THE HIGHER THE SMALLER

A little girl, walking down the street with her father saw some workmen on a scaffold twenty storeys high, and she asked:

"Father, what are those boys doing up there?"

He replied that they were not boys, but men, who looked like boys because they were up so high.

The little girl meditated for a moment and looking into her father's face said solemnly:

"They won't amount to much when they get to heaven, will they?"

The question gave the father good food for thought. As we rise toward heaven, self becomes smaller, untill bye-and-bye, when we reach the height of heavenly character, self will not count for anything.

MOTOR OIL?

Your car uses oil, but do you buy real oil or just the cheapest grade offered?

Hot weather is the severest test of fast moving metal parts and oil, good oil, is the one thing, and the only one, that stands between broken parts and you. Your car needs your consideration. Do not expect service from your car if you do not service it with real oil. Truly, real oil costs more to buy, but in the end the best will be cheapest.
