BUCKLEY.—Patrick Buckley, against whom a true bill has been found for being accessory before the fact in the McGee murder, has been acting in a most extraordinary manner. He has sent repeatedly for Mr. O'Reilly, saying he wishes to confess all; when Mr. O'Reilly came, he had no confession to make. At other times he has told Mr. O'Reilly how he loved Mr. McGee, who had been a brother to him, and how they accuse him of any complicity in the foul deed? And again he has been found in a weeping mood, lamenting the disgrace he had brought on his wife and daughter. His feeling for his wife seem to be undergoing various changes, for the day after he stated his pity for her situation, she came as usual with his meals, when he nearly strangled her, and it was with the greatest difficulty she was released from his grasp. A medical examination was ordered as to his insanity, but the medical gentlemen, after some trouble, brought in a report that he was of sound mind.

NEWS OF THE DAY.

SATURDAY MORNING, OCT. 3, 1868.

THE HANLON TROUPE.—This Company had a regular bumper house on Thursday night, the City Hall being filled up to the very door, showing clearly that the public of Kingston can discriminate between a good performance, and a poor, mean show got up with extravagant announcements. Every announcement got up by the Hanlons is plain and unpretentious, and yet they have given a better exhibition than ever it has been the pleasure of a visitor to that hall before to witness. All went to the Hall expecting a great deal from the Troupe and they were not disappointed, indeed were even greatly surprized. The little prodigies, Julien, Francois, and Victor, are perfect wonders in their way. They performed the most startling and arduous feats of the Persian Column, horizontal bar and tumbling with an ease and quickness that no gymnast that we have ever seen has laid any pretensions to. Their astonishing acts drew forth repeated plaudits and encores. George and Edward Hanlon, in their comic interludes, and the former especially, in the "Pyramid Crystale," shewed a large amount of skill and practice. Miss Emily Thorne sang two ballads with great taste, in a fine clear voice, each of which was enthusiastically encored. In the last case she was twice demanded back, and sang a third time, with a generous grace. Mr. A. Sedgwick, so well and favorably known to Kingston audiences, played a beautiful solo on the concertina, introducing his inimitable imitation of the Scotch bagpipes. He was rapturously encored. Mr. Blamphin's harp solo was rendered in a manner never before equalled in the Hall. He is a perfect master of the instrument. Of course a very hearty encore greeted him. The "Pas Articoine," by the "Little Midgets," was something very laughable, and the pantomine of "The Village Turnout," afforded a splendid opportunity for side-splitting. To the disappointment of many, owing to the late arrival of the the Troupe and other causes, the celebrated Russian athlete Pfau, remarkable for his daring acts on the trapeze, could not appear, but the requisite permission having been obtained to fix the apparatus in the Hall, he appeared last night before another crammed house. The great success of the Hanlons has induced a prolonged stay on their part, and they have agreed to give two more performances, one this morning for the convenience of persons from the country, and another this evening, when they will again present all their great attractions.

A MISTAKE.—In reference to the late seizure of weights by the Inspector, alluded to by a contemporary, the unfortunate mistake was committed by him, which was calculated to do great injury to Mr. William Young. The weights have been since restored in the same condition they were in before their adjustment by the Inspector, as they were then perfectly adjusted to the scales (Cox and Collins) used by Mr. Young. So Mr. Young stands completely exonerated from the charge made against him.

THE RUNNING MAN.—All who wish to try their skill, will find the Runningman ready to be shot at on the rifle range to-day. Those who hit him will be gainers, as the pool is to be divided.

ANOTHER SERIOUS RAILWAY ACCIDENT.—On Tuesday morning last, a man ed John Waddell, a wheelwright from Clark's Mills, Camden, arrived at Cobourg for the purpose of proceeding to Harwood village, to assist in the construction of a new mill. Taking the noon train, he had scarcely arrived at Harwood ere he metwith an accident, which in all probability will deprive him of life. He had been sitting on some ties near the track, when as the train was backing, he staggered forward in an unaccountable manner and fell beneath the wheels of the hind track, two of which passed over his arm and shoulder. He was taken to Cobourg, where the best medical assistance was procured. It is considered impossible that he can live.

STEAMER ATHENIAN.—This steamer left on Thursday evening for Charlotte, on her last trip for this season, taking some passengers to the New York State Fair. She will on her return to Kingston be laid up for the approaching winter season in this port.

THE WEATHER is quite seasonable, cold and blustering most of the time, occasionally warm in the afternoons through the influence of the sun, and generally very frosty at nights.

POLICE INSPECTION.—The monthly inspection of the City Police Force was made yesterday morning, by the Police Commissioners. All the men were reported present, all working satisfactorily, and no complaints offered. Orders were given for the supply of new winter uniforms for the force, the old ones being well-worn.

ALL-ENGLAND ELEVEN.—These Cricketers have left Boston for Philadelphia, to play there. The base-ball match between the cricketers and the nine ball players of Boston was played. The selected nine defeated the English nine by a score of 21 to 4. The English Cricketers pass through Hamilton on October 20th. An effort are being made to induce them to lay a match there.

A Great Sensation!—A Good Sensation!!

PAIN CURED IN AN INSTANT.

In 1847, the great grand principle—of stopping the most excruciating pain in an instant, without employing such a dangerous agent, as Chloroform, Opium, Morphine, Aconine, Ether, ect., was first made in

Radway's Ready Relief.

This Remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body, where Inflammation or pains existed—it at once relieved the patient of the most violent and excruciating pange and throbs of pain, and imparted the delightful sensation of ease and comfort.

Every kind of pain, whether Rheumatism, Neuralgia, Toothache, Pains in the Chest, Side, Lungs, Stomach, Bowels, Kidneys, Spine, Legs, Arms, Feet, one application was sufficient to kill and exterminate the pain.

Taken internally 20 drops to a teaspoonful would cure and will cure, Asiatic Cholera, Fever, and Ague, Chills and Fever, Bilious Cholic, Inflammation of the Bowels, Cramps, Spasms, Diarrhœa, Dysentery, and every pain that may exist in the inside of man, woman or child; this was Radway Ready Relief, of 1847, and it is Radway's Ready Relief greatly improved in 1868.

We then started it on its mission of relieving the infirm, pain stricken, sick, diseased and crippled of all nations throughout the world, and now to-day it is used, and patronized and revered as a household necessity, in palaces of Sultans, Emperors, Kaisers, Kings, High Priests, Nobles, as well as in the cottages of the laboring Classes of every nation on the face of the earth.

In every war that has taken place within the last 20 years, this remedy has been used as a preventive of malarious and infectious diseases—as well as a cure for wounds, stiff joints, bruises, accidents, and to relieve the soldiers from pain. Letters from Army Surgeons and distinguished Generals and soldiers in our late war are on file, certifying to the wonderful service of the RADWAY'S READY RELIEF. It will prevent all against attacks of the worst diseases that prevail, as plagues or epidemics, and those who are seized will at once check the disease and cure the patient sometimes with, and at others without remedial assistance. This is Radway's Ready Relief. Persons afflicted with external pains of rheumatism, neuralgia, tooth ache, cramps, spasms, etc. Bathe the parts affected, either by rubbing with the hands or with a sponge dipped in the RELIEF, and will pain cease to exist.

The miserable stuffs scented with the Oil of Cassia or Peppermint, sold under the name of paint, etc., are nothing but weak imitation of RADWAY'S READY RELIEF, sent forth to the world under our old advertisements of 1847, etc. They are but imitations, and will die out in a few months. Their makers—nothing but a set of vagrants, street hawkers, and camp followers of side shows to circuses, after the fashion of the "For Four Cent Man," knowing as much, or rather little, about medicine as Barnum's "What is it?" The doggrel advertisements, they pay hungry Bohemians to write for them. The existence of these miserable imitations of the great and good Ready Relief of Dr. Radway, will be brief—old patrons of Radway's Ready Relief are daily coming back, and so it will ever be—Radway's Ready Relief will ever stand the first, the best, and the cheapest and quickest remedy for the instant cure of pain in the world.

RADWAY'S READY RELIEF is sold for 25 cents in bottles holding three times as much as any 25 cent bottle of any other remedy for the same purpose—and as much as $1 of the Pain Killers. One bottle will hold out longer and do more good than half a dozen bottles of any other remedy. Sold by Druggists everywhere at 25 cents per bottle and at 439 St. Paul Street, Montreal.

ALBION HOTEL,

MONTREAL, P. Q.

IN 1857 MR. DECKER purchased the "Albion," which then contained fifty rooms. In 1859 he added a New Wing of Forty Rooms. The steady and rapid increase in the business compelled him, in 1862, to build a second New Wing of Fifty Sleeping Rooms, with large Dining Room, capable of seating Two Hundred Guests. Notwithstanding all this additional accommodation, hundreds of merchants and others, patrons of the "Albion," have been obliged to seek accommodation elsewhere during the Spring and Fall Business Seasons. Encouraged by the liberal patronage extended to the "Albion," the proprietor has built a third addition of Ninety Sleeping Rooms, large Parlors, Reading Room, Office and Bar—fronting on McGill Street. Fifty of the Sleeping Rooms will be furnished and ready for the Fall Trade. In the Spring of 1869 all the improvements will be completed, when the "Albion" will have an entrance on McGill Street instead of St. Paul Street.

The charge will be $1.50 per day, as heretofore.

HALL'S

Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a* HAIR DRESSING. *It is the* cheapest *preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

The County Election.

To the Electors of the County of Frontenac:

GENTLEMEN,—The death of your late member, Sir Henry Smith, having rendered vacant the representation of the County of Frontenac in the Legislative Assembly of Ontario, I am induced to think that the offer of my services might be acceptable to the Electors. Long identified with the County Interests, and having, as an old member of the County Council, and a Warden, become thoroughly conversant with your local affairs, I am, I think, in a position to be of service to you in the Legislature. Many of you, too, have had knowledge of me in my business transactions, and you can thus in both respects form an opinion of my fitness for the honor which I seek at your hands.

Agriculture will have in me a warm and active friend, and I shall always be ready to lend my aid to all measures having its advancement in view.

The promotion of the settlement of the country I shall endeavor to further by seeking to have the Back Roads completed, by endeavoring to secure the passage of a generous Homestead Law, and the adoption of a more liberal policy with respect to Free Grants of Public Lands.

Education has been greatly fostered in Canada for many years past by grants of public money. I believe that most good can be done with such grants by adopting the channels which the various denominations of Christians among us have selected for the expenditure of their own means, and I will advocate the continuance of the Grants to the several Colleges in Ontario which they have hitherto received.

The present Government of Ontario has met the just expectations of the people in the economical administration of public affairs, and is entitled to my cordial support.

I will endeavor to see you as far as time will permit, between now and the Election, and will be ready to explain my views on all public questions.

D. D. CALVIN.
