualities appreciated throughout the Province, and still further improvements have been introduced in the action by Mr. Cunningham, which renders them unparalleled for BRILLIANCY AND EQUALITY OF TONE, ELASTICITY AND INSTANTANEOUS REPETITION OF TOUCH, which is of much importance in the performance of rapid passages. In addition to these the Aliquot System has been introduced, extending throughout the Scale.

Another great improvement in the action of these Pianos is the hushing of all pivot bearings, which renders the action perfectly noiseless after being in use for years.

The public and intending purchasers are respectfully invited to visit the Factory and inspect the instruments, which will bear the examination and give satisfaction to the most critical judges.

This Manufactory possesses the following advantages:—*The exclusive use of Fox's Iron-Clad Sounding Board,* the adoption of every known and the introduction of many original improvements, and first-class workmen.

Each Piano is guaranteed by a written warranty, and references can be given to parties throughout the Provinces who have been purchasers.

RUTTAN'S
Ventilating Stoves!
FOR
HEALTH & ECONOMY.

[From the Building Committee.]

These may certify that the Board of School Trustees for the City of Toronto put up (December, 1867) in their new School-house, on Elizabeth Street, four of Ruttan's Air-Warming or Ventilating Stoves, say one in each School-room. These Stoves were in regular use during school hours until fires were discontinued, about the beginning of the month of May, and they have given full satisfaction in every respect. Although the weather was severe and prolonged, the "Ruttan" Stoves kept the School-rooms comfortably warm, without overheating them, while the ventilation was at the same time thoroughly good. These Stoves are also very economical in fuel, as is proved by the fact that the four in question consumed only two and a half cords of wood each during the period of time above mentioned.

THIS celebrated Preparation—for which a Certificate of Merit was awarded to the distinguished original preparer at the National Exposition at Torino, Italy, by whose favor Mr. GIANELLI obtained the Recipe and was also awarded a Diploma at the Provincial Exhibition of Canada held at Montreal in September, 1865—is, without exception, the most Genuine, Salubrious and Agreeable TONIC ever introduced to public notice either in Europe or America.

For seventeen years it has, in Italy, been a universal favourite among the elite of Society, being generally served in the Drawing Room immediately before Dinner, in preference to Vermouth.

The ingredients of its composition have been imparted to the leading Physicians of Montreal, and have received their unqualified approval on every account.

The Proprietor has no idea of parading or puffing it before the public, but merely asks a sound and unprejudiced trial.
