The Liverpool Banquet.

London, Oct. 23.

The Times comments favourably on the banquet at Liverpool. It says that Mr. Johnson's speeches, so unreserved and earnest, show a desire for practical peace-making. The ministers on both sides seem anxious to settle pending questions—Mr. Seward, because he held office when the difficulties arose, and may not desire to leave them to a successor to treat in a manner which he might reject, and Lord Stanley, because he has so far been most successful in his policy, and he must wish when he retires from office to know that has done a work by common consent allowed to be the most difficult of accomplishments which he has had placed before him.

New York, Oct. 24.

The Herald's London special says in response to the invitation for the banquet in Liverpool a number of persons excused themselves to the committee and did not attend as Mr. Laird, M.P., one of the firm which built the Alabama, was asked to be present. Considerable friendly pressure had been exercised on Mr. Laird to induce him to decline attendance, but he firmly refused. At the very height of the festive rejoicing and towards the close, and apparently as a climax to the banqueting the chairman introduced Mr. Laird personally to Mr. Johnson. The two distinguished personages on this grasped hands firmly and shook hands cordially. They still retained hold one of the hand of the other while exchanging some words, intended to be private between them.

Death of Dr. Parker.

THE SEAT FOR CENTRE WELLINGTON VACANT.

We regret deeply to learn that Dr. Thomas Parker, of Guelph, M. P. for Centre Wellington, died on Saturday. He received the injuries which have terminated fatally, on the evening of Sunday the 18th instant. He had been called professionally to Rockwood, and being anxious to return to Guelph that night, started to walk home on the railway track. He had walked about a mile when he fell through a bridge about fifteen feet high, fracturing his thigh and receiving some bruises besides. After remaining there for seven hours he was discovered by a man going to his work in the morning, and carried to the nearest house. During the day, (Monday) he was taken to Guelph and the fracture in his thigh was reduced by Drs. Hewitt and Herod. His sufferings had reduced him very low; but hopes were entertained of his recovery until Friday morning when he took an unfavourable turn. Symptoms of an internal ailment began to develope themselves, and on the day following he died.—Globe.

FROM QUEBEC.

The Removal of Troops.

Quebec, Oct. 24.

It is now reported that H. M's. S. "Constance" will take one wing of the 16th to Halifax. Capt. Burgoyne is expected back to-morrow. The 100th Regiment will embark on the "Moravian" this week for the same destination.

The ship-building prospect is expected to be better than last winter. One yard is to build a mixed vessel, half wood and half iron.

A public meeting was held at St. Germain de Rimouski on the 19th, to consider the best means to aid colonization.

A stormy meeting of the City Council was held last evening. Mutual recrimination was freely indulged in, and the attempt of the Mayor to preserve order was treated with perfect indifference.

The annual agricultural exhibitions for the county of Montmorenci and Quebec terminated yesterday. There was a marked improvement over last year.

Another Railway Horror.

TRAIN THROWN OFF—TWO PERSONS KILLED—FORTY INJURED.

ALBANY, Oct 24.—A Hudson River train was thrown off the track about three miles below Greenbush, smashing the smoking car and two passenger cars to atoms, injuring about forty passengers. A lady passenger from Erie, Pa., was killed outright; John Dawson, of Lyons, N.Y., died at the Delevan House this morning.

SOME DUCKS.—The Montreal Gazette may well say that the Bay of Quinte is the spot for sport. Two of our townsmen, Messrs. Thos. Evans and John W. Diamond, brought in yesterday 121 Ducks, 25 brace of Snipe, and 60 Plovers, as the result of four days' sporting. The game was procured in Hay Bay and vicinity.—Belleville Intelligencer.

NEWS OF THE DAY.

TUESDAY MORNING, OCT. 27, 1868.

LA CROSSE.—A very exciting match in this popular game was played on Saturday afternoon last between the Clubs of Wellington and Queen street Common Schools on the Drill Shhd grounds. The ball was faced at half past two, by Galloway and Carson, the respective captains, and after a spirited resistance in defence of their goal by Queen street, the game was won by their opponents by a good ground throw from Sherwood. The second game was as hotly contested as the first, the superior play of the Wellington street, however, forcing Queen street to play on the defensive through out, until, at length, by a fine swift throw, the ball was shot through the goal by Galloway for Wellington street. The third game resulted precisely as the second, though in much less time, Wellington street handsomely winning the three straight games in 28, 30 and 4 minutes respectively.

SONS OF TEMPERANCE.—The session of the Grand Division of Sons of Temperance opens to-day, and not yesterday as announced. The delegates will meet at the Court House this afternoon at two o'clock. This evening the public meeting at which so many distinguished preachers are to be present, will be held in the City Hall.

THE FOURTH ESTATE.—Newspaper enterprise is still on the ascendant in Toronto. The Globe Printing Company have just begun the publication of an Evening Edition to be sold at one cent a copy—like the Montreal Witness. The Daily Telegraph and Leader still publish evening editions, the latter also printing one specially for county readers.

LA CROSSE.—The Butchers' La Crosse Club of Kingston challenged the Pittsburg Club some days ago to play a friendly match, but up to the present the challenge remains unanswered. It is to be hoped the a match between these strong Clubs will be played before the season closes.

POLICE COURT, Monday.—Three drunks showed the light of their countenances at the bar this morning, but in consideration of their being casual offenders, who had suffered from bad company and the effects of worse forty'jod, they were discharged.

HEALTH RESTORED FOR A DOLLAR.—A sergeant in the 125th Regiment, N. Y. S. V., discharged in August, 1864, as "affected with incurable Liver Disease," writes to Radway & Co., from Elmira, N. Y., under date June 16th, 1867, that he "has been entirely cured by four boxes of Regulating Pills, at the cost of one dollar, after spending two hundred and sixty dollars on advice and medicine, to no purpose." Comment is unnecessary.

Price 25 cents per box, coated with sweet gum, free from taste. Sold by Druggists. 253

When complexion is pale or wax-like, it denotes poverty of the blood, a set of organs incapable of supporting the body for a long time, and a body incapable of performing its duties with vigor.

In order for its healthy development, and to keep in healthy condition any organ, the blood must be properly constituted.

The Lungs must be in good order. Fellows' Compound Syrup will cause a salutary action of the Mucous Membrane, promote Tonic Expectoration, and give tone to the Pectoral Muscles.

The Liver, Stomach and Heart must be in good order. Fellow's Compound Syrup strengthens all the voluntary and involuntary muscles, assists Digestion, aids in forming Pure Blood, and gives strength to the organs which convey it to the Lungs where it undergoes the necessary oxidation.

The nervous system must be in good order. Fellow's Compound Syrup strengthens the Nerves and restores the vital principle to the Brain, which is being expended by every thought and action of the body.

BLOOD TELLS.—Pure, rich, strong blood makes healthy flesh and fibre. When the blood is pure the system is free from disease, and the surface free from sores and skin eruptions. Dr. Radway's Sarsaparillian makes the purest and best, strongest and richest blood, that ever circulated through the veins of man, woman or child. If the blood is deficient in either of its natural constituents, a few doses of Radway's Sarsaparillian will supply the deficiency. Some men have more courage, endurance, and superior physical power than others. The secret of this is in the blood, and that which will supply the blood with nourishment, strength and purity, will develope in the physical organization those qualities that are present in a healthy body.

RADWAY'S SARSAPARILLIAN RESOLVENT cures the worst diseases that ever disfigured the tabernacle of the flesh, and its effects are experienced so quick, that every day the patient realizes some new change that fills with hope of a final cure, and every day he sees and feels the disease departing from him. No wonder either; for this great remedy is prepared for the best species of Sarsaparillian, Pareria Brava, Fuci, and other roots of rare excellence, that are gathered in their proper season by agents of intelligence under the exclusive pay of Dr. Radway, so that not one atom of impure or spurious substance is mixed with these roots. You feel at once the strengthening power of Radway's Sarsaparillian Resolvent, and in a few days those who are annoyed with Blotches, Sores, Eruptions, Pustules, Tetters, &c., on the surface of the body, will see them disappear and the skin become clear and beautiful.

Those afflicted with Chronic disease—such as Fever Sores, Scrofula, Syphilis, Salt Rheum, and the several species of Skin diseases—will feel better in health, and receive, by its wonderful effects on the system, assurances of a cure. Those suffering with Kidney, Bladder, Uterine complaints, with Gravel, Diabetes, Brick Dust deposits in the urine, and pain when discharging water, will derive quick benefit.

In Consumption, Asthma, Bad Coughs, Bronchitis, it affords immediate relief, and has made astonishing cures. As an evidence of the importance of young children using this remedy, if they have been sick with Measles, Scarlet Fever, Erysipelas, Smallpox, Varioloid, &c. where the disease has been smothered only, and not fully cured, we publish the following letter. In all cases where parents know that in their bodies lay some hidden taint,—as Scrofula, Consumption, Dropsy, or any other Family Complaint,—Radway's Sarsaparillian should be given to the child; this will exterminate the virus of the disease from the blood of the child. Think of this, parents! and start your children with a good constitution to begin with.

[PROV.]

Russell, Ont., Sept. 28, 1868.

DR. J. RADWAY,—

Dear Sir:—I herewith send you a voluntary statement regarding the case of my son. He will be, if he lives until November next, five years of age. From his birth he has been a sickly, and in every way delicate child. When a year and a half of age he had an attack of measles, and since then he has suffered from a cutaneous eruption of a very severe type. His face, neck, arms and head were completely enveloped with disagreeable sores and with sores in the head, which at times, destroyed his hearing, and caused us to despair of his life. The sores or eruptions first appeared in bright red spots like burns, and then, after a time blistered and became running sores. I tried several physicians of high repute, and numerous proprietary and other preparations highly recommended for cutaneous disease, but the little sufferer continued to grow worse.

I was induced to try your Sarsaparillian Resolvent, but without the slightest hope of the benefit of my child, but to my surprise, he speedily recovered under its use. I first commenced administering it in very small doses, half teaspoonful three times a day, and after using one bottle, to my surprise and pleasure, he was perfectly cured.

I cheerfully recommend it to others afflicted with disease of a similar nature, knowing its efficacy by actual observation.

Your humble servant,
NATH HELMER,

Sold at 439 St. Paul Street, Montreal. Six bottles for $5 will be sent by express.

HALL'S Vegetable Sicilian Hair Renewer

Has stood the test of seven years before the public; and no preparation for the hair has yet been discovered that will produce the same beneficial results. It is an entirely new scientific discovery, combining many of the most powerful and restorative agents in the VEGETABLE KINGDOM. *It restores* GRAY HAIR TO ITS ORIGINAL YOUTHFUL COLOR. *It makes the scalp white and clean; cures dandruff and humors, and falling out of the hair; and will make it grow upon bald heads, except in very aged persons, as it furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft, and glossy, and is unsurpassed as a HAIR DRESSING. It is the cheapest preparation ever offered to the public, as one bottle will accomplish more and last longer than three bottles of any other preparation.*

It is recommended and used by the First Medical Authority.

The wonderful results produced by our Sicilian Hair Renewer have induced many to manufacture preparations for the Hair, under various names; and, in order to induce the trade and the public to purchase their compounds, they have resorted to falsehood, by claiming they were former partners, or had some connection with our Mr. Hall, and their preparation was similar to ours. Do not be deceived by them. Purchase the original: it has never yet been equalled. Our Treatise on the Hair, with certificates, sent free by mail. See that each bottle has our private Revenue Stamp over the top of the bottle. All others are imitations.

The Saturday Evening Post,

Enlarged and Beautified.

THIS "oldest and best of the Literary Weeklies," has recently ENLARGED AND BEAUTIFIED. It is weekly embellished with Engravings—and its NOVELETS, STORIES, SKETCHES, &c., are not surpassed.

It has just commenced two splendid Novelets—"The Queen of the Savannah, by Gustave Aimard; and "St. George and the Dragon," a Novel of Society, by Elizabeth Prescott, the author of "How a Woman Had Her Way", &c.

New Novelets will continually succeed each other. Among those already on hand, or in progress, are, "The Mystery of the Heath," a powerful story by Mrs. Hosmer; and "Cut Adrift, for The Tide of Fate," by Amanda M. Douglas.

The Post also gives the Gems of the English Magazines.

A copy of the Large and Beautiful Premium Steel Engraving—"The Song of Home at Sea"—engraved expressly for our readers, at a cost for the Engraving alone of nearly $1000—will be sent (post-paid) to every full ($2.50) subscriber, and to every person sending in a club! This is a truly beautiful engraving!

To New Subscribers.—Mark!—New subscribers for 1868 will have their subscriptions dated back to the paper of September 19th, until the large extra edition of that date is exhausted. In that paper we commenced to Novelets—"The Queen of the Savannah," and "St. George and the Dragon." This will be Fifteen Papers in addition to the regular weekly numbers for 1868—or nearly Sixteen months in all! When our extra edition is exhausted, the names of all new subscribers for 1868 will be entered on our list the very week they are received. Of course those who send in their names the earliest will get the greatest number of extra papers.

Owing to the unusually liberal character of this offer, we shall be compelled to adhere strictly to its terms.
