An Annual Squeal

About every year there is a howl set up about the Entrance examination papers, a howl we believe that is largely engineered by the poorer class teachers, who fearing that they are not going to get their scholars through endeavor to place the blame on the annual test submitted rather than on their own inabilty to teach. As is known the Entrance examination into the High School is one outstanding test as to what all the rural teachers and the urban public school principals have been doing during the term, If they fail to make good at the Entrance exams., there is a horrible presumption that they have been sleeping on the job or have been picking their teeth during school hours. Not willing, however, to shoulder their own sins, many teachers set up a howl against the examinations papers, and thus try to shift the disgrace from themselves onto the department. This is an annual farce that has been in vogue since time immemorial and is likely to be in fashion as long as teachers sleep and scholars fail. And there is method in their madness. If they can get abroad the idea that the examination papers were hard, they get double credit for passing their scholars and less blame for failing to make good. So the annual howl has become a favorite past. time with teachers and we might say not a little disgusing to the public.—Bruce Herald.

Vandeleur Happenings

Haying has commenced.

Miss Eva Gilbert of Toronto is visiting her parental home at present.

Mrs. E. Baker is spending a few days with friends at Fairmount.

Tom Mercer is pushing his telephone line through here as rapidly as possible and expects to have it in operation in a short time.

Mrs. McMaster of Toronto was the guest of her sister, Mrs. George Wright, a few days last week.

Quite a number from here spent the glorious 12th at Rocklyn and report a good time.

The Misses Mary and Mabel Love of Toronto spent the first of last week at Mr. J. H. Holley's.

Miss Jean Wright is spending a week of her vacation with friends at Bell's Lake.

Roadwork was in order last week and a considerable amount of crushed stone was laid on the road in this vicinity.

Miss Ina Smith of Markdale spent a few days of last week at Mr. George Warling's.

Mrs. E. Gilbert and Mr. J. Magee of Kimberley visited at Mr. W. Hutchinson's the first of the week.

Women's Institute meets at the hall on Thursday.

We are sorry to report Miss Mary Beard on the sick list. Dr. Ego is in attendance.

Riverdale

Ice cream and grasshopper punch is the order of the day.

Mrs. J. Fadden of Orange Valley and little daughter, Edith, visited friends here last week.

We regret to report that one of our esteemed citizens, Mr. Wm. Richardson, is in a very critical condition at present owing to heart trouble.

Preliminary operations on the rural telephone line in this vicinity have begun. The Board are showing commendable activity.

Your cor. was on a very enjoyable professional trip to Holland Centre and Chatsworth recently.

A large number of Riverdale citizens attended the big picnic at Vandeleur on the First. It was an afternoon and night of supreme delight. The most stunning feature of the occasion was the nervy football contest between Kimberley and Wodehouse. Cheer up, Wodehouse! and bump the bumps, and shoot the shutes to the tune of Oh, you can't jolly Molly any longer.

A fast and furious football Waterloo between the Riverdale Boosters and the Beaverdale Wildcats was pulled off one evening recently, terminating in a tie—1-1—and a frightful pugilistic combat, during which both teams bade adieu to common sense and reason and guzzled and lambasted each other to the limit. It was truly hideous to behold.

During recent years hydrophobia has become alarmingly prevalent in Ontario. Quadrumana, or the monkey tribe, are also subject to this fearful malady. Consequently we suggest to the citizens of Priceville that they take measures for averting a wild and woolly chase and heart-breaking scene by putting a poke and muzzle on Teddy, the cor., immediately.

[Say ! Can't our esteemed cor's agree to "smoke the hatchet and bury the pipe of peace ?—Ed. Advance.]

Wednesday of last week Fred Davidson, of Toronto, an employee of Cole & Bryson, of Owen Sound, contractors, at the new dam of the Dufferin Light and Power Co. east of Horning's Mills was caught by the caving in of an embankment and had his thigh broken. He was taken to Owen Sound hospital and will have to spend six or eight weeks in bed before he will be able to be about again.—Economist.

Wm. McKenna was killed by lightning while milking at his barn at Wolf Island, near Kingston.

Miss Mabel Carr of Toronto is visiting her mother here at present.

Miss Maggie Wilson is spending a week with her aunt, Mrs. Reed, at Singhampton.

Mr. and Mrs. S. Osborne and daughter Ida visited at Mr. Munshaw's on the 12th.

Messrs. Nelson Patterson and Edmund Schofield of Toronto, H. Smith of Flesherton and two other gentlemen drove over in their auto on a fishing expedition. Their chauffeur took Mrs. Woodburn and Mrs. Jake Williams and family for an auto ride, which they very much enjoyed.

The 12th was celebrated here by the Orangemen and their visiting friends in a right royal manner. The beautiful grounds around the falls were well filled with visitors and the "lovers' walk" was well patronized. As this is leap year, we hope to hear of good results. In the evening a few friends gathered and spent a pleasant evening at Fair View Villa.

Our Eugenia boys have organized a baseball club with officers as follows: Jack Cairns, Chairman; President, P. Munshaw; Vice-President, H. Cairns; Sec.-Treas., Card Graham; Capt., Jack Cairns; Committee — Jack Campbell, Wes. Cooey, Fred Jamieson, George Hyslop, Jake Williams.

Dundalk

The survey party, from the Engineer's Department of the C. P. R., which has been working up this line, is now stationed at Dundalk. Their report will have to do with contemplated improvement in the levels and curves on this branch. Their work will be deemed successful if a better road bed is the result. The party have three or four cars, including culinary, dining, sleeping and working compartments.

A letter from Mr. R. C. Howell, of Rosetown, Sask., intimates that his homestead was in the track of the recent cyclone. He had a thrilling experience in battling the storm. He had to barricade his doors and windows to keep the storm from getting a hold on house. After the storm was over he found a steel granary on his premises which had been carried two miles. He considers himself lucky in saving his house.

We are glad to report that Miss Nathalie Grier, whes name was in the list of missing after the cyclone disaster is alright according to a Regina paper. It is supposed that as a nurse her professional duties were soon in demand among the injured and that she hadn't time to report her wereabouts to her boarding place. Hence her name got into the "missing" list.—Herald.

Monday, August 5, will be Durham's civic holiday.

Ceylon

Miss Sharp, milliner at J. Pattison's, left a week ago for her home in Toronto.

French Dry Cleaning

We have put in a French Dry Cleaning Plant and are prepared to do this work on short notice and at reasonable prices.

A method introduced by the French for the purpose of cleaning the finest as well as the heavier garments worn, such as wool, felt, linen, cotton, leather, gloves, fur, feathers, straw, lace and waterproof goods without washing or shrinking them so as not to get them out of shape or fade the most delicate fabric trimming.

The fact is well known that a garment of silk or wool, if steam cleaned or washed, can never be pressed into shape, and it takes all the oil out of the wool; so that goods will never wear or look as well again besides shrinking the goods.

Therefore, figuring the small extra expense of Dry Cleaning, no no one can afford to take chances of having their work done otherwise.

Many household articles, such as curtains, table covers, drapes, etc, that would be utterly ruined if washed, can be dry Cleaned, thus restoring them to their former beauty and usefulness and will not cause them to fade or the colors to run.

The Dry Cleaning Process prevents the carrying of contagious diseases on garments thus treated; it is also a disinfectant and moth preventive.
